

RFI SIEM Solution – Question & Answer 2

What is the total amount of monitored data that will be ingested daily? We need this in order to properly scope and price this engagement.

Performance requirements defined in multiple locations of the PWS, to include 5.4.1.4, 5.4.1.5, 5.4.1.6, 5.4.1.9 and 5.4.1.10 should be used to scope and price your proposed solution.
