Proposal Inquiry: (Type inquiry below)

Proposal RFI #1 – There are some spec sections included in bld. 200 and bld. 7 spec that do not appear to apply to the project such as 07 13 52 and 07 16 16.

Is there any work required on existing elevator pit or shaft in relation to these spec sections that would apply to this project?

Answer: Keep this Spec. section "[07 16 16 – Crystalline waterproofing](#)", this will cover what's actually preformed on the elevator projects.

Deleted "07 13 52 – Modified Bituminous Sheet waterproofing" not needed.

Add additional as necessary
