Question(s) is/are on the solicitation [ x ]

Question(s) is/are on the drawings, specifications, technical data [ x ]

Company Name and Offeror: D Square Construction, LLC

From (person submitting question): Craig Crider

Date of Proposal Inquiry: 08/20/15

Phone Number: 520-748-9371

Proposal Inquiry: (Type inquiry below)

Proposal RFI #1 – Specification Section 01 45 29, Part 1.1 states the Testing Laboratory will be retained by the VA. Revised Section 01 00 00 (issued in Amendment A00001), Part 1.1 – D states that the Testing Laboratory will be retained by the Contractor. Please clarify whether the Testing Laboratory will be retained by the VA or by the Contractor.

**As stated in revised Section 01 00 00 (issued in Amendment A00001), Part 1.1, all Testing Laboratories shall be retained by the Contractor.**

Proposal RFI #2 – Revised Section 01 00 00 Part 1.31 – Photographic Documentation requires the Contractor to hire a professional commercial photographer to photographically document the progress for this project. Since this is a large expense that will be added to the Contractor's offer, please confirm that a professional photographer will be required for this project.

**A professional photographer that meets the requirements described in Revised Section 01 00 00 is required for this project. If no project progress is scheduled, weekly photos are not needed in those weeks.**

Proposal RFI #3 - RFP, Page 8 & 9 – Pricing Sheet does not match the Statement of Bid Items found on RFP, Page 10. Will the VA be issuing a Pricing Sheet that matches the Statement of Bid Items?- **Please see attached revised pricing sheet.**

Proposal RFI #4 - Section 01 00 10 – Contractor Quality Control. Please verify whether the Project Superintendent for this project may also serve as the Contractor Quality Control Manager, or whether the VA will require a separate person to fulfill the CQCM role for this project.

**The contractor's Project Superintendent may also serve as the CQC Manager, provided they meet the requirements for CQC Manager as outlined in Section 01 00 10 – Contractor Quality Control.**
