

**DEPARTMENT OF VETERANS AFFAIRS
JUSTIFICATION AND APPROVAL
FOR
OTHER THAN FULL AND OPEN COMPETITION**

1. **Contracting Activity:** Department of Veterans Affairs (VA)
Network 23 Contracting Office (NCO 23)
708 3rd Street, Suite 200
Minneapolis, MN 55415
2237: #568-14-1-3211-0002

2. **Nature and/or Description of the Action Being Processed:**

The proposed acquisition is for a five-month short term bridge Indefinite Delivery, Indefinite Quantity (IDIQ) type contract to provide Community Based Outreach Clinic (CBOC) Primary Care services to the approximate 1358 Veterans currently enrolled by the Linn Medical Clinic CBOC. The government anticipates issuing a long-term solicitation within this time period, which will be issued competitively. This 5-month contract will be awarded to the Linn Medical Clinic, Pierre SD as sole source procurement to continue services during the solicitation time period.

3. **Description of Supplies/Services Required to Meet the Agencies Needs:**

The proposed acquisition is to provide CBOC Primary Care services to the approximate 1358 Veterans currently enrolled by Linn Medical Clinic CBOC. The estimated cost for this acquisition is \$475,000.00. The period of performance for this contract will be October 1, 2013 through February 28, 2014. Without the contracted services, the required medical care cannot be provided in the Pierre, SD area.

The Government estimate was prepared based on historical data. The expired contract was also issued as a bridge sole source contract and awarded to Linn Medical Clinic, Pierre SD for required CBOC Outpatient Primary Care services.

4. **Statutory Authority Permitting Other than Full and Open Competition:**

The statutory authority permitting other than full and open competition is 41 U.S.C.253(c) (2) as implemented by the Federal Acquisition Regulation (FAR) Subpart 6.302-2 entitled "Unusual and Compelling Urgency."

5. **Demonstrate that the Contractors Unique Qualifications or Nature of the Acquisition Requires the Use of the Authority Cited Above:**

It is our intent to negotiate and award a short-term contract for 5 months to ensure no break in services while the follow-on long term contract is being solicited. This contract is necessary to ensure continuity of direct patient care for Veteran patients. Linn Medical Clinic currently manages and provides CBOC Outpatient Primary Care services for the VA Black Hills Health Care System. Clinic staff sees numerous VA patients per day, performing outpatient primary care services. A disruption in medical services would cause delays in medical care to VA patients of up to six months as they are integrated into commercial clinics, and result in a substantial increase in costs to the government from referring Veteran patients to commercial clinics and hospitals on a fee basis. Maintaining these services ensures CBOC Outpatient Primary Care Services for the VA Black Hills Health Care System for beneficiaries residing in this rural area. Therefore, Linn Medical Clinic is the only firm capable of providing the referenced services described in section 3 above without the Veterans Health Administration experiencing unacceptable delays in fulfilling its requirements.

6. Description of Efforts Made to ensure that offers are solicited from as many potential sources as deemed practicable

This short-term bridge contract will be conducted as sole source procurement with the incumbent contractor as this will prevent a break in care for our VA served Veterans residing in the Pierre SD area. The long-term contract will be a procurement using full and open competition procedures in accordance with FAR Part 15, Contracting by Negotiation and FAR Part 12, Acquisition of Commercial Items and under the authority of U.S.C. Code 8153.

7. Determination by the Contracting Officer that the Anticipated Cost to the Government will be Fair and Reasonable:

Fair and reasonable pricing will be determined in accordance with FAR 15.404-2. Pricing will be evaluated to be fair and reasonable based on a comparison to the Independent Government Cost Estimate, which is based on historical data of similar procurements.

8. Description of the Market Research Conducted and the Results or a Statement of the Reasons Market Research Was Not Conducted:

No market research was performed as this request is of an Urgent and Compelling nature and the incumbent contractor is the only source that can provide these services during this 5-month contract period.

9. Any Other Facts Supporting the Use of Other than full and Open Competition:

The required service specified in the Performance Work Statement is fulfilled by using the incumbent contractor to prevent interruption of services to Veteran patients.

10. Listing of Sources that Expressed in Writing, an interest in the Acquisition:

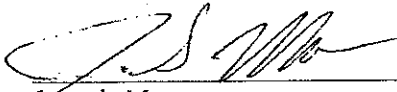

Not Applicable

11. A Statement of the Action, if Any, the Agency May Take to Remove or Overcome any Barriers to Competition Before Making Subsequent Acquisitions for the Supplies or Services required:

The Government intends to solicit a long-term contract to meet this requirement in the next 5-months utilizing full and open competition procedures.

12. Requirements Certification:

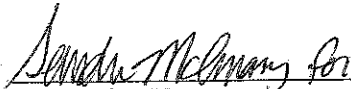

I certify that the requirement outlined in this Justification is a Bona Fide urgent need of the Department of Veterans Affairs and that the supporting data under my cognizance, which are included in the justification are accurate and complete to the best of my knowledge and belief.

Jeremie Moore
CBOC Coordinator
