7. FAIR AND REASONABLE COST DETERMINATION:

The Contracting Officer has determined that the anticipated price will be determined to be fair and reasonable. A Price Negotiation Memorandum (PNM) will detail how the Government has determined that the anticipated costs will be fair and reasonable. As this item has been determined to be commercial, cost or pricing data will not be required. Pricing techniques such as are described in FAR 15.404-1(b)(2), will be used to establish price fairness and reasonableness.

8. MARKET RESEARCH:

Based on review of the written justification documentation provided by the customer, internet research and communication with the manufacturer; it was determined that the product offerings (Form and Function) are unique to Microdex.
