MILWAUKEE, WI 53214

2. Purchase Request Number: 695-14-3-339-0016

3. Authority for Action:

☒ FAR 13.106-1(b), Soliciting from a Single Source

4. Describe the supply or service to be acquired and the total estimated dollar value:

Olympus Flexible Fiberoptic Ureteroscope (4 each) Part# URF-P6. \$50,000.00

5. List the proposed contractor (name, contact, and phone number) and describe the unique knowledge or capabilities of the proposed contractor: The Milwaukee VAMC currently uses Olympus light sources, video processors and camera systems in the OR and GU clinics. These scopes will replace outdated scopes that can no longer be sterilized in the SPS department.

6. Describe your market research efforts and efforts to ensure that offers are solicited from as many potential sources as is practicable: A search of Unicor and Ability one for Olympus scopes yielded no results. A search of GSA advantage for these scopes confirmed Olympus as the only manufacturer and distributor of these types of scopes.

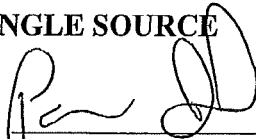

7. State why you feel that the anticipated cost to the Government will be fair and reasonable: Using another brand of scope would require purchasing new light sources, video processors, and camera systems that are compatible with that brand of scope, incurring significant cost to the VA.

8. Other: N/A

I hereby certify that the data provided above is accurate and complete to the best of my knowledge and belief.
