B.3 DESCRIPTION/SPEC

SPECIFICATIONS/WORK STATEMENT

NCA MISSION

The National Cemetery Administration honors veterans with a final resting place and lasting memorials that commemorate their service to our Nation. National cemeteries are National Shrines. The standards of maintenance, appearance and operational procedures performed by the Contractor at these cemeteries shall reflect this nation's concern for those interred there. For this reason, the Contractor's strict adherence to the specifications shall be required and shall be essential.

TREE PRUNING

- (a) Pruning of all trees shall be accomplished under the direction and guidance of an ISA Certified Arborist provided by the Contractor. At no time should any branches, tree limbs or sections of the trunk be dropped to the ground or on any headstones or structures. The Contractor shall be responsible for any damage to the turf, roads, sidewalks, structures or headstones caused by dropping parts of the tree. All pruning cuts will be made in accordance within normal arborist pruning procedures to insure that the tree remains healthy and pruning cuts do not tear the bark and tree tissue or go into the branch bark collar.
- (b) All wood chip particles and debris from the tree removal / pruning shall be cleaned up thoroughly and removed from the cemetery daily. The Contractor shall take every precaution to prevent any falling branches or trees from damaging any headstones, roadways, adjacent plant material or structures.
- (c) The Contractor shall be responsible for repair and or replacement to any damaged turf, headstones or other property. All work will be completed within ten (10) days of award of contract.
- (d) Deadwood pruning will consist of the removal of all deadwood and broken branches that pose a potential risk which could result in personal injury or property damage. All broken, hanging, dead or otherwise potentially dangerous limbs will be removed to improve the structural integrity of the tree.
- (e) Raising of tree crown or limbing up of the trees to insure that all trees located within the cemetery committal wheel and interment chapels have sufficient clearance for employees, visitors and to perform cemetery operations. Pruning (raising of the crown) will be done in a way that retains the natural shape of the tree.

Utility Lines Compliance: Where pruning conflicts with existing utility service lines (above or below ground), cemetery personnel and the appropriate utility company shall be notified by the Contractor. The Contractor shall obtain all necessary permits and cooperate with the utility company to avoid any damage or liability.

Debris & Waste Removal: Removal of debris and waste away from the cemetery grounds shall be the responsibility of the Contractor. At the end of each day, the Contractor shall remove all pruning / trimming cuts, tree limbs, dead branches, bush / shrub / hedge clippings and other debris from the cemetery site resulting from the work. The Contractor shall ensure at all times that debris and waste generated by the Contractor is kept clear of vehicular and pedestrian traffic throughout the site. NOTE: The Government shall not provide receptacle(s) for disposal of debris related to this contract.

Communication & Coordination of Work with COR: Contractor shall participate in regular meetings with Government personnel and other Contractors at the cemetery to coordinate contract work schedules and contract related issues. Communication with the COR is strongly encouraged. Burial activities at NCA will take precedence over contract work activities. Work activity and noise cannot disturb Burial Services. Trucks and workers are prohibited from passing through the service area during this period.

Cemetery Activities: To cause the least possible interference with cemetery activities, contract personnel will stop (cease) all work in areas where burials are taking place. As a general "rule-of-thumb", work should not take place within 1,000 feet of an ongoing committal service or ceremony. The Site Manager will re-direct work throughout the rest of the Cemetery – so that productive use of labor and equipment is assured, and downtime is avoided. If the Contractor fails to re-direct employees away from an event in a timely manner, the COR may then do so. **As the area at the cemetery for intended pruning is where numerous funerals and services throughout the day are conducted, it may be required that the Contractor perform the required services early in the morning or later in the afternoon before cemetery operations begin or after they cease.**

Notwithstanding the Contractors responsibility for total management during the performance of this contract, the administration of the contract will require maximum coordination between the Government and the Contractor. The Government shall provide, at the time of contract award, a list of Government personnel authorized to act as Contracting Officer's Technical Representatives.

CONTRACT MANAGEMENT

Site Manager: A “**Certified Arborist**” shall serve as the “site manager” for this contract and will be provided by the Contractor for not less than eight (8) hours a day whenever work is being performed - other than trash and debris pick-up. The Certified Arborist must have not less than three (3) years’ experience as a direct supervisor of a commercial tree maintenance operation that has included large shade tree removal, tree pruning and stump grinding/removal in industrial, commercial or public sites and must be certified by International Society of Arboriculture. The Certified Arborist will ensure all specifications are being met, ensure contract work does not conflict with ceremonies and funerals, and ensure employees are adequately supervised and proper conduct is maintained.

Representatives of the Contracting Officer: The VA Contracting Officer will designate one (or more) representatives to serve as the Contracting Officer’s Representative (COR). Such designation will be in writing and will define the scope and limitations of the designee's authority. A copy of the designation(s) shall be furnished to the Contractor at time of award.

The COR is responsible for furnishing technical guidance and advice or generally supervises the work to be performed under this contract. The COR may direct and arrange the Contractor's work schedule in specific areas of the cemetery to coordinate with daily cemetery activities and operations. Duties and responsibilities of the COR include, but are not limited to, the following:

- (iv) Determining whether contract deliverables meet functional, technical and performance specifications.
- (v) Verification / certification of payments to the Contractor for services rendered.
- (vi) Assuring that any changes effecting work involved, price, terms and/or conditions under the contract are not implemented before written authorization is issued by the Contracting Officer.

Contracting Officer: Contract Administration and administrative functions are the responsibility of the VA Contracting Officer. Any modifications to the contract, including those involving no-cost changes, increases and decreases in cost or level of services provided, termination or extension of the contract (in part or in whole) and decisions concerning claims or disputes, must be authorized in writing by the Government Contracting Officer.

Payment: Upon completion of all tree pruning the Contractor shall submit an invoice in arrears for services rendered. Prior to certification of payment, invoices will be verified for accuracy by the COR. The COR shall verify the services provided and authorize payment. VA reserves the right to reject any work that does not meet contract specifications.

All portions of the trunk and any tree limbs or branches over 3 ½ inches in diameter must be lowered to the ground by crane or ropes and may not be dropped. At no time may the contractor drop any branches onto cemetery headstones or turf. If there are any headstones that may have to be removed in order to obtain access to a particular tree the Contractor will be responsible for alerting the COR and cemetery staff before doing any work in this location. The cemetery staff will be responsible for pulling and resetting the headstone or stones in question.

The Contractor shall fully cooperate with other Contractors and with Government employees and shall carefully adapt scheduling and performance of work, adhering to any direction provided by the COR.

(g) More than one Contractor may have access to storage areas designated by the COR. The Government will not be liable to the Contractor for costs associated with claims, damages, loss or replacement of equipment or personal property while on Cemetery property.

(h) The Contractor shall not operate trucks, tractors, or other heavy equipment on any turf area except as provided in this contract or as authorized by the COR. The Contractor will be responsible for repairing turf damage caused by the Contractor during all weather conditions that is deemed excessive by the COR at no additional cost to the government.

(i) The Contractor shall provide adequate safety warning devices, barricades and cover boards, etc., at all work sites to eliminate hazards from public visitors and cemetery employees at no cost to the government.

CONSEQUENCES OF CONTRACTOR'S FAILURE TO PERFORM REQUIRED SERVICES:

(c) Contract Discrepancy Report (CDR)

- i. For serious contract performance deficiencies, or when less formal communications fail to resolve minor performance deficiencies, the COR will issue a Contract Discrepancy Report (CDR) to the Contractor. The criticality of the offense(s) will govern whether to issue the CDR immediately or at the end of the monthly invoicing period.
- ii. The CDR will require the Contractor to respond in writing why the performance was unacceptable, what corrective actions have been/will be taken to fix the discrepancy, and how avoidance of a recurring problem will be prevented in the future.
- iii. If the Contractor does not achieve satisfactory performance by correcting the discrepancy identified in the CDR by the end of the next period or agreed suspense date, further actions may be considered by the Contracting Officer, to include a determination on whether continued performance by the contractor is feasible.
- iv. The contractor shall be held to the full performance of the contract. The COR will not approve the payment of invoices for items which were not completed in compliance with the specifications outlined in this Statement of Work.
- v. When a CDR is issued for a service, the Contracting Officer and/or the COR may exercise any contractual remedy available for non-performance, in accordance with FAR 52.212-4, "Inspection and Acceptance".
- vi. The COR will consult the Contracting Officer prior to submission of CDRs and also include the Contracting Officer on all correspondence pertaining to the CDR until the discrepancy is resolved
- vii. If the Government created any of the discrepancies, these will not be counted against the Contractor's performance. When the Government has caused the Contractor to perform in an unsatisfactory manner, the COR will forward a written notice to the responsible organizational element requesting corrective action be taken.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.27 per hour or \$170.80 per week or \$740.13 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, 4 weeks after 15 years, and 5 weeks after 25 years.

Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Good Friday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am.

If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es)

of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

SECTION E - SOLICITATION PROVISIONS

E.1 52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (OCT 2015)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror’s initial offer should contain the offeror’s best terms

from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

E.10 52.212-2 EVALUATION--COMMERCIAL ITEMS (OCT 2014)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforms to the requirements of the solicitation and proposes products/services within the scope of the Schedule of Supplies/Services and Statement of Work sections of the solicitation, which will be most advantageous to the Government, price and other factors considered.

Award will be made to the Lowest Price Technically Acceptable (LPTA) Offeror. Award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptability standards for non-price factors. For evaluation purposes the lowest price will be determined by calculating the total price of Contract Line Item Numbers (CLINs) in order to determine a total amount. Price will be evaluated for reasonableness per FAR 15.305. Price that is deemed not reasonable will be removed from further consideration.

Technical and past performance, when combined – Not Applicable when using LPTA

(b) *Options*. Options. Not Applicable

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

Addendum to FAR 52.212-2**Evaluation Process:**

Award will be made to the Lowest Price Technically Acceptable (LPTA) Offeror.

Technical Qualifications: Technical capability will be evaluated to determine the extent to which it demonstrates a clear understanding of all features involved in performance of the requirements identified in the SOW. The proposal should not simply restate the Government's requirements, but it should describe, in detail, how the Offeror intends to meet the requirements. In particular, offerors must provide information for the following sub-factors:

- Experience of company and / or subcontractors in performing this type of work? Have you done/performed services for a cemetery in the past? Have you done trees pruning in the past? Years of experience? Please explain. See statement of work for more information of what is needed.
- Qualification of Technical/key personnel (e.g.: Certified Arborist must have not less than three (3) years' experience, training, experience, certifications if needed, etc.)
- Sufficient Personnel/Equipment (list): to include proposed man hours, methodology, list of equipment/vehicles to be used, licenses (if needed), permits (if needed) and insurance information, etc.

- Performance Plan: submit a detailed performance plan to indicate how the contractor plans to meet the goals of the cemetery. (i.e. required tasks, performance schedule, frequency, etc) The contractor's proposal will be evaluated on how well it meets the performance goals of this contract. If using a subcontractor, list the type and percent of work you will perform and that they will perform along with your subcontractor's social economic status (i.e. Disable/Veteran owned, Woman owned, Small, Large Business, etc.).

Past Performance: Past performance will be evaluated for quality, schedule (ie recent), price control, business relations, management of key personnel and relevance (ie experience in providing services similar in size, scope, and complexity as described in the SOW). If no past performance information is readily available (FAR 15.305(a) (2) (iv)), the Offeror's past performance will be evaluated neither favorably nor unfavorably.

NOTE: The offeror is responsible for providing three (3) references of their choosing using a copy of Attachment B in Section D (Past Performance Questionnaire) for their completion and their submission back to the Contracting Officer for review. The completed questionnaires shall be emailed to: iris.chen1@va.gov no later than **2 days** after the solicitation's closing date and time. The references chosen by the offeror should be selected based on past projects of the same or similar work. The source selection authority shall determine the relevance of similar past performance information.

Technical and past performance, when combined – Not Applicable when using LPTA.

Price:

- The Government will evaluate offers by adding the total of all line item prices. Price analysis will be conducted to determine a fair and reasonable price. Additionally, a price realism analysis will be conducted for the purpose of assessing whether an offer reflects understanding of contract requirements, risk inherent, or if the proposal is unbalanced. Price may be compared against the Independent Government Estimate (IGE) or against the average mean of the offers received to determine too low or too high offers. The Government reserves the right to use any standard or acceptable method to determine price realism.

The Government will research information and data bases to aid in establishing contractor's responsibility and ability to perform. The databases include, but are not limited to Experian, PPIRS, EPLS, VetBiz and SBA.

Bonding: The Government retains the right to ask for bonding (bid, performance, payment) if it is determined to be necessary to address Government concerns. In such cases, the Government will reimburse 100% of the bonding price. Failure to receive or qualify for bonding will result in removal from further consideration for award. The Experian comprehensive Report will be one of the tools used to determine if bonding should be required due to the business financial stress score/summary. The number of contracts outstanding will be another consideration in determining if bonding will be needed. Failure to obtain bonding within a reasonable time will result in withdrawal of award and discussion with the next best offer. If bonding is not required, the prime is required to notify all sub-contractors that there is no bonding on the contract. Reference FAR 52.228-16 Performance and Payment Bonds – Other than construction.

Offerors shall also provide a copy of their insurance with bid proposal, or before an award.

The Government retains the right to award without discussions. Therefore, offerors are encouraged to provide their best proposals with the materials requested for evaluation. The Government, based on the material presented, will award to the proposal that best demonstrates to be most advantageous for the Government.

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property; and

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at 22.1503(b).]

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.
