FAR 52.212-1 Instructions to Quoters—Commercial Items (Tailored for SAP)

- (a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition are contained within this solicitation. However, the small business size standard for a concern which submits a quotation in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.
- (b) Submission of quotations. Submit quotations to the office specified in this solicitation at or before the exact time specified in this solicitation. Quotations may be submitted on letterhead stationery, or as otherwise specified in the solicitation. As a minimum, quotations must show-
- (1) The solicitation number;
 - (2) The time specified in the solicitation for receipt of quotations;
 - (3) The name, address, and telephone number of the quoter;
 - (4) A technical description of the items being quoted in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
 - (5) Terms of any express warranty;
 - (6) Price and any discount terms;
 - (7) "Remit to" address, if different than mailing address;
 - (8) A completed copy of the representations and certifications at FAR [52.212-3](#) (see FAR [52.212-3](#)(b) for those representations and certifications that the quoter shall complete electronically);
 - (9) Acknowledgment of Solicitation Amendments;
 - (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
 - (11) A completed copy of this solicitation shall be submitted with all Quotations. The completed solicitation specifies the extent of agreement with all terms, conditions, and provisions included in the solicitation. Quotations that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of quotations. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.
- (d) Multiple quotations. Quoters are encouraged to submit multiple quotations presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each quotation submitted will be evaluated separately.
- (e) Late submissions.
- (1) Quoters are responsible for submitting quotations so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that quotations are due.
 - (2) Any quotation received at the Government office designated in the solicitation after the exact time specified for receipt of quotations is late and will not be considered unless it is received before award is made and the Contracting Officer determines that accepting the late quotation would not unduly delay the acquisition
 - (3) If an emergency or unanticipated event interrupts normal Government processes so that quotations cannot be received at the Government office designated for receipt of quotations by the exact time specified in the

solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of quotations will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

- (f) Contract award. The Government intends to evaluate quotations and issue a purchase order based on the initial quotations received. Therefore, the quoter's initial quotation should contain the quoter's best terms from a price and technical standpoint. The Government reserves the right to request revised quotations from, or negotiate final purchase order terms with, one or more, but not all, quoters if later determined by the Contracting Officer to be necessary. However, the Contracting Officer will not establish a competitive range, conduct discussions, or otherwise use the procedures described at FAR 15.306. The Government may reject any or all quotations if such action is in the public interest; and issue a purchase order to other than the quoter with the lowest priced quotation.
- (g) Multiple awards. The Government may issue a purchase order for any item or group of items of a quotation, unless the quoter qualifies the quotation by specific limitations. Unless otherwise provided in the Schedule, quotations may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity quoted, at the unit prices quoted, unless the quoter specifies otherwise in the quotation.

52.212-2 Evaluation -- Commercial Items

(a) The Government will award a contract resulting from this solicitation to the responsible Quoter whose quote conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate quotes:

Factor 1 – Price

(b) *Options*. The Government will evaluate quotes for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of a quote, mailed or otherwise furnished to the successful Quoter within the time for acceptance specified in the quote, shall result in a binding contract without further action by either party. Before the quote's specified expiration time, the Government may accept a quote (or part of a quote), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
