|   | <b>PWS/BRD Reference</b> | <b>Question</b>                                                                                                                                                                                                                                                           | <b>Answer</b>                                                                                          |
|---|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------|
| 1 |                          | Is there a secure cloud and hosting service requirement                                                                                                                                                                                                                   | Currently, there is no requirement for secure cloud hosting / or software as a service.                |
| 2 | BRD pages 15 and 19-22   | <p>The flowcharts in Appendices “E” through “H” in the Automated Billing System (ABS) Business Requirements Document (BDR) v0.9, are not readable due to the small font size.</p> <p>Would it be possible to get those Appendices in a larger / more readable format?</p> | See attachments 1-3.                                                                                   |
| 3 |                          | Is this procurement expected to be awarded under the T4 Contract?                                                                                                                                                                                                         | The purpose of the RFI is to determine which procurement vehicle would be best suited for this effort. |
| 4 |                          | Can contractors that are not T4 Prime contract holders respond to this RFI?                                                                                                                                                                                               | Yes                                                                                                    |
| 5 |                          | Please clarify if Rough Order of Magnitude is requested for base year (pilot) or including all option years (for all sites)?                                                                                                                                              | The Rough Order of Magnitude is requested for the base and option periods.                             |
| 6 |                          | <p>Can you please send the solicitation in Word format?</p> <p>I would like to respond specifically to the requirements section and we are unable to copy these areas into a spreadsheet.</p>                                                                             | The documents will not be converted to a word document.                                                |
