	<p>Philips Healthcare applies disciplined project management methodology to delivery of each engagement. Our methodology closely parallels the Project Management Institute's (PMI) worldwide -recognized framework of Initiating, Planning, Executing, Controlling and Closing. The Philips team, led by an experienced project manager, will work with you throughout the duration of the project to deliver the products and services described in this quotation. Team members typically include the following:</p> <ul data-bbox="252 716 1321 905" style="list-style-type: none"><li>• Implementation Specialists - responsible for technical work such as installation and configuration of the system hardware and software</li><li>• Application Consultants – responsible working within the clinical environment providing expertise in workflow, application configuration and training</li><li>• Integration Engineer – responsible for development and testing of HIS and clinical interfaces</li></ul> <p>The work effort to implement your solution is based upon the specific configuration that has been defined in the quotation. The Statement of Work (SOW) or Project Scope Document (PSD) describes how the solution will be implemented within your environment.</p> <p>For Government accounts, signed meeting minutes of the work effort involved can also be used as a substitute for the signed SOW.</p>
