

**REQUEST FOR INFORMATION (RFI)
VA-251-14-B-0054**

PROJECT NUMBER:	553-303a	Please ensure that before submitting questions or requests for clarification that you thoroughly read the solicitation, specifications, drawings and other pertinent documents. When submitting questions on this project the Government requires contractors to specifically identify the specification and/or solicitation section(s) or drawing number(s) in reference to the question or request for clarification submitted. No question or request for clarification will be answered by the Government unless the above requirements are met. Failure to comply may prevent the Government from responding in a timely manner.

RFI NO.: 002	DATE: 8/1/14	SPEC/DWG. REFERENCE:
REPLY NEEDED BY:		

INFORMATION NEEDED:

1. Will there be 2 phases for the asphalt paving/curb work? I see phase 2 showing emergency (ambulance) driveway, but not sure if the parking lot and part of the circle drive will be in the last phase (phase 4?).
2. When would be the anticipated start for the asphalt paving/curbs in each of the phase(s)?
3. Will sealcoating of the newly paved areas be required?

Please Advise.

REPLY:

1. Yes there will be at least two (2) phases for the asphalt paving and curb work. (See Note 1. On Plan Sheet G-200, indicating that the Contractor is responsible for phasing and the plan is for "Phasing intent purposes only".
2. The anticipated start for the asphalt paving/curbs in each phase would be determined based on the overall operations and the contractor's means and methods of construction.
3. Sealcoating is not required on the newly paved areas.
