IAW [FAR13.106-3\(b\)\(3\)](#), COs are required to include additional statements **explaining the absence of competition** (see [13.106-1](#) for brand name purchases) if only one source is solicited and the acquisition does not exceed the simplified acquisition threshold (does not apply to an acquisition of utility services available from only one source) or supporting the award decision if other than price-related factors were considered in selecting the supplier. This template when completed can be used to document single source awards IAW [FAR13.106-3\(b\)\(3\)](#). **2. BRIEF DESCRIPTION OF SUPPLIES OR SERVICES REQUIRED AND THE INTENDED USE:**  
**Liebert Fin / Tube Condensing Units Coil / Model: CDF165-A/**  
**Intended use:** To correct system inability to maintain sufficient cooling capacity, to ensure critical main frame computer equipment does not over heat.

**3. UNIQUE CHARACTERISTICS THAT LIMIT AVAILABILITY TO ONLY ONE SOURCE, WITH THE REASON NO OTHER SUPPLIES OR SERVICES CAN BE USED:**  
 Replace component must be exact Liebert parts because the compressor and evaporator are especially design by Liebert and the replacement must meet the specification in order for the system to work. We cannot use a replacement part from other manufacture because their system designed is different from Liebert.

**4. REASON THAT SUGGESTED SOURCE IS THE ONLY SOURCE, WHICH CAN PROVIDE THE SUPPLIES OR SERVICES:**  
 The urgency of this replacement component can only be met by JD Powell because of close proximity to this Medical Center and parts are available. The critical and compelling need to restore system to full operation is based on the function of the main frame computer room which support all levels of patient care at the Charlie Norwood VAMC. If repairs are not made within a reasonable time Medical Center will be at risk of not being in the position to provide any patient care. JD Powell is an authorized third party distributor for Liebert replacement parts and components, and addition JD Powell is the closet source which can provide factory authorize Liebert.
