

## **SCOPE OF WORK**

Project Title: Auditorium Audio/Video System Installation

Contractor shall provide all supervision, equipment, installation and labor to fully design and install an Audio/Video Presentation System in the Veterans Affairs Campus Auditorium located at Building #3, Sam Rayburn Memorial Veterans Center, 1201 E. 9th Street, Bonham, Texas, 75418.

This project will engage Multi-Media System engineering and design, technical planning, installation and project management. Contractor must possess a minimum of three years of Audio/Video Presentation System design/installation experience; work experience in a hospital environment is preferred. Contractor must verify existing field conditions.

Scope of work considerations include, but not limited to: (1) A/V Presentation System installation design, layout and schematics sufficiently sized for a 4,000 Square Foot (approx.) Auditorium space with theater seating. (2) Installation work schedule and timeline submittal for approval. (3) DVD Blue Ray Player, 1080p with 3D Capability. (4) HD Hi-Definition 1080p+ Projector. (5) A minimum of six each, Wide-Range, Commercial Grade Cinema Surround Sound Speakers. (6) Audio Processing and Amplification System equipment. (7) Projection screen is not included in scope; user to provide for contractor installation. (8) Install all necessary mounting hardware, cabling and connectors to ensure a completed and fully operational end product.

Safety and ICRA requirements: Contractor's superintendent is required to have a 30 day OSHA training card and all workers must have 10 hour card. Work is expected at elevated conditions.

IT Security statement: This project has been determined to be low security risk to the US Department of Veterans Affairs. Certification and authorization requirements do not apply and security accreditation is not required.

Work must not interfere with operation of the facility. Contractor must carry out all installation and related works in a presentable and aesthetically acceptable manner. All work is expected to complete during normal working hours, Monday – Friday, 7:30am – 5:00pm, and will be subject to acceptance by the Contracting Officer Representative (COR). This project must be completed within 30 days of issued Notice to Proceed (NTP). All work will be accomplished in accordance with local, state building codes, VA and industry standards and practices. All VA Technical Information Library (TIL) requirements are to be followed, see site [www.cfm.va.gov/TIL/spec.asp](http://www.cfm.va.gov/TIL/spec.asp)
