SOP Other Than Full and Open Competition

Original Date (3/22/2011)

5. **Demonstration that the Contractor's Unique Qualifications or Nature of the Acquisition Requires the Use of the Authority Cited Above (applicability of authority):** The Salisbury VAMC currently uses Olympus GI and surgical scopes. In order to maintain standardization, the Olympus brand is essential. Currently, there is no other brand compatible and interchangeable with Olympus medical equipment already being utilized. Features contained in the system are proprietary to Olympus; they are the sole manufacturer. Due to patient safety and cost efficiency, it is of the utmost importance to maintain standardization of equipment. Through extensive training and familiarization The Salisbury VAMC staff has become competent in use of the Olympus brand equipment. The inclusion of another brand of equipment and retraining of staff on new equipment would far outweigh the cost to purchase the same brand of equipment currently in use. Accordingly, Olympus America is the only source capable of meeting the need without the Salisbury VAMC experiencing substantial duplication of cost not expected to be recovered through competition.
6. **Description of Efforts Made to ensure that offers are solicited from as many potential sources as deemed practicable:** There are several small business distributors for the Olympus equipment. A competitive RFQ will be issued to ensure adequate competition.
7. **Determination by the Contracting Officer that the Anticipated Cost to the Government will be Fair and Reasonable:** Fair and reasonableness will be determined through competition.
8. **Description of the Market Research Conducted and the Results, or a Statement of the Reasons Market Research Was Not Conducted:** Market research shows there are numerous companies with the capability to provide requested equipment. However, there is no other company that can provide equipment that is interoperable with the Olympus brand equipment already being used at the Salisbury VAMC.
9. **Any Other Facts Supporting the Use of Other than Full and Open Competition:** All facts supporting this proposed action are included in this justification and Approval for Other than Full and Open Competition as outlined above.
10. **Listing of Sources that Expressed, in Writing, an Interest in the Acquisition:**
 - Olympus America, One Corporate Drive, Orangeburg NY
11. **A Statement of the Actions, if any, the Agency May Take to Remove or overcome any Barriers to Competition before making subsequent acquisitions for the supplies or services required:** For future requirements and subsequent acquisitions of this type, in order to overcome any barriers to competition, market research will be used as a guide to determine whether or not the market for competition exists. The appropriate procurement strategy will then be determined and followed. The contracting agency will continue to monitor the market for the inception of other companies capable of meeting the requirement.
