Limbs

1. Nature and/or Description of the Action Being Approved:

The J&A is to support the award of a contract or purchase order on a sole source basis for the purchase of a prosthetic limb component from a single source per medical determination of need.

2. Description of Supplies/Services Required to Meet the Agency's Needs:

Prosthetic limb components are specified by the clinical team to meet the unique and comprehensive needs of each Veteran with amputation.

3. Statutory Authority Permitting Other than Full and Open Competition: Include narrative for ONLY ONE item below.

Toggle check box selections to add or remove narrative text in 4 below.

- Urgent or compelling request for prosthetic appliance or sensory aid from an **FSS** Vendor per [FAR 8.405-6\(a\)\(1\)\(i\)\(A\)](#)
- Sole Source request for prosthetic appliance or sensory aid from an **FSS** Vendor per [FAR 8.405-6\(a\)\(1\)\(i\)\(B\)](#)
- Single Source (only one responsible source and no other supplies or services will satisfy the requested prosthetic item/sensory aid), per [FAR 13.106-1\(b\)\(1\)](#).
- Urgency (emergency request for prosthetic item/sensory aid where delay in the award would cause patient harm and there is medical justification to support the need) per [FAR 13.106-1\(b\)\(1\)](#).
- Exception to Fair Opportunity per [FAR 16.505\(b\)\(2\)\(i\)\(B\)](#). This language applies to, and is contained in, the National Contracts for Pacemaker/ICD/Implantable Loop Recorders awarded by the NAC.

4. Demonstration that the Contractor's Unique Qualifications or Nature of the Procurement Requires the Use of the Authority Cited Above (Applicability of Authority):

The prosthetic item/sensory aid is not available for purchase on an existing contract and will be purchased on an open-market basis because the patient's medical need cannot be met through the use of a required source of supply or service and there is medical justification to support the need. The specific product described above has been determined by the physician to be the best product to treat the Veteran patient's medical condition and functional limitations.
