

BID REQUEST FOR INFORMATION (RFI) FORM

SOLICITATION: VA261-14-B-0740_Bldg. 9, 10, 13 Seismic and Construct Bldg. 22

RFI #1 – Cannot access the drawings.

The VA FTA site was down, all the drawings have since been posted to FBO.Gov.

RFI #2 – Missing drawings: C210, C302, A300, A301, A480, A490, SF-101B, SF-102, SF-102B. The following additional drawings not listed in the Drawing Index S-001A, S-002, SB-100, SB-100A

All drawings have been posted to FBO.

RFI #3 - Do not see any drawings for the work to be performed at Bldg. 13.

There are drawings related to Building 13, see amendment 4.

RFI#4 - In the scope of work you state that there is Demolition included however in the table of contents it only states Earthwork, can you please clarify where and what type of demo is required.

Demolition of existing utilities, the existing handicap ramps, demolition/removal of trees and demolition areas within Bldg. 9 and 10 are what were included in the demolition terminology in the scope. Please ensure all required demolition to have a successful project are included in your proposal. A site visit was conducted and all question pertaining to the site should be asked now for clarification, as all pre-existing items at the site are considered part of the scope of work and included in the bid package.
