

1. **Question:** Drawing AS-103. Step down portions of the ceiling on drawing AS-103 are part of the acoustical plaster scope. Parts of the adjacent ceilings call for color. What color(s) should the vertical step downs be in these rooms?
1. **Answer:** Refer to the attached drawing for paint colors on the step downs. Generally the paint colors on the vertical surface of the step downs are the paint color of the horizontal surface directly above.
