Question#	Section	Page	Question / Clarification	Answer / Clarification
1	FBO Description	FedBizOpps Synopsis Page	Can you please confirm the yearly quantities on this Solicitation? The yearly quantities and the 5 year quantities aren't adding up. This is taken from the notice on FBO.	The RFQ was issued with numerical errors within the anticipated quantity projections table. A RFQ Amendment 01 was issued and posted to FBO on June 15, 2015 to show the correct information.
2	FBO Description	FedBizOpps Synopsis Page	Please provide clarification about any set-aside for this RFQ. The body of the solicitation says it is open and unrestricted, yet the general info summary states an SDVOSB set-aside. Please clarify.	An internal contract writing system generates a numerical value associated with the procurement type for a requirement, and that information was generated in error prior to the posting of the RFQ. The procurement type description in the general information summary showing this solicitation as a set-aside is not correct. This procurement is for a full and open, unrestricted acquisition.
3	FBO Description	FedBizOpps Synopsis Page	If the solicitation is unrestricted, we would request you change it to a small business set-aside.	Noted. This RFQ is for an Unrestricted, Full and Open Competitive procurement. Your company has the opportunity to respond to the subject solicitation based on this criterion, as long as your company is able to fulfill and meet all of the

4	FedBizOpps Combined Synopsis/Solicitation Notice. Rev. March 2010	Page 1 - General Information Set-Aside Category	Can you tell me what "14" means in the Set-Aside line of the Combined Synopsis/Solicitation Notice?	The solicitation format was issued showing the set-aside category of "14". This is an internal system inputted and generated field that cannot be changed once the solicitation is posted. Thus, the need for Amendment 02 to the solicitation issued on June 18, 2015. The field should have been corrected prior to the release of the solicitation. This procurement was not intended to be set-aside for a SDVOSB business only. This RFQ is for an Unrestricted, Full and Open Competitive procurement.

It was not a product ID# associated to the product. Also, please see Amendment 01 to the solicitation for the correction to the quantity numerical values.</p>
7	VA119-Q-15-0213 Amendment 02	Page 1	<p>I was wondering if the most recent change (shown below) has altered the small business SDVOSB set aside by allowing the large prime vendors to compete. Can you please clarify this amendment change?</p> <p>Correction: The General Information</p>	<p>The procurement is not for a Set-Aide, SDVOSB. We became aware of this error, and have issued a solicitation Amendment 02 to make the correction. The subject procurement is for an Unrestricted, Full and Open Competition.</p> <p>Please find the published Amendment 02 at the FBO website.</p>

This procurement was not intended to be set-aside for a SDVOSB business only.</p> <p>Again, This RFQ is for an Unrestricted, Full and Open Competitive procurement.</p>
