Question(s) is/are on the solicitation []

Question(s) is/are on the drawings, specifications, technical data [] RFI-1; Sheet A300,
RFI-2; Sheet A200

Company Name and Offeror: SF&A

From (person submitting question): Rick Gomez, PM

Date of Proposal Inquiry: 03-13-14

Phone Number: 559-213-0050

Proposal Inquiry: (Type inquiry below)

Proposal RFI #1 – Plans call for Debris Chute to be made out of Plywood.
Due to material to be removed, the Plywood chute may not hold.
Can Contractor propose other material for the debris chute.

Proposal RFI #2 – Plans call for 9" Concrete walls to demo, due to weight of
the concrete debris falling 7 plus stories, the chute and
trash bin will be damaged. Can the contractor use the service
elevator for these materials and other material that will not fit
in the debris chute?

#1: Alternate chute lining materials may be proposed for approval prior to bid. Approval of substitutions after the bid are at discretion of architect/engineer and owner.

#2: Use of an conditions of use of the service elevator is at discretion of owner. If not granted, such materials may have to be lifted from demo area to ground.

-Dana Stahl, Teter, 3/19/14

#2: service elevator may not be used for the disposal of debris.
-James Everett, VA, 3/19/2014
