

DEPARTMENT OF
VETERANS AFFAIRS

Memorandum

Date: 6/22/15
From: VHA Chief Procurement and Logistics Officer and Head of Contracting Activity
Subj: Use of Medical/Surgical Prime Vendor (MSPV) Contracts is Mandatory
To: VHA Service Area Office (SAO) Directors and Network Contracting Office (NCO) Directors of Contracting

1. This memorandum is to remind all Procurement staffs to reinforce the requirement for using the Medical/Surgical Prime Vendor (MSPV) contracts. All medical and surgical supplies that are available from MSPV must be ordered from the appropriate contract. **The MSPV is mandatory for use by all VA Medical Centers (VAMCs).** Therefore, when a product is available through MSPV, VAMC personnel must ensure they are purchased through the MSPV.
2. VAMC Logistics Offices are responsible for ordering medical and surgical products from MSPV. VHA Network Contracting Offices will support mandatory MSPV use by checking medical/surgical product purchase requests submitted by VAMCs for MSPV product availability. Requests for products available through the MSPV will be returned to the VAMC Logistics Office. A list of the MSPV contractors is provided in Attachment A to assist in providing customer service to the VISN Logistics Offices.
3. These MSPV contracts are mandatory for the Agency's use and are required in accordance with the Department of Veterans Affairs (VA) Acquisition Regulation (VAAR), Priorities for use of Governmental Supply Sources.
4. Should there be any questions regarding this matter, please contact Warren Ector, Associate Director, VHA Procurement (Policy) at warren.ector@va.gov or at (202) 632-8428.

Norbert S. Doyle
Chief Procurement and Logistics Officer (10NA2)
