## ACUSON SC2000 ultrasound system

All items listed below are included for this system:

Qty	Part No.	Item Description
1	10854307	<b>SC2000 3.5 SW</b> Base software to support all release 3.5 imaging and advanced applications.
1	10854318	<b>SC2000 3.5 Operating Sys, English</b>
1	10433801	<b>SC2000 English keyboard</b>
1	10044612	<b>115V Power Supply SC2000</b>
1	10044615	<b>NTSC Video Interface SC2000</b>
1	10433820	<b>V5M TEE Transducer, SC2000</b> A vector format transducer for Adult Transesophageal imaging.
1	10031606	<b>Leakage Test Set, V5M, V7M, V7B</b> Leakage Current Tester,V5M
1	10852200	<b>SC2000 3.0 Cardiac Base System</b>
1	US_APPS_INC L2D	<b>Ultrasound Apps Training 2 days included</b> Two (2) Days System Installation Applications Training Two days on-site general system installation applications training to include basic or advanced training on systems and options. Extent and objective of training will be determined with the site prior to the training event. Specific options may require one additional no charge applications day. Additional training may be purchased.
1	US_FREIGHT_ SC2000	<b>Freight Charges</b>
1	10433816	<b>ACUSON SC2000 Mainframe</b> The ACUSON SC2000(tm) volume imaging ultrasound system is the premier cardiac system for both 2D and 3D volume integrated workflow. Built on a superior architecture platform, the ACUSON SC2000 system delivers 16 times the processing speed of a premium 2D ultrasound system. Empowered by IN Focus Technology, the system delivers excellent image quality for both 2D imaging and real-time full-volume imaging. Volume acquisition can be performed at 90 degrees x 90 degrees with up to 40 volumes per second. The eSieScan(tm) Workflow Protocols and knowledge-based workflow technologies simplify the integration of 2D and volume imaging protocols to improve day to day efficiency. The ACUSON SC2000 ultrasound system is protected against viruses, malware and other threats by Ultrasound System Security, powered by McAfee(r) Embedded Security solutions.

Qty	Part No.	Item Description
1	10440531	<b>SC2000 Adv ICE Pkg</b> This advanced AcuNav package enables use of the ACUSON AcuNav 2D (8F, 10F), 3D AcuNav V volume ultrasound catheters and SoundStar for Intracardiac Echo (ICE) procedures. Note: ACUSON AcuNav 2D ultrasound catheters sold separately.
1	10433821	<b>4V1c Transthoracic Transducer</b> A vector wide-view array transducer for transthoracic adult and pediatric echocardiography.
1	10044202	<b>Manual AcuNav US Catheter English</b>
1	10441163	<b>AcuNav V US Catheter English Manual</b>
1	10440532	<b>SC2000 Cartosound Comm Pkg</b> This license enables Ethernet communication between the ACUSON SC2000(tm) volume imaging ultrasound system, premium edition and the Biosense Webster CARTOSOUND(tm) system.
