VA PROJECT NO.

## **Research and VMU**

### **Specifications**

Section 123103 FLEXIBLE CASEWORK SYSTEMS, Part 2 – Products 2.5 MOBILE STORAGE UNITS (MOBILE BASE CABINETS), A. General

2. Painted steel construction body with metal doors and drawer fronts. Exterior members to be flush overlay and painted per finish schedule.

- Changed the wording of this section to clarify that wood doors and drawers were not going to be used in the lab portion of the project.

Section 123200 MANUFACTURED WOOD MODULAR CASEWORK

- This section was removed because the project does not contain any wood casework with the Vivarium or lab spaces.

### **Lab Equipment**

Sheet QL0.0.4 Changed note for spray hose to, “FLEXIBLE 60” HIGH PRESSURE (200 PSI) SPRAY HOSE”. This is the spray hose that is located in the dirty Cage/Rack washer room and is used to pre-rinse the cages and racks before entering the cage and rack washer.
