B.4 CASCADING SET-ASIDE PROCEDURES

This procurement will utilize a Cascading Set-Aside Procedure. The Government intends to award at the highest possible tier. The tiers will be as follows:

1st tier- SDVOSB
2nd tier- VOSB
3rd tier- All other small businesses

This is a competitive Request for Proposal (RFP). The Government expects to obtain Best Value in this negotiated acquisition by using the Tradeoff Source Selection Approach under FAR Part 15.101-1. Award will be made to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government (i.e., best value), price and other factors considered.

METHOD OF AWARD – CASCADE PROCEDURES

This is a competitive Request for Proposals (RFP) using a Three Tier cascading set-aside procedure. The set-aside requirement will be as follows:

First (1st) Tier: Service Disabled Veteran Owned Small Businesses (SDVOSB),
Second (2nd) Tier: Veteran Owned Small Businesses,
Third (3rd) Tier: All Other Small Businesses.

Cascading process will be used in conjunction with FAR Part 15.101-1 Tradeoff Process. The tradeoff process is appropriate when it may be in the best interest of the Government to consider award to other than the lowest priced offeror or other than the highest technically rated offeror.

Adequate competition exists if; (1) proposals are received from at least two responsible offerors; (2) each of whom can satisfy the contract's requirements independently; (3) both contend for a contract which will be won by the offeror who submits a proposal meeting or exceeding RFP requirement and; (4) price is reasonable.

If adequate competition is met as described in (1) through (3) above and also meets the requirement in (4) award procedure will be initiated at that tier. If adequate competition is not met, or prices are not reasonable, competition will proceed at the next lower tier. The process through the tiers will be executed as needed.

PERFORMANCE WORK STATEMENT

1. GENERAL INFORMATION

- a. This is a performance-based contract for cemetery grounds maintenance services at Dallas-Fort Worth National Cemetery, Dallas, Texas and hereafter referred to as DFW or "Cemetery." The overall responsibility of the Contractor is to plan, coordinate, organize, manage, and perform the activities of mowing and trimming; trimming around headstones, edging around flat markers; curb/sidewalk edging; weed control; providing fertilizer; and associated services described herein required to maintain a healthy and aesthetic appearance of the Cemetery grounds. The Cemetery is located at 2000 Mountain Creek Parkway, Dallas, Texas, 75211.
- b. This Performance Work Statement describes the basic objectives of the Dallas-Fort Worth National Cemetery Grounds Maintenance Program. The Performance Based Service Contract provides potential Offerors the flexibility to develop cost effective solutions and the opportunity to propose innovative alternatives to meet the stated objectives. It also presents the Government with an opportunity to assess the Offeror's understanding of all aspects of the effort to be performed by eliminating the "how to" instructions to accomplish the required effort normally contained on the Statement of Work that the Government traditionally provides to prospective Offerors. Minimum acceptable levels of performance to meet the minimum requirements are outlined in the "Services Delivery Summary" contained in Attachment 1.

The Government intends for the contractor to be the primary Grounds Maintenance contractor. If additional requirements are necessary to maintain the grounds and are determined to be within the scope of the contract, the contractor shall be prepared to provide those services. Such services may include, but not limited to, fertilization, pesticide application, sod, pest control, storm damage, tree pruning and removal, leaf collection, and snow removal. If the price is determined to be fair and reasonable, the contract will be modified to include those services.

c. The National Cemetery Administration Mission.

- a. The National Cemetery Administration honors veterans with a final resting place and lasting memorial that commemorate their service to our Nation. National Cemeteries are National Shrines. Therefore, the standards for management, maintenance, appearance and operational procedures performed by the Contractor have been established by the National Cemetery Administration to reflect this Nations' concern and respect for those interred there. For this reason, the Contractor's strict adherence to the Performance Work Statement, Performance Work Requirements Summary and Guidance Specifications shall be required and shall be essential.

d. Background.

- a. In 1999 Congress passed legislation requiring VA to ensure that National Cemeteries serve as a dignified and respectful setting. Each Cemetery is to be an expression of appreciation and respect of a grateful Nation for the service and sacrifice of her veterans.
- b. Further, each National Cemetery is to be maintained as a National Shrine. A National Shrine is defined as a place of honor and memory that declares to the visitor/family who views it as a majestic setting, offering a sense of serenity, historic sacrifice and nobility of

purpose. The National Cemetery is a beautiful and awe-inspiring tribute to those who gave much to preserve our Nation's freedom and way of life.

2. DESCRIPTION OF CONTRACT OBJECTIVES

- a. The Contractor shall furnish all labor, supervision, professional expertise, vehicles, tools, equipment, materials, and services necessary to ensure that grounds maintenance is performed in a manner that shall meet or exceed the requirements to maintain healthy turf grass and that presents a clean, neat, professional and aesthetic grounds appearance throughout the Cemetery. The Contractor's performance will be based on the Contracting Officer's (CO) and Contracting Officer's Representative (COR) evaluation and of the results required by the Service Delivery Summary (SDS) and not the method of performance. It is at the Contractor's discretion to determine the methods to attain the level of service at the best value. The evaluation of results will be based on COR performance assessment, tenant satisfaction, and customer complaints. Final results of the evaluations will be the determining factor for the success or failure of this contract. The Contractor shall comply with applicable federal, regional, state, local laws, and commercial standards.
- b. Services include, but are not limited to, mowing, trimming (features and headstones), edging (features and flat markers), weed control, providing fertilizer, removal of trash (generated by the Contractor), as well as sweeping or blowing off grass from sidewalks, roads and headstones. Scheduling of services shall be coordinated with the COR to avoid disruption of ongoing Cemetery operations. All work shall be done during normal Federal workdays during Cemetery workday hours. The exception is Memorial Day, which may be a workday for Federal employees, but not for the Contractor. No work shall be allowed during special weekend activities.
- c. The Contractor shall be responsible for full management of the facility's grounds maintenance services described herein. The Government's objectives are described in the NCA's "Operational Standards and Measures" (given upon request of the Contracting Officer), the Performance Work Statement (PWS), and other requirements identified herein, as they are applicable to the services required in the Pricing Schedule. The Contractor shall develop a "Performance Work Plan" that contains solutions to accomplish the Government's objectives. The Contractor may use whatever method it chooses to meet the objectives, as long as the end result satisfies the minimum acceptable levels of performance as defined in Services Delivery Summary (SDS).
- d. **Contract Objectives.**
 - a. To use an innovative and creative technical approach to manage the Cemetery grounds maintenance operation at the Dallas-Fort Worth National Cemetery in order to maintain the high standards of appearance as a National Shrine, in accordance with best commercial practices and the requirements identified in this solicitation.
 - b. To have the Contractor perform to its Technical Performance Approach focused on criteria designed to maintain healthy grass and a clean, neat and professional grounds appearance overall.

- c. The minimum life of the contract is planned for one base period with up to four (4) one-year options individually exercised at the VA's discretion and dependent on the availability of funds.

3. DESCRIPTION OF SERVICES:

- a. **Improved Grounds Mowing.** The Contractor shall mow all Improved Grounds to look well-manicured, with a neat and professional appearance at all times. Improved Grounds are visually prominent and medium visual impact areas requiring more frequent maintenance, such as burial areas, high visibility specialty areas, and non-burial areas (see Attachment 6, *Definitions*). All Improved Grounds shall be maintained in the same manner as a high quality residential lawn under contract from a professional lawn maintenance service. This generally requires a complete mow/trim cycle every week during the growing season (April through September). Mowed areas shall be uniform in appearance, free of skips, gaps, scalping, rutting, bruising, and uneven and rough cutting.
 - a. The Contractor shall maintain grass height at a height within one (1) inch (+/-) of that which is professionally recommended for the recommended grass type for the Dallas-Fort Worth geographic region and as directed by the COR. Optimally, the height should be no more than one-half an inch (1/2") above the recommended range for the type of turf at the Cemetery as directed by the COR. The typical acceptable height ranges between 1 and 3 inches; however, the COR, with input from the Memorial Service Network (MSN) Agronomist, may direct the Contractor on the particular height to mow at any given time depending on weather conditions.
 - b. The Contractor shall be required to pick up, collect and dispose of debris and trash (see Attachment 6, *Definitions*), natural and manmade, prior to and after mowing/trimming any area.
 - c. The Contractor shall identify, move and replace all floral or commemorative items, etc. to their original locations as necessary while performing mowing/trimming services.
 - d. The Contractor shall keep all headstones, flat markers, monuments, roadways, walkways (inside and out), flagpole bases, public visitor areas including at the Committal Shelter, or other non-turf areas free of clipping or edging deposits. Clippings shall be mechanically blown or swept onto nearby turf areas when possible, or collected and disposed of on the same day as the mowing, trimming, or edging event that produced them. At no time is freshly mowed grass to be blown onto headstones
 - e. The Contractor shall immediately remove and dispose of, or mulch clearly visible clumps of grass clippings on top of the turf to prevent the appearance of windrows.
 - f. The Contractor shall use commercial grade rear-discharge mowers or commercial grade mowers with mulching decks only. The Contractor shall use properly maintained and adjusted cutting equipment to prevent streaks or irregularities, uneven cutting, plowing, or gouging of the soil. Cutting blades on mowing and trimming equipment must be kept sharp so that grass tips are cleanly cut and not torn or damaged. Riding mowers may be used if

they are not operated within two (2) inches of markers, monuments, tree trunks or other vertical surfaces.

- g. All mowing equipment shall be cleaned before unloading or mowing at the Cemetery to reduce the risk of introducing contaminant weed seeds into the Cemetery turf. No equipment shall be cleaned on Cemetery property.
 - h. The Contractor shall hand mow new seed/sod areas (present at all newly buried gravesites, second interment gravesites, and repaired gravesite locations) until they are fully established to the point where they will not be damaged by riding mowers.
 - i. The Contractor shall be familiar with and utilize different mowing patterns and shall change direction, change patterns, and vary mower wheel width patterns after each mowing thereby reducing turf wear, prevent wheel rutting, and provide a neater appearance. All mowing around trees will be accomplished in a manner that prevents a “ringing pattern” around the tree and associated damage to turf.
 - j. There may be periods of excessive rainfall when the Contractor cannot access areas for mowing due to excessive wetness. The COR has the authority to stop work if weather conditions are such that work that day will do more damage than good to the Cemetery grounds. During these periods, the Contractor shall be expected to ensure the grass is cut in less than a week’s time once grass is suitable for mowing.
- b. Trimming.** The Contractor shall trim grass and vegetation around vertical surfaces or any other structure or area that cannot be maintained by traditional mowing equipment to match surrounding area grass height within Improved Grounds. Streaks or irregularities, uneven cutting, plowing, or gouging of the soil is unacceptable. The vertical surfaces to be trimmed include headstones, flat markers, section markers, monuments, trees, planting beds, shrubs, buildings, curbs/curbing, fences, walls, poles, signs, fire hydrants, parking lot bumper blocks, boulders, utility/valve boxes and covers.
- a. The Contractor shall trim turfgrass surrounding headstones and flat markers to its recommended height for the type of turf at the Dallas-Fort Worth National Cemetery after each mowing cycle.
 - b. The Contractor shall trim all areas concurrent with mowing. Trimming operations of all non-mowed turf areas shall be considered a part of mowing. The Contractor shall mow first, followed by trimming.
 - c. The Contractor shall remove or mulch grass clippings when visible after trimming, before leaving work area.
 - d. The Contractor shall exercise caution to avoid contact with headstones, markers, monuments, building walls, trees, shrubs, flowers, any other desirable plant materials, etc. or any other structure than can be damaged by contact with the trimming device’s cutting instrument.

- e. The Contractor shall use commercial grade power trimmers and power edgers to trim grass from around headstones, flat markers, monuments, section markers, etc. The Contractor shall use trimmers with a plastic blade attachment to cleanly trim edges around all headstones and flat markers, monuments, section markers, etc. or as otherwise approved by the COR.
- c. **Feature Edging.** The Contractor shall blade edge all streets, curbs, walkways, tree wells, permanent building/structure lines, and planting beds. Edging shall provide a clear zone ½” to 1” wide by 2” to 3” deep with all vegetation removed from joints and cracks. Damage to asphalt/concrete shall be avoided. Edging events shall be completed as ordered by the COR. The first edging cycle shall be completed approximately at the start of the mowing season, the second cycle one week prior to Memorial Day, the third during the month of July, and a fourth edging during the month of September. Additional edging events may be scheduled by the COR. The exact dates will be provided by the COR.
- d. **Flat Marker Blade Edging.** The Contractor shall **edge** turf perpendicular to the outside perimeter (edge) of flat grave markers to remove all grass/vegetation that is growing around or over the entire outside perimeter of the flat grave markers **during each mow/trim cycle**. The depth of the vertical cut at the edge of the flat markers shall be 1” to 2” deep and the width of the cut shall not exceed ½”. There shall be a clean and neat vertical edge left around each flat marker. No metal blades shall be used to edge around flat markers. The Contractor shall exercise caution not to chip flat markers with blades. Flat markers are grouped together in the same burial sections.
- e. **Weed Control.** The Contractor shall control broadleaf and grassy weeds through execution of a weed control program appropriate for the area, in accordance with NCA Handbook 3410, *Integrated Pest Management Procedures for VA National Cemeteries*, and current federal, state, and local regulations. The Contractor shall comply with all applicable parts of 29 Code of Federal Regulations (CFR) 1910, *Labor, Occupational Safety and Health Standards*; 29 CFR 1925, *Labor, Safety and Health Standards for Federal Service Contracts*; 40 CFR 150-189, *Protection of Environment, Pesticide Program*; and 49 CFR 171, *Transportation, General Information, Regulations, and Definitions*.
 - a. The Contractor shall control weeds through broad and selective applications of herbicide. The herbicide program, in general, shall consist of two (2) pre-emergent herbicide applications and three (3) post-emergent herbicide applications per contract year. The table below serves as a guideline for when the herbicide applications shall be made:

Table 3.5. General Schedule for Herbicide Applications

Pre-Emergent Application #1	Late Winter/Early Spring – exact timing of application based on soil temperature and weather conditions. Prior approval from COR required before application.
Pre-Emergent Application #2	Late Summer/Early Fall – exact timing based on soil temperature and weather conditions. Prior approval from COR required before application.
Post-Emergent Application #1	Early Spring/Mid Spring – exact timing based on weed development. Prior approval from COR required before application.
Post-Emergent Application #2	Early Summer/Mid Summer – exact timing based on weed development and residual period of Post-Emergent Application #1. Prior approval from COR required before application.
Post-Emergent Application #3	Late Summer/Fall – exact timing based on weed development and residual period of Post – Emergent Application #2. Prior approval from COR required before application.

- b. The Contractor shall be responsible for repeat, follow-up, and/or spot spray herbicide applications between scheduled sprays, which are deemed necessary by the COR due to an ineffective application, in order to control and maintain a generally weed-free Cemetery. These repeat, follow-up, and spot spray treatments shall be provided at no additional charge to the Government.
- c. The herbicides used by the Contractor shall be specifically labeled for control of weeds in the turf at the Cemetery. The Cemetery turf is pre-dominantly Hybrid Bermuda. The herbicide shall be selected and applied in a manner that does not harm, damage, or kill the turf in any way.
- d. The herbicide applications shall be applied directly by or under the supervision of a current commercially licensed State Certified Pesticide Applicator. All applications shall be performed as per the Rules and Regulations of the Texas State Department of Agriculture.
- e. Either the COR will notify the Contractor prior to each application as needed or the Contractor shall contact the COR (in person, in writing, or by telephone) for permission to spray at least three (3) days in advance of each and any application. The COR will coordinate each spray application with the Contractor. The Contractor shall be responsible for the proper timing of each application so that the highest resulting weed control for that application will be attained.
- f. The Contractor shall be responsible for specifically following all label directions on the bag/container of herbicide at all times. This includes, but is not limited to, all safety, mixing, weather conditions, and application directions and information.
- g. The Contractor shall always mix and apply herbicide so as to provide optimum control of target weeds, according to label directions.
- h. The Contractor shall provide to the COR, in writing, a list of all herbicides, mixes, and related surfactants or other chemicals, along with the amount of product per acre, percentage of solution, and/or application rate per 1000 square feet (and/or per acre), prior

to any and all applications being performed. The Contractor shall also provide the COR with a copy of the label and the Safety Data Sheet (SDS) for any and all herbicides and other chemicals or surfactants, prior to any and all applications being performed. The Contractor shall NOT begin any application without providing this information to the COR, and obtaining the approval of the COR to proceed.

- i. A written record of the application shall be delivered to the COR immediately following the application, whether completed or not, before leaving the Cemetery on the day of any application. The written record shall show the following information:
 - 1. The name of the company and the names and titles of the company's staff that performed the application.
 - 2. All areas treated on that particular day of application.
 - 3. The chemicals used on that particular day of application.
 - 4. The temperature during the time of application, and the average wind speed during the time of application.
- j. All Contractor personnel shall be properly clothed and wearing proper safety equipment during any and all applications.
- k. All mixing of chemicals and filling of tanks shall be performed off-site or only in appropriate area(s) of the Cemetery as determined by the COR.
- l. Performance of work shall not impede nor disturb any burial or memorial service, or burial operation at any time. Work shall not take place within 1,000 feet of a committal shelter during a service, or during a ceremony in the Cemetery.
- m. The Contractor shall coordinate with the COR any watering requirements to activate chemicals, as needed. The Cemetery will schedule and perform this watering requirement.
- f. **Fertilization Program.** The fertilizer program shall consist of three applications per year according to the following schedule:

Table 3.6. General Schedule for Fertilizer Applications

Fertilizer Application #1	Spring – upon order and approval of the COR, after turf has emerged from winter dormancy, has new green flush growth, and has been mowed 1 to 2 times. This is usually in the March-April time period.
Fertilizer Application #2	Summer – upon order and approval of the COR – usually in the May-June time period.
Fertilizer Application #3	Fall – upon order and approval of the COR – usually in the August-September time period.

- a. The fertilizer shall be a 3-1-2 or 4-1-2 ratio (N-P-K) complete fertilizer with 30% to 50% slow release nitrogen. The current formulation used at Dallas-Fort Worth NC is a 21-7-14. The fertilizer shall contain micro nutrients. The fertilizer can be a different analysis than 21-7-14 as long as it is approved by the COR and MSN Agronomist prior to application.
 - b. All fertilizer applications shall only be applied after being ordered by the COR. The Contractor shall schedule to apply fertilizer on the days ordered and agreed to by the COR.
 - c. The fertilizer shall be applied according to the manufacturer's instructions. The fertilizer shall be applied at a rate to achieve 4 to 5 pounds of N (nitrogen) per 1000 square feet per year.
 - d. The fertilizer application equipment shall be correctly calibrated and the application made to achieve a uniform distribution of the fertilizer throughout the application area.
 - e. The Contractor shall ensure that the fertilizer is properly watered in by coordinating the watering schedule with the COR.
 - f. The Contractor shall make sure that all headstones, flat markers, monuments, sidewalks, patios, and other like surfaces are free of fertilizer granules immediately after the application and before watering in of fertilizer occurs. This shall aid in avoiding staining of surfaces.
 - g. The Contractor shall be responsible for removal of any staining, marking, of headstones, flat markers, monuments, sidewalks, patios, and other like surfaces that occurs as result of a fertilizer application made by the contractor.
 - h. The Contractor shall schedule the fertilizer application with the COR and only apply once given approval by the COR. The Contractor shall give the COR a minimum one week notice prior to application.
4. **SERVICE DELIVERY SUMMARY (SDS).** The contract service requirements are summarized in performance objectives that relate directly to requirements. The performance threshold briefly describes the minimally acceptable levels of service required for each requirement. The SDS and the Contractor's Quality Control Plan provide information on contract requirements, the expected level of Contractor performance and the expected method of government validation and confirmation of services provided. These thresholds are critical to mission success. During the initial 30 days of the contract, two additional errors on each performance objective shall be allowed in an effort to identify normal "phase-in" problems.

- a. Quality Control.** The Contractor shall develop, submit for Contracting Officer and COR acceptance, and maintain a Quality Control program to ensure grounds maintenance services are performed in accordance with the requirements of this contract.
- a. The Contractor shall submit a Quality Control Plan (QCP) for Contracting Officer and COR acceptance within fourteen (14) calendar days after contract award. Any changes thereafter must also be provided to Contracting Officer and COR for acceptance.
 - b. The Contractor shall develop and implement procedures to identify, prevent, and ensure non-recurrence of defective services. As a minimum the Contractor shall develop Quality Control procedures addressing the areas identified in Paragraph 3, *Description of Services*. The Contractor shall provide at least one (1) full time person dedicated to Quality Control.
 - c. The Contractor's QCP shall include the following or have incorporated into during performance of contract, at a minimum:
 - 1. An inspection plan covering all services required by this contract. The inspection plan must specify the areas to be inspected on either a scheduled or unscheduled basis; how often inspections will be accomplished and documented; and the title of the individual(s) who will perform the inspections.
 - 2. On-site records of all inspections conducted by the Contractor noting necessary corrective action taken. The Government reserves the right to request copies of any and/or each inspection.
 - 3. Incorporation of either active or established internal policy and procedures for updating equipment and procedures that may affect performance of contract.
 - 4. The methods for identifying and preventing deficiencies in the quality of service performed, before the level of performance becomes unacceptable and organizational functions noting intermediate supervisory responsibilities and overall management responsibilities for ensuring total acceptable performance.
 - 5. On-site records identifying the character, physical capabilities, certifications and ongoing training of each employee performing services under this contract.
 - 6. A log to account for all requests for immediate service. The log shall indicate the date and time of services, and description of results and completion of these services.
 - 7. On-site records of any complaints or problems, with procedures taken to allow for corrections and/or elimination before effects caused interruption of performance of contract.
- b. Quality Assurance.** The COR will evaluate the Contractor's performance through on-site inspections, evaluation of the Contractor's quality control program and receipt of complaints from Cemetery personnel in accordance with the attached Quality Assurance Surveillance Plan (QASP), Attachment 7.

- a. The COR may inspect each task as completed or increase the number of Quality Assurance inspections if called for by repeated failures discovered during inspections or repeated customer complaints. Likewise, the COR may decrease the number of Quality Assurance inspections if performance dictates.
- b. The COR will also receive and investigate complaints from various customers visiting the Cemetery. The Contractor shall be responsible for initialing validated visitor complaints. The COR will make final determination of the validity of visitor complaint(s).

c. Supervision.

- a. Contractor Superintendent: The Contractor shall provide a competent and experienced supervisor who speaks and writes fluent English on site for at least four (4) hours a day whenever work is being performed, other than trash and debris pick-up.
- b. The Contractor Superintendent must have not less than five (5) years' experience as a direct supervisor of grounds maintenance operations that included mowing, trimming, edging, and cleanup in industrial, commercial or public sites.
- c. The Contractor Superintendent shall ensure all specifications are being met, ensure contract work does not conflict with ceremonies and funerals, and ensure employees are adequately supervised and proper conduct is maintained.
- d. The Contractor shall be responsible for maintaining satisfactory standards of personnel conduct and work performance and shall administer disciplinary action as required. The Contractor is expected to remove any employees from the Cemetery for cause, to include, but not limited to, safety violations, other misconduct in performance of duty under these specifications and/or conduct contrary to the best interests of the Government. If the Contractor fails to act in this regard, or the reason for a removal is immediately required to protect the interests of the Government, the COR may direct the removal of an employee from the premises. Contractor objections to any such action shall be referred to the Contracting Officer (CO) for final resolution; however, the Contractor will first immediately comply with COR direction pending any CO final resolution at a later time or date. The Contractor shall not be due any type of compensation for their costs incurred as a result of an employee being removed for cause; unless the removal is directed by the COR, and is later found invalid and/or unreasonable by the CO.
- e. In the absence of the Superintendent, the Contractor shall appoint an English-speaking crew foreman or an employee who shall be responsible to insure that the work is being accomplished in an expeditious manner, is performed in accordance with the contract specifications and that the work will progress without undue delay.

d. Inspection and Cleaning of Cemetery Facilities.

- a. The Contractor shall perform a weekly inspection. During this inspection the appearance of the Cemetery shall be observed, and any deficiencies noted within the scope of the contract shall be corrected as soon as practicable. Items that need correcting outside the scope of the contract shall be reported to the COR or his/her representative.

- b. The Contractor shall be required to submit inspection reports and work accomplished to the COR weekly. The inspection forms will be provided to the Contractor. (See “Work Summary and Progress Report”, Attachment 3)

e. Reporting and Record Keeping.

- a. The Contractor Superintendent shall report on a daily basis to the COR at the Maintenance Building of the Cemetery and log in on days when work is being performed. This DAILY check-in is mandatory and shall be at a time agreed upon by the COR and the Contractor Superintendent. The purpose of the DAILY meeting is to coordinate and establish the daily work schedule to ensure that no work is being performed at the immediate site of a scheduled interment or ceremony, and to submit the required written reports to the COR. These Daily meetings are for the Contractor Superintendent to ask questions and ensure he/she understands the off-limit areas, which may vary depending on the event. The Contractor Superintendent can thus assign tasks accordingly throughout the rest of the Cemetery so that productive use of labor and equipment is assured, and downtime is avoided. If the Contractor Superintendent fails to re-direct employees away from an event in a timely fashion, the COR may then assist in doing so.
- b. The Contractor Superintendent shall provide WEEKLY and DAILY work schedules to the COR. The Contractor is required to schedule all required services and is further required to comply with his schedule except for delays beyond his control. Such delays shall be coordinated through the COR. The work schedule shall include deficient work identified by Contractor's quality control inspections and not yet corrected.
- c. The Contractor shall submit the WEEKLY schedule every Friday by 3:00 P.M. indicating the work to be performed during the following week and the DAILY schedule shall be submitted on a daily basis by 8:00 A.M. indicating work being performed on that day.
- d. The Contractor Superintendent shall provide WEEKLY an accurate written report identifying all work that took place within the previous seven (7) calendar days. The Contractor shall document services performed, indicate the location where work was to be performed, and provide information to the COR as required.
- e. A list of scheduled ceremonies will be provided to the Contractor Superintendent the week prior to the scheduled events, and a list of scheduled funerals will be provided daily. The Contractor Superintendent shall be solely responsible for ensuring that no contract work causes any funeral, ceremony, procession or visitation to be delayed, altered, or otherwise impacted in such a way that the dignity or security of the event is compromised. The Contractor shall be solely responsible for staying abreast of all such upcoming events and when in doubt, he/she must ask the COR.
- f. The Contractor's performance and progress on this contract shall be measured weekly based on how timely, accurately, and adequately he/she accomplishes and completes the weekly work scheduled and as needed to systematically accomplish the contract work over the duration of the project. In instances where the COR determines that the work is behind schedule, he will notify the Contracting Officer and the Contractor shall increase workforce and/or hours of operation at no additional cost to the Government in order to achieve completion of the contract work within the specified timeframe.

f. Performance Evaluation Meeting.

- a. The issuance of a Contract Discrepancy Report (CDR) found at Attachment 4 may be cause for the scheduling of a meeting among the Contractor, CO, and the COR. A mutual effort will be made to resolve all problems identified. The Government will prepare written minutes of the meeting. The Contractor, CO, and the COR will sign minutes of the meeting(s).
- b. Should the Contractor not concur with the minutes, they shall so state their objections in writing to the Contracting Officer, within ten (10) calendar days, and also explain the reasons for non-concurrence. The Contracting Officer will review and consider the reasons submitted for the Contractor's non-concurrence and make a decision to revise or uphold the comments as written. The Contracting Officer will notify the Contractor of the decision in writing within ten (10) calendar days of submission of any objections.

g. Actions.

- a. Normally, the COR will verbally advise or give a written inspection report to the Contractor of discrepancies the first time they occur and ask the Contractor to correct the problem. A notation will be made on the COR checklist of the date and the time the deficiency was discovered and the date and time the Contractor was notified.
- b. If the Government created any of the discrepancies, these will not be counted against the Contractor's performance. When the Government has caused the Contractor to perform in

an unsatisfactory manner, the COR will forward a written notice to the responsible organizational element requesting corrective action be taken.

- c. When the Contractor is not meeting the acceptable limits of satisfactory performance, a CDR will be issued to the Contractor. The seriousness of the failures should govern whether to issue CDR at the end of the period, or as soon as work performance is less than satisfactory.
- d. When a CDR is issued for a service, the CO and/or the COR may exercise any contractual remedy available for non-performance, in accordance with FAR 52.212-4, "Inspection and Acceptance".
- e. If the Contractor does not achieve satisfactory performance by the end of the next period or agreed suspense date, further actions may be considered, to include a determination on whether continued performance by the Contractor is feasible.

SECTION C - CONTRACT CLAUSES

C.1 DIGNITY STANDARDS

Every action by contractor personnel at a national cemetery must be performed with the special care, reverence, dignity, and respect that acknowledge the cemetery as the final resting place that commemorates the service and sacrifice that service members, Veterans and their families made for our Nation. Critically important is the awareness required of the Contractor employees of the remains buried in the grounds where the work is performed. The utmost care must be given to these remains and the headstones and flat grave markers that mark those gravesites and memorialize the service of individuals.

- a. **Contractors cannot walk, stand, lean, sit or jump on headstones or markers. Nor can they drive over them. Contractor personnel should use tools approved by the Contracting Officer Representative (COR), such as shovels, pry bars or pinch bars to lift flat markers out of the ground; pick axes are not an acceptable tool.**
 - b. **No tools, equipment or other items will be placed or leaned on headstones or markers. Once headstones/markers are removed from the socket, do not place on dirt piles or mud; they should be carefully placed on each associated gravesite and protected in such a way as to prevent any soiling and be out of the way of any other work.**
 - c. **Headstones shall be removed from their sockets using wooden and/or metal clamps. If metal clamps are used, the area that contacts the headstone must be protected with a rigid fabric that will prevent damage to and marking of the headstone. Clamps may be attached to a skid steer loader (i.e. Bobcat®) or similar machine to extract the headstone from the socket. When headstones are removed from their sockets, they shall be carefully stored on each associated gravesite; do not lean headstones against each other. Use care not to scratch or damage headstones in any manner. The headstones shall be laid with front inscription side up while the headstone is lying horizontally on the ground. The headstone shall be protected from direct ground contact while lying horizontally. The protection method shall be as approved by the COR and shall be free of deterioration in weather. An approved method is to support each headstone with two wood 4X4's. Alternate methods can be approved. Cardboard shall not be used. Wood or other suitable appropriate and attractive material shall be used to keep the headstones from contact with the soil while lying horizontally during the construction period. This also shows respect towards the families visiting the gravesites and the remains that are buried.**
 - d. **Contractor shall be responsible for replacing damaged headstones and markers and for restoring turf damaged during performance of this work.**
 - e. **Additionally, should any activity result in the exposure and/or damage to any remains, container for remains (i.e., casket or urn), or outer burial container, the contractor must contact the COR, Director/Assistant Director, or Contracting Officer (CO) for guidance.**
2. **Any doubts as to proper procedures shall be brought to the attention of the COR, Director/Assistant Director, or CO for guidance or resolution.**
 3. **The contractor is required to discuss the guidance with this contractor employees and have each employee sign a statement of compliance and deliver the signed statement to the COR before work may begin.**

C.2 SBA ACT 8(d)(13)(B)

(B) NOTICE.—

(i) IN GENERAL.—A prime contractor for a covered contract shall notify in writing the contracting officer for the covered contract if the prime contractor pays a reduced price to a subcontractor for goods and services upon completion of the responsibilities of the subcontractor or the payment to a subcontractor is more than 90 days past due for goods or services provided for the covered contract for which the Federal agency has paid the prime contractor.

(ii) CONTENTS.—A prime contractor shall include the reason for the reduction in a payment to or failure to pay a subcontractor in any notice made under clause (i).

C.3 52.212-4 CONTRACT TERMS AND CONDITIONS--COMMERCIAL ITEMS (MAY 2015)

(a) Inspection/Acceptance. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights-

(1) Within a reasonable time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) Assignment. The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) Changes. Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) Disputes. This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) Definitions. The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) Excusable delays. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as,

acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

- (x) Electronic funds transfer (EFT) banking information.

(A) The Contractor shall include EFT banking information on the invoice only if required elsewhere in this contract.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer-- System for Award Management, or 52.232-34, Payment by Electronic Funds Transfer--Other than System for Award Management), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

(h) Patent indemnity. The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the

performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) Payment.-

(1) Items accepted. Payment shall be made for items accepted by the Government that have been delivered to the delivery destinations set forth in this contract.

(2) Prompt payment. The Government will make payment in accordance with the Prompt Payment Act (31 U.S.C. 3903) and prompt payment regulations at 5 CFR part 1315.

(3) Electronic Funds Transfer (EFT). If the Government makes payment by EFT, see 52.212-5(b) for the appropriate EFT clause.

(4) Discount. In connection with any discount offered for early payment, time shall be computed from the date of the invoice. For the purpose of computing the discount earned, payment shall be considered to have been made on the date which appears on the payment check or the specified payment date if an electronic funds transfer payment is made.

(5) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall--

(i) Remit the overpayment amount to the payment office cited in the contract along with a description of the overpayment including the--

(A) Circumstances of the overpayment (e.g., duplicate payment, erroneous payment, liquidation errors, date(s) of overpayment);

(B) Affected contract number and delivery order number, if applicable;

(C) Affected contract line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(6) Interest.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(ii) The Government may issue a demand for payment to the Contractor upon finding a debt is due under the contract.

(iii) Final decisions. The Contracting Officer will issue a final decision as required by 33.211 if--

(A) The Contracting Officer and the Contractor are unable to reach agreement on the existence or amount of a debt within 30 days;

(B) The Contractor fails to liquidate a debt previously demanded by the Contracting Officer within the timeline specified in the demand for payment unless the amounts were not repaid because the Contractor has requested an installment payment agreement; or

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

(vi) The interest charge shall be computed for the actual number of calendar days involved beginning on the due date and ending on--

(A) The date on which the designated office receives payment from the Contractor;

(B) The date of issuance of a Government check to the Contractor from which an amount otherwise payable has been withheld as a credit against the contract debt; or

(C) The date on which an amount withheld and applied to the contract debt would otherwise have become payable to the Contractor.

(vii) The interest charge made under this clause may be reduced under the procedures prescribed in 32.608-2 of the Federal Acquisition Regulation in effect on the date of this contract.

(j) Risk of loss. Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin; or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be

required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) Termination for cause. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) Title. Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) Warranty. The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) Limitation of liability. Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) Other compliances. The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) Compliance with laws unique to Government contracts. The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. chapter 37, Contract Work Hours and Safety Standards; 41 U.S.C. chapter 87, Kickbacks; 41 U.S.C. 4712 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. chapter 21 relating to procurement integrity.

(8) Other documents, exhibits, and attachments

(9) The specification.

(t) System for Award Management (SAM).

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) Unauthorized Obligations.

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) Incorporation by reference. The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS (FEB 2015)

(a) The contractor shall not require employees or contractors seeking to report fraud, waste or abuse to sign or comply with internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(b) The contractor shall notify employees that the prohibitions and restrictions of any internal confidentiality agreements covered by this clause are no longer in effect.

(d)(1) In accordance with section 743 of Division E, Title VII, of the Consolidated and Further Continuing Resolution Appropriations Act, 2015 (Pub. (2) The Government may seek any available remedies in the event the contractor fails to comply with the provisions of this clause.

(End of Clause)

C.7 52.216-18 ORDERING (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from the effective date of the contract through the end of the effective period.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of Clause)

C.8 52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than \$500.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor—

(1) Any order for a single item in excess of 2 months' services;

(2) Any order for a combination of items in excess of 2 months services; or

(3) A series of orders from the same ordering office within 7 days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 10 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of Clause)

C.9 52.216-21 REQUIREMENTS (OCT 1995)

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after the date of contract expiration.

(End of Clause)

C.10 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 10 days provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.

SECTION E - SOLICITATION PROVISIONS

E.1 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS (APR 2014)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall

be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids)*. The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) Availability of requirements documents cited in the solicitation.

(1)(i) The GSA Index of Federal Specifications, Standards and Commercial Item Descriptions, FPMR Part 101-29, and copies of specifications, standards, and commercial item descriptions cited in this solicitation may be obtained for a fee by submitting a request to—

The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "DUNS" or "DUNS +4" followed by the DUNS or DUNS +4 number that identifies the offeror's name and address. The DUNS +4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same concern. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. An offeror within the United States may contact Dun and Bradstreet by calling 1-866-705-5711 or via the internet at <http://www.fedgov.dnb.com/webform>. The offeror should indicate that it is an offeror for a Government contract when contacting the local Dun and Bradstreet office.

(k) *System for Award Management.* Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the SAM database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. E.3 52.203-98 PROHIBITION ON CONTRACTING WITH ENTITIES THAT REQUIRE

CERTAIN INTERNAL CONFIDENTIALITY AGREEMENTS - REPRESENTATION (FEB 2015)

(a) In accordance with section 743 of Division E, Title VII, of the Consolidated and further Continuing Resolution Appropriations Act, 2015 (Pub. L. 113-235), Government agencies are not permitted to use funds appropriated (or otherwise made available) under that or any other Act for contracts with an entity that requires employees or subcontractors of such entity seeking to report fraud, waste, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or contractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(b) The prohibition in paragraph (a) of this provision does not contravene requirements applicable to Standard Form 312, Form 4414, or any other form issued by a Federal department or agency governing the nondisclosure of classified information.

(c) Representation. By submission of its offer, the Offeror represents that it does not require employees or subcontractors of such entity seeking to report fraud, waste, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or subcontractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

E.4 52.209-5 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (APR 2010)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that—

(i) The Offeror and/or any of its Principals—

(A) Are [] are not [] presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have [] have not [], within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have," the offeror shall also see 52.209-7, if included in this solicitation);

(C) Are ☐ are not ☐ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1)(i)(B) of this provision; and

(D) Have ☐, have not ☐, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) *Examples.*

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Offeror has ☐ has not ☐, within a 3-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) Principal, for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).

THIS CERTIFICATION CONCERNS A MATTER WITHIN THE JURISDICTION OF AN AGENCY OF THE UNITED STATES AND THE MAKING OF A FALSE, FICTITIOUS, OR FRAUDULENT

CERTIFICATION MAY RENDER THE MAKER SUBJECT TO PROSECUTION UNDER SECTION 1001, TITLE 18, UNITED STATES CODE.

(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror nonresponsible.

(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of Provision)

E.5 52.209-5 REPRESENTATION BY CORPORATIONS REGARDING AN UNPAID TAX LIABILITY OR A FELONY CONVICTION UNDER ANY FEDERAL LAW (DEVIATION)(MAR 2012)

(a) In accordance with Division H, sections 8124 and 8125 of P.L. 112-74 and sections 738 and 739 of P.L. 112-55 none of the funds made available by either Act may be used to enter into a contract with any corporation that—

(1) Has an unpaid federal tax liability, unless the agency has considered suspension or debarment of the corporation and the Suspension and Debarment Official has made a determination that this action is not necessary to protect the interests of the Government.

(2) Has a felony criminal violation under any Federal or State law within the preceding 24 months, unless the agency has considered suspension or debarment of the corporation and Suspension and Debarment Official has made a determination that this action is not necessary to protect the interests of the Government.

(b) The Offeror represents that—

(1) The offeror does ☐ does not ☐ have any unpaid Federal tax liability that has been assessed and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability.

(2) The offeror, its officers or agents acting on its behalf have ☐ have not ☐ been convicted of a felony criminal violation under a Federal or State law within the preceding 24 months.

(End of Addendum to 52.212-1)

E.13 52.212-2 EVALUATION—COMMERCIAL ITEMS (JAN 1999)

- (a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government (i.e., best value), price and other factors considered.

The following factors, listed in descending order of importance, will be used to evaluate offers: Non Price, Factors (1) Technical Approach (2) Past Performance; and Price. Overall, Factors 1 & 2 are more important than price.

- (1) The Government intends to make a single award to the Offeror whose offer represents the best value. Best value as defined in Federal Acquisition Regulation (FAR) Part 2, is *the expected outcome of an acquisition that, in the Government's estimation, provides the greatest overall benefit in response to the requirement.*
- (2) The Government will use a best value tradeoff evaluation process based upon a comprehensive assessment of the evaluation factors to select the offer with best value. For each non-price factor, the Government will consider strengths, weaknesses, AND deficiencies associated with each offer. The Government will evaluate the approach presented by each Offeror to meeting the solicitation requirements and goals based on the information contained in the Offeror's proposal. The Government will evaluate the Offeror's proposal to ensure compliance with the terms and conditions of the solicitation as well as the Offeror's assumptions, conditions, and/or exceptions (if any) upon which the Offer is based. The Government will assess all assumptions, conditions, and/or exceptions in relation to their potential impact on Offeror's approach as well as risk and cost to the Government. The Offeror must fully explain and justify any exceptions to the terms and conditions of the solicitation. The Government will assess evaluation factors considering the responsiveness, quality and feasibility of the Offeror's proposal in light of the solicitation requirements and the submission instructions. **The Government will evaluate price proposals using the standard means test and standard deviation.** Failure to comply with the terms and conditions of the solicitation as well as proposal submission requirements and instructions may result in the Offeror's proposal being removed from consideration for award.
- (3) When the offer with the lowest evaluated price is other than the offer that has the highest non-price ratings, a tradeoff between the price and non-price evaluations may be necessary. The Government will use best value analysis to determine whether the technical superiority of the offer warrants the additional cost. The Government will select the offer with best value, which may not be the lowest price or the best non-price solution. Award may be made to other than lowest price Offeror, if the Government determines that a price premium is warranted due to merits of one or more of the factors.

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

Addendum to FAR 52.212-2

The Government retains the right to award without discussions. Offerors are urged to ensure that their proposal is submitted on the most favorable terms, since less than their best potential could result in exclusion of the proposal from further consideration. Responses which merely repeat the PWS cannot be considered as being responsive to the requirements of the RFQ. Assurances of technical capability without a clear demonstration to support the claim may adversely influence the evaluation of the proposal. **Evaluation Process:** Proposals will be evaluated based on the following factors, listed as shown below:

FACTOR 1: TECHNICAL

The Offeror shall address each of the following, relevant to the Government's requirement:

- Describe the methodology to be implemented to accomplish the requirements of the PWS. Detail how the proposed approach will effectively achieve each performance objective.
- List the prime responsible firm and individuals as well as the roles and responsibilities of individuals proposed. Offerors shall include in their technical proposal the number of years they have been in business, their business size standard, licenses, certifications, insurance paperwork, etc.
- Provide the proposed staffing plan with any subcontracting (inclusive of labor mix).
- List the key personnel with their titles that you will be assigning to the tasks. Include other team members, as appropriate.
- **Provide a list of all proposed subcontractors, including telephone number, address, and name of contact. Subcontractors shall be listed with the tasks they will perform. Offerors shall list the percentage of work to be performed by each subcontractor. If they are performing portions of any CLINS, list the percentage of each CLIN they are performing.**
- The Offeror shall specify how allowance has been made for weather delays in the schedule, holidays and burial services. A statement, such as, "the Offeror will abide by all contract requirements" is not acceptable for determining technical acceptability.
- Offer shall provide the proposed Quality Control Plan and Fire Safety Plan.
- Offeror's shall provide an equipment list to include the model and age of each piece. This list shall include any equipment being provided by a proposed subcontractor.
- Offeror shall indicate how long it will take to fully staff the contract and how peak workloads, overlapping or simultaneous task assignments, and sick and vacation leaves will be covered and other contingency plans to manage resources. Other information to address should be that method is complete and adequate, range of proposed staff is appropriate and that the key personnel are qualified and available at all times.
- The Offeror shall demonstrate the ability of obtaining, before commencement of contract performance period, all licenses, permits, insurance information and other certifications (i.e., any

herbicides/insecticides and chemicals proposed) to perform the contract. Additionally, the Offeror is to include a discussion of how his/her resources are allocated by percentages, how the offeror plans to retain the proposed staffing levels, information on turnover rates and related recruiting efforts. Subcontractors shall be listed with the tasks they will perform. If they are performing portions of any CLINS, list the percentage of each CLIN they are performing.

The Factor will be evaluated as an overall factor with no sub factors. The standard is met when the offeror's technical approach demonstrates:

- A satisfactory understanding of current industry standards, policies, procedures, and processes utilized in accomplishing the complexity and magnitude of service requirements set forth in the performance objectives and standards of the PWS.
- Adequate Quality Control Plan, Fire Safety plan, and staffing levels, certifications, licenses and a reasonable understanding of the requirements and labor quantities and skills needed to successfully perform.
- Adequate equipment to successfully perform the service requirements.
- An approach/methodology to effectively achieve performance objectives and standards that reflects the best industry and/or commercial practices, standards and procedures for each major task.

The cemetery has no personnel to educate Contractor/Subcontractor personnel.

FACTOR 2: PAST PERFORMANCE

Client Overall Satisfaction -- Firm must provide three recent and relevant Past Performance Questionnaire. **Past Performance should be relevant in size, scope, and complexity.** See Section D for form. The completed form shall be submitted as a part of Volume II (Past Performance). Government will contact references and may ask the following questions:

- a. How would you rate the offeror's compliance with the contract requirements?
- b. How would you rate the effectiveness of the offeror's on-site management?
- c. How would you rate the offeror's use of appropriate personnel for contract requirements?
- d. How would you rate the offeror's timeliness in submission of schedule? Reports? Submittals?
- e. How would you rate the offeror's adherence to the schedule?
- f. How would you rate the offeror's responsiveness towards safety issues?
- g. How would you rate the offeror's ability to effectively deal with the customer and other Government personnel?
- h. How would you rate the offeror's cooperativeness in solving problems and negotiating changes?
- i. How would you rate the offeror's abilities to address any financial difficulties (i.e., payment of subcontractors and/or vendors, labor disputes, etc.)?
- j. How would you rate the offeror's responsiveness to cure notices, show cause letters, suspension of payment, or termination notices?
- k. As the end user/customer, how would you rate your satisfaction with the end product?
- l. How would you rate the offeror's overall performance on this project?

Offerors shall not incorporate by reference into their proposal, PPQs previously submitted for other RFPs. However, this does not preclude the Government from utilizing previously submitted PPQ information in the past performance evaluation.

This factor will be evaluated as an overall factor with no sub factors. The standard is met when the Offeror demonstrates a trend of satisfactory performance on relevant projects. The Government will evaluate the degree to which past performance evaluation and all other past performance information reviewed by the Government reflect a trend of satisfactory performance considering:

- A pattern of successful completion of tasks.
- A pattern of deliverables are timely and of good quality.

- A pattern of cooperativeness and teamwork with the government at all levels.
- Projects of similar size, scope and complexity.

PRICE

Price will be evaluated on the basis of its realism and acceptability to the Government. The lowest bidder will not necessarily get this award. Just providing a price with no substantial information on pricing and/or performance will result in an inferior proposal and may be considered technically non responsive. Pricing may be compared against the Government Cost Estimate (GCE) or against the average mean of the offers received to arrive at a competitive range in determining too low/too high offers. For evaluation purposes the lowest price will be determined by calculating the total price of all Contract Line Item Numbers (CLINs) over all years (Base and Options) in order to determine a total amount. Price will be evaluated for reasonableness **using the standard means test and standard deviation.**

A Responsibility Determination will be made in accordance with FAR 9.1 Responsible Prospective Contractors. The Government will make use of several data bases to aid in establishing a more complete picture of responsibility and ability the databases include, but are not limited to Experian, PPIRS, EPLS, VetBiz and SBA.

Additional Information:

BONDING: The Government retains the right to ask for bonding (bid, performance, payment) if it is determined to be necessary to address Government concerns. In such cases, the Government will reimburse 100% of the bonding price. Failure to receive or qualify for bonding will result in removal from further consideration for award. The Experian comprehensive Report will be one of the tools used to determine if bonding should be required due to the business financial stress score/summary. The number of contracts outstanding will be another consideration in determining if bonding will be needed. Failure to obtain bonding within a reasonable time will result in withdrawal of award and discussion with the next best offer. If bonding is not required, the prime is required to notify all sub-contractors that there is no bonding on the contract. Reference FAR 52.228-16 Performance and Payment Bonds – Other than construction.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.
