E.4 52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a Firm Fixed Price delivery order resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and technical factors considered. The following factors shall be used to evaluate offers:

Subject to the provisions contained herein, award will be made to one (1) Offeror who is deemed responsible in accordance with the Federal Acquisition Regulation and the VAAR who conforms to the solicitation requirements; and whose quote, judged by an overall assessment of the evaluation criteria specified in this solicitation meeting the technical specifications and providing the lowest cost, thus providing the best value to the government.

An evaluation for acceptability will be performed on the quote in accordance with FAR 13.106-2(b). The quote that provides the lowest cost and is otherwise meeting the technical specifications in all factors will be selected for award. To be considered technically acceptable, no technical factor in the quote may be determined to be unacceptable. The failure of a quote to meet all of the requirements under any factor will result in a technically unacceptable rating and preclude award. In order for a quote to be considered technically-acceptable, quotes provided must offer the performance characteristics listed in Section B.2 PRICE / COST SCHEDULE of this solicitation. The Government will evaluate quotes as follows. The quote will be evaluated by a Technical Evaluation Team. If any factor is determined "Non responsive" by a team member, the evaluator will fully disclose the issue(s) to the other evaluators of the technical evaluation team. The other members of the technical evaluation team will then review the individual adverse assessment.

The Government will conduct a price analysis of overall prices. Should no quote be evaluated technically acceptable, the quotes will be re-evaluated as to which quotes represent the best value to the Government.

Technical:

Material omission(s) may cause the technical quote to be rejected as unacceptable.

Quotes which are generic, vague, or lacking in detail shall be considered unacceptable. The Offeror's failure to include information that the Government has indicated should be included may result in the quote being found deficient if inadequate detail is provided.

The Government cannot make award based on a deficient offer. Therefore, receipt of a "Non responsive" determination of acceptability for any factor will make the offer ineligible for award, unless the Government elects to enter into some form of dialog with that Offeror and all deficiencies are remedied in a revised quote.

Price:

Price will be evaluated and considered but will not be scored or combined with other aspects of the quote evaluation. The proposed prices will be analyzed for reasonableness. They will also be analyzed to determine whether they are realistic for the work to be performed, reflect a clear understanding of the requirements, and are consistent with the information provided by the Offeror. Quotes must include pricing for each line item listed in order for quotes to be properly evaluated. Failure to do so shall be cause for rejection of the entire quote. FOB Destination pricing for zip code 32803. The otherwise technically-acceptable lowest-cost offeror may be required to confirm/validate its price on a Contract Line Item Number (CLIN), element, or total price basis, and/or provide additional information in support of their price, prior to contract award at the Government's request and discretion. Award will be made on an all or none basis to the responsive, responsible offeror whose offer best meets the criteria above. Period of Performance shall begin on April 1, 2014.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. (h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
