RFI NO.:	DATE: 8/8/14	SPEC/DWG. REFERENCE:
REPLY NEEDED BY:		

**INFORMATION NEEDED:**  
 1) PER 321216 - 3.6, PLEASE CONFIRM WHAT IS TO RECEIVE SEAL COAT?  
 2) PLEASE VERIFY IF PAVING WILL ~~BE~~ BE COMPLETED IN ONE OR TWO PHASES. (CALL IN PHASE 2, OR 2+4)

**REPLY:**

- Sealcoating is not required on the newly paved areas
- Yes, there will be at least two (2) phases for the asphalt paving and curb work. The parking lot is shown as a construction staging area for the project and would benefit the contractor to complete the parking lot as a last item of work to avoid potential damage to the finished product. The circle drive work can be done in phase one (1) if this work does not interfere with other portions of the contractor's work, and his means and methods.
