

## AREAS OF NEED

Based on the last solicitation that went out for this contract, a total of five (5) areas of need were identified. Based on the number of contracts that were awarded (three), I assume we only had quotes for three of the areas. If the need still exists, we should solicit for all five areas again, maybe we will get some additional quotes this time.

### AREA ONE:

Memphis, Tennessee City Limits

### AREA TWO:

Dyer, Gibson, Lauderdale, Haywood, Obion, and Weakley counties in Tennessee

### AREA THREE:

Craighead, Clay, Greene, <sup>Countries in</sup> Mississippi, Randolph, Lawrence, and Poinsett counties in Arkansas

### AREA FOUR:

Lee ~~County, MS~~ <sup>and</sup> Chickasaw, Itawamba, Prentiss, Union, Pontotoc, Calhoun, Tishomingo, and Tippah counties in Mississippi

### AREA FIVE:

Chester, Crockett, Madison, and Hardin counties in Tennessee

Contractor shall provide all equipment, supplies and staff necessary to perform, implement and administer Gastroenterology services for Veterans of the VA Medical Center, Memphis, TN in accordance with all terms, conditions, provisions, schedules and specifications of this solicitation.

Contractor shall provide colonoscopies, inclusive of CPT codes 45378-45385 and attendant procedures (CPT code 45330), as clinically required.

Contractor must be located within a 100 mile radius of the VA Medical Center, Memphis, Tennessee providing services in one or more locations as detailed in the schedule of services <sup>7f</sup> *Proposing to provide services in Area One.*  
Contractors do not have to provide an offer for each community/site. Although this may be a multiple award contract, the contractor that receives an award *may* be the sole recipient for that particular geographical location *except for Area One.*
