

\*\*\*\*\*IMPORTANT NOTICE \*\*\*\*\*  
FedBizopps Solicitation VA256-14-Q-1349

Amendment A00001 & A00002 noted Cutoff dates for questions and posted Q&A respectively.

Cutoff date for questions were on (Tuesday) 08/19/2014 2:00PM CST; Quotes are due Friday 08/22/2014 2:00PM CST.

After speaking with the Electrical Engineer, the fire pump (Unit #7-John Deere- 160 hp 1500 gallons per minute) is old and painted over, the model & serial number is not available.

As regarding serial numbers in general, they are not need to maintain or perform the PM on the Unit. The SOW in the solicitation does list the manufacture and serial # for units 1-4

No other consideration will be given.

If you wish to visit and look over the generators between NOW (08/20/2014)and (08/22/14-11:00 AM CST) you permitted to do so, with the following restrains:

- Call first- POC: Mr. Scott Harris-405-456-1077
- NO Visits after 3:00 PM

If you still interested in providing a quote, please provide your quote along with a signed copy of ALL amendments on or before Friday 08/22/2014 2:00 PM CST.

The government needs to expedite establishing this contract for PMs on the generators without any other delays.
