RFI NBR	Question Response	Submitted By	Dated Received
1.	Can you provide the drainage plans for the loading dock area?	Mule Construction	01/13/16
<b>Response</b>	The only drawing we have of our drainage system is from the original building design drawings. They are not extremely detailed or accurate. Attachments 1-3 as contained in Amendment A00002 are three sketches based on the original drawings or on a recent survey. These drawings/sketches along with the drainage pipe photo found in the Solicitation VA248-16-R-0087 as "Attachment 13_Existing Loading Dock Drain" provide all information currently available .
