Drager Medical Medical has proprietary rights to OEM parts and diagnostic software for this equipment. Only Doctors Oxygen Service, Inc. is authorized to perform on their anesthesia equipment. This requirement affects patient care if these anesthesia units are not serviced immediately. The continuous downtimes of the Draege-Fabius Anesthesia units will have a critical impact on surgical care for our veterans.

6. Describe your market research efforts and efforts to ensure that offers are solicited from as many potential sources as is practicable:

Market research indicates that Drager Medical Medical has proprietary rights to OEM parts and diagnostic software for this equipment.

Intent to sole source was released on January 16, 2014 on FBO.gov and closed on January 21, 2014 with no one responding to the posting.

7. State why you feel that the anticipated cost to the Government will be fair and reasonable:

[REDACTED]

At a minimum a price analysis to determine whether the price is fair and reasonable will be conducted. If a determination cannot be made even after obtaining additional information from sources other than the offeror, the contractor will be required to submit information other than cost or pricing data to support further analysis.

[REDACTED]

8. **Other:** In the event of future requirements, market research will be conducted for potential contractors that are authorized to perform maintenance on Draeger Anesthesia units.

9. **Certifications:**

I hereby certify that the data provided above is accurate and complete to the best of my knowledge and belief.
