

STATEMENT OF WORK
Surgery Instrumentation: Synthes Small Frag LCP set

A. GENERAL INFORMATION

1. Title of Project: Surgery Center Podiatry Surgery Instrumentation:
Stryker Rem B

2. Scope of Work: The contractor shall provide all resources necessary to accomplish the deliverables described in the statement of work (SOW), except as may otherwise be specified

The LSCDVA Medical Center has a requirement for a **Synthes Small Frag LCP Set**

3. Background: The LSCDVA Medical Center Surgical Service is looking to procure surgical instruments for our operating room. Due to increased surgical procedures and need to quickly turn over items for sterilization, we are requesting to purchase the above stated instrument set. Since this set is currently in limited quantity, we are requesting expeditious processing of the order via Contracting and the vendor.

4. Performance Period: The period of performance is One-Time Purchase

5. Type of Contract: Lowest-Price Technically Acceptable

6. Place of Performance: LSCDVA Medical Center

7. Performance Based Contract: N/A

B. CONTRACT AWARD MEETING

We will waive the meeting requirement.

B. GENERAL REQUIREMENTS

VAMC is requesting a complete Small Fragment LCP Instrument/Implant set with self-tapping screws. We currently have multiple Synthes Sets that we utilize with our orthopedic patients, and is considered the gold standard of care in traumatic fixation. The medical center currently owns one complete Small Fragment LCP instrument set. A second set is now needed to aid in turnover of instrumentation and to provide for increased patient load. We feel that we need this set to assist with better patient care delivery.

Medical Center will accept items as far as they are technically equivalent or superior to SYNTHES surgical instrumentation in form, fit, and function. All Instruments must be made/assembled in Germany or United States and must be constructed of High Grade, German Forged Surgical Stainless Steel. Instruments from other countries (including but not limited to Pakistan, China, Taiwan, Vietnam, etc...) cannot be considered

We are requesting that the following items are included with this instrument set.

Item #	Part Number*	DESCRIPTION	Qty
1	105.434	Small Fragment LCP Instrument/Implant Set, Self-Tapping Screws	1

E. EVALUATED OPTIONAL TASKS AND ASSOCIATED DELIVERABLES [if applicable]

None

F. SCHEDULE FOR DELIVERABLES

1. The contractor shall complete the Delivery Date column in Attachment A for each deliverable specified.

2. If for any reason the scheduled time for a deliverable cannot be met, the contractor is required to explain why (include the original deliverable due date) in writing to the CO, including a firm commitment of when the work shall be completed. This notice to the CO shall cite the reasons for the delay, and the impact on the overall project. The CO will then review the facts and issue a response in accordance with applicable regulations.

G. CHANGES TO STATEMENT OF WORK

Any changes to this SOW shall be authorized and approved only through written correspondence from the CO. A copy of each change will be kept in a project folder along with all other products of the project. Costs incurred by the contractor through the actions of parties other than the CO shall be borne by the contractor.

N. SECURITY

The contractor shall ensure adequate LAN/Internet, data, information, and system security in accordance with VA standard operating procedures and standard contract language, conditions laws, and regulations. The contractor's firewall and web server shall meet or exceed the government minimum requirements for security. All government data shall be protected behind an approved firewall. Any security violations or attempted violations shall be reported to the VA project manager and the VBA Headquarters Information Security Officer as soon as possible. The contractor shall follow all applicable VA policies and procedures governing information security, especially those that pertain to certification accreditation.

Security Training

All contractor employees and subcontractors under this contract or order are required to complete the VA's on-line Security Awareness Training Course and the Privacy Awareness Training Course annually. Contractors must provide signed certifications of completion to the CO during each year of the contract. This requirement is in addition to any other training that may be required of the contractor and subcontractor(s).

Contractor Personnel Security

All contractor employees who require access to the Department of Veterans Affairs' computer systems shall be the subject of a background investigation and must receive a favorable adjudication from the VA Security and Investigations Center (07C). The level of background security investigation will be in accordance with VA Directive 0710 dated September 10, 2004 and is available at: <http://www.va.gov/pubs/asp/edsdirec.asp> (VA Handbook 0710, Appendix A, Tables 1 - 3). Appropriate Background Investigation (BI) forms will be provided upon contract (or task order) award, and are to be completed and returned to the VA Security and Investigations Center (07C) within 30 days for processing. Contractors will be notified by 07C when the BI has been completed and adjudicated. These requirements are applicable to all subcontractor personnel requiring the same access. If the security clearance investigation is not completed prior to the start date of the contract, the employee may work on the contract while the security clearance is being processed, but the contractor will be responsible for the actions of those individuals they provide to perform work for the VA. In the event that damage arises from work performed by contractor personnel, under the auspices of the contract, the contractor will be responsible for resources necessary to remedy the incident.

The investigative history for contractor personnel working under this contract must be maintained in the databases of either the Office of Personnel

Management (OPM) or the Defense Industrial Security Clearance Organization (DISCO). Should the contractor use a vendor other than OPM or Defense Security Service (DSS) to conduct investigations, the investigative company must be certified by OPM/DSS to conduct contractor investigations.

O. ELECTRONIC AND INFORMATION TECHNOLOGY STANDARDS

INTERNET/INTRANET

The contractor shall comply with Department of Veterans Affairs (VA) Directive 6102 and VA Handbook 6102 (Internet/Intranet Services).

VA Directive 6102 sets forth policies and responsibilities for the planning, design, maintenance support, and any other functions related to the administration of a VA Internet/Intranet Service Site or related service (hereinafter referred to as Internet). This directive applies to all organizational elements in the Department. This policy applies to all individuals designing and/or maintaining VA Internet Service Sites; including but not limited to full time and part time employees, contractors, interns, and volunteers. This policy applies to all VA Internet/Intranet domains and servers that utilize VA resources. This includes but is not limited to va.gov and other extensions such as, ".com, .edu, .mil, .net, .org," and personal Internet service pages managed from individual workstations.

VA Handbook 6102 establishes Department-wide procedures for managing, maintaining, establishing, and presenting VA Internet/Intranet Service Sites or related services (hereafter referred to as "Internet"). The handbook implements the policies contained in VA Directive 6102, Internet/Intranet Services. This includes, but is not limited to, File Transfer Protocol (FTP), Hypertext Markup Language (HTML), Simple Mail Transfer Protocol (SMTP), Web pages, Active Server Pages (ASP), e-mail forums, and list servers.

In addition, any technologies that enable a Network Delivered Application (NDA) to access or modify resources of the local machine that are outside of the browser's "sand box" are strictly prohibited. Specifically, this prohibition includes signed-applets or any ActiveX controls delivered through a browser's session. ActiveX is expressly forbidden within the VA while .NET is allowed only when granted a waiver by the VA CIO *PRIOR* to use.

JavaScript is the preferred language standard for developing relatively simple interactions (i.e., forms validation, interactive menus, etc.) and Applets (J2SE APIs and Java Language) for complex network delivered applications.

SECTION 508

The contractor shall comply with Section 508 of the Rehabilitation Act (29 U.S.C. § 794d), as amended by the Workforce Investment Act of 1998 (P.L. 105-220), August 7, 1998.

In December 2000, the Architectural and Transportation Barriers Compliance Board (Access Board), pursuant to Section 508(2)(A) of the Rehabilitation Act Amendments of 1998, established Information Technology accessibility standards for the Federal Government. Section 508(a)(1) requires that when Federal departments or agencies develop, procure, maintain, or use Electronic and Information Technology (EIT), they shall ensure that the EIT allows Federal employees with disabilities to have access to and use of information and data that is comparable to the access to and use of information and data by other Federal employees. The Section 508 requirement also applies to members of the public seeking information or services from a Federal department or agency.

Section 508 text is available at:

P. CONFIDENTIALITY AND NONDISCLOSURE

It is agreed that:

1. The preliminary and final deliverables and all associated working papers, application source code, and other material deemed relevant by the VA which have been generated by the contractor in the performance of this task order are the exclusive property of the U.S. Government and shall be submitted to the CO at the conclusion of the task order.

2. The CO will be the sole authorized official to release verbally or in writing, any data, the draft deliverables, the final deliverables, or any other written or printed materials pertaining to this task order. No information shall be released by the contractor. Any request for information relating to this task order presented to the contractor shall be submitted to the CO for response.

3. Press releases, marketing material or any other printed or electronic documentation related to this project, shall not be publicized without the written approval of the CO.
