

VA RESPONSES TO REQUEST FOR INFORMATION (RFI)

RFI No. 1: We have an AZROC license, is this acceptable for submission to comply with this requirement?

VA Response to RFI No. 1: VA will accept all State licenses **from the SDVOSB Prime.** Section 9. BID Contents, Para C. "Contractor License" – All Bidders shall submit a current Copy of ***General Contractors License from the SDVOSB Prime.***

RFI No. 2: Per the 1442, it is requesting 1 original sealed offer and 1 CD for submission to Owner. We anticipate on receiving subcontractor bids up until the last minutes before the bid is due. That will make it impossible to generate a CD to submit with original offer. Could we overnight the CD within 24 hours of bid time? Or could you please reconsider the CD submission?

VA Response to RFI No. 2: VA will accept 1 original and 1 duplicate copy of the Contractor sealed bid.

RFI No. 3: On drawing sheet AS-101, it's calling for a Government supplied temporary generator on drawing sheet ED-101, it's calling for the Contractor to provide a temporary generator for the duration of the project? Please clarify.

VA Response to RFI No. 3: The existing temporary generator will continue operating. It will only be removed when the new emergency is installed and fully functional. The contractor need not provide a temporary generator.
