B.3 DESCRIPTION/SPEC

SPECIFICATIONS/WORK STATEMENT

A.1 BACKGROUND

Massachusetts National Cemetery (MNC) is located at Connery Ave., Bourne, MA 02532. Cemetery grounds encompass approximately 752 acres of land. MNC is a National Shrine that honors veterans with a final resting place and lasting memorials that commemorate their service to our Nation. The cemetery receives visitors, holds ceremonies and conducts committal services. Because of MNC's special significance and attention it receives from the public and media, strict adherence to the following specifications is essential.

A.2 GENERAL REQUIREMENTS

- (a) Completion Time: As sod is a perishable item and needs to be installed within several hours after being cut, the Contractor will complete sod installation on the same day (within 12 hours) that each individual delivery of sod is made to the cemetery. The Contracting Officer Representative (COR) will reject any sod with (i) yellow leaves, (ii) signs of mold or mildew, (iii) is brown / straw like indicating sod has remained on pallets or has been stacked too long, or (iv) has reduced vigor and will establish poorly.
- (b) Placement of Orders: The estimated quantity of square feet of sod indicated in the Price Schedule will not be needed all in one delivery, but as the cemetery continues to move through a particular burial section and has a need for more turf coverage. The Government anticipates ordering, and the Contractor furnishing, approximately 38,000 square feet of sod annually. Sod orders shall be placed on an "as-needed / as requested" basis in approximately 6,000 square feet increments from as soon as the Contractor is able to cut sod in the spring to as far into the fall/winter.
- (c) Orders for sod at Massachusetts National Cemetery shall be placed by the COR or designee. At the COR's discretion, orders may be placed orally or by facsimile. Sod orders shall be placed on an "as-needed / as requested" basis in approximately 6,000 square feet increments. The cemetery will notify the Contractor of the need for a sod delivery 2-3 days before it needs to be installed.
- (d) Sod Application: Sod shall be produced from Blue Tag certified seed as classified in the TPI Guideline Specifications to Turf Grass Sod. The composition of the grass species in the sod shall be a mix of 100% Kentucky bluegrass using a blend of at least 3 regionally adapted cultivars of Kentucky bluegrass.

A.3 SOD INSTALLATION

- (a) Massachusetts National Cemetery will not provide any equipment in the installation of the sod. Cemetery personnel will be available to assist the contractor in the installation of the sod. Equipment shall be provided by the contractor for acceptable and timely installation of the sod.
- (b) The sod shall be cut in rolls and with the width of the pieces not varying more than 0.5 inches to ensure installation ease and a uniform initial appearance and will be cut at a thickness of no more than 0.75 -1 inch thick excluding thatch and leaf length. All sod will be delivered to the work site the same day of installation.
- (c) The Contractor shall make all necessary arrangements to protect sod from excessive drying and wind damage from the time it is harvested at the sod farm until it is delivered to the cemetery.

- (d) The sod shall be laid in rolls expeditiously without interruption, until the work area is completely covered. All pieces of sod shall be cut and tightly fitted against one another without overlapping to eliminate any gaps or visible seams and shall be fitted around any obstructions.
- (e) Watering of all newly installed sod will be completed by the cemetery staff.
- (f) Debris & Waste Removal: The Government will not provide receptacle(s) for disposal of debris related to this contract. Removal of all debris / waste away and off cemetery grounds is the Contractor's responsibility. Any debris left after the sod installation shall be cleaned up thoroughly and removed from the cemetery. At the end of each day, the Contractor will remove all debris from the cemetery site resulting from the work. The Contractor shall ensure at all times that debris and waste generated by the Contractor is kept clear of vehicular and pedestrian traffic throughout the site.

A.4 RESPONSIBILITIES

- (a) The Contractor shall preserve and protect all structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the work site, which is not to be removed and which does not interfere with the work required under this contract. The Contractor shall take extreme precaution when installing and rolling sod not to hit, damage, mark or knock any headstones out of alignment. **Due to weight requirements for equipment in pre placed crypt fields, at no time shall the Contractor drive any trucks or delivery vehicles into the crypt field to deliver the sod.**
- (b) The Contractor must contact the COR during adverse weather conditions as to not cause any undue tracking or rutting of turf. If these situations occur, the complete renovation of these areas will be at the expense of the Contractor.
- (c) The Contractor shall protect from damage all existing improvements and utilities at or near the work site and on adjacent property of a third party. The Contractor shall immediately notify the COR of any such occurrence and repair any damage to those facilities, including those that are the property of a third party, resulting from failure to comply with the requirements of this contract or failure to exercise reasonable care in performing the work. If the Contractor fails or refuses to repair the damage promptly, the Contracting Officer may have the necessary work performed and charge the cost to the Contractor.
- (d) Communication & Coordination of Work with COR: Contractor shall participate in regular meetings with Government personnel and other Contractors at the cemetery to coordinate contract work schedules and contract related issues. Communication with the COR is strongly encouraged. Burial activities at NCA shall take precedence over contract work activities. Work activity and noise cannot disturb Burial Services. Trucks and workers are prohibited from passing through the service area during this period.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally, by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(End of Clause)

C.7 52.216-19 ORDER LIMITATIONS (OCT 1995)

(a) *Minimum order.* When the Government requires supplies or services covered by this contract in an amount of less than: \$500.00, the Government is not obligated to purchase, nor is the Contractor obligated to furnish, those supplies or services under the contract.

(b) *Maximum order.* The Contractor is not obligated to honor--

(1) Any order for a single item in excess of: \$5,000.00;

(2) Any order for a combination of items in excess of: \$10,000.00 or

(3) A series of orders from the same ordering office within 90 days that together call for quantities exceeding the limitation in paragraph (b)(1) or (2) of this section.

(c) If this is a requirements contract (i.e., includes the Requirements clause at subsection 52.216-21 of the Federal Acquisition Regulation (FAR)), the Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.

(d) Notwithstanding paragraphs (b) and (c) of this section, the Contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within 7 days after issuance, with written notice stating the Contractor's intent not to ship the item (or items) called for and the reasons. Upon receiving this notice, the Government may acquire the supplies or services from another source.

(End of Clause)

C.8 52.216-21 REQUIREMENTS (OCT 1995)

(a) This is a requirements contract for the supplies or services specified, and effective for the period stated, in the Schedule. The quantities of supplies or services specified in the Schedule are estimates only and are not purchased by this contract. Except as this contract may otherwise provide, if the Government's requirements do not result in orders in the quantities described as "estimated" or "maximum" in the Schedule, that fact shall not constitute the basis for an equitable price adjustment.

(b) Delivery or performance shall be made only as authorized by orders issued in accordance with the Ordering clause. Subject to any limitations in the Order Limitations clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the Ordering clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(c) Except as this contract otherwise provides, the Government shall order from the Contractor all the supplies or services specified in the Schedule that are required to be purchased by the Government activity or activities specified in the Schedule.

(d) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(e) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(f) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the Contractor shall not be required to make any deliveries under this contract after September 30, 2020.

(End of Clause)

C.9 52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 60 days of contract expiration.

(End of Clause)

C.10 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this contract by written notice to the Contractor within 60 days of contract expiration; provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 60 days before the contract expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed September 30, 2020 and additional six month, if extension of performance was granted.

The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective--

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or

(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance, and shall make copies available to the Contracting Officer upon request.

(End of Clause)

C.12 SUPPLEMENTAL INSURANCE REQUIREMENTS

In accordance with FAR 28.307-2 and FAR 52.228-5, the following minimum coverage shall apply to this contract:

(a) Workers' compensation and employers liability: Contractors are required to comply with applicable Federal and State workers' compensation and occupational disease statutes. If occupational diseases are not compensable under those statutes, they shall be covered under the employer's liability section of the insurance policy, except when contract operations are so commingled with a Contractor's commercial operations that it would not be practical to require this coverage. Employer's liability coverage of at least \$100,000 is required, except in States with exclusive or monopolistic funds that do not permit workers' compensation to be written by private carriers.

(b) General Liability: \$500,000.00 per occurrences.

(c) Automobile liability: \$250,000.00 per person; \$500,000.00 per occurrence and \$100,000.00 property damage.

(d) The successful bidder must present to the Contracting Officer, prior to award, evidence of general liability insurance without any exclusionary clauses for asbestos that would void the general liability coverage.

(End of Clause)

C.13 52.228-16 PERFORMANCE AND PAYMENT BONDS-- OTHER THAN CONSTRUCTION (NOV 2006)

(a) *Definitions.* As used in this clause--

"Original contract price" means the award price of the contract or, for requirements contracts, the price payable for the estimated quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(b) The Contractor shall furnish a performance bond (Standard Form 1418) for the protection of the Government in an amount equal to 100% percent of the original contract price and a payment bond (Standard Form 1416) in an amount equal to 100% percent of the original contract price.

(c) The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting Officer, within 10 calendar days, but in any event, before starting work.

(d) The Government may require additional performance and payment bond protection if the contract price is increased. The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bonds or to obtain additional bonds.

(e) The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury Department Circular 570, individual sureties, or by other acceptable security such as postal

money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Treasury Circular 570 is published in the *Federal Register*, or may be obtained from the:

(End of Clause)

C.14 52.232-19 AVAILABILITY OF FUNDS FOR THE NEXT FISCAL YEAR (APR 1984)

Funds are not presently available for performance under this contract beyond September 30, 2014. The Government's obligation for performance of this contract beyond that date is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the Government for any payment may arise for performance under this contract beyond September 30, 2014, until funds are made available to the Contracting Officer for performance and until the Contractor receives notice of availability, to be confirmed in writing by the Contracting Officer.

(End of Clause)

Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.

(c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.

(d) If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.

(e) If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by re-performance, the Government may (1) require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed.

(f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may (1) by contract or otherwise, perform the

services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service or (2) terminate the contract for default.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.27 per hour or \$170.80 per week or \$740.13 per month

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor; 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year, New Year's Day, Martin Luther King Jr's Birthday, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b), this wage determination does not apply to any employee who individually qualifies as a bona fide executive, administrative, or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per week) an hour would likely qualify as exempt computer professionals, (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition, because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example, if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate, then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally, because job titles vary widely and change quickly in the computer industry, job titles are not determinative of the application of the computer professional exemption. Therefore, the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

HAZARDOUS PAY DIFFERENTIAL: An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives.

Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving regrading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A links to the Directory may be found on the WHD home page at <http://www.dol.gov/esa/whd/> or through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.
- 5) The contracting officer transmits the Wage and Hour decision to the contractor.
- 6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to insure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

E.1 52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (OCT 2015)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --

- (1) The solicitation number;
- (2) The time specified in the solicitation for receipt of offers;
- (3) The name, address, and telephone number of the offeror;
- (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
- (5) Terms of any express warranty;
- (6) Price and any discount terms;
- (7) "Remit to" address, if different than mailing address;
- (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
- (9) Acknowledgment of Solicitation Amendments;
- (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)

(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government’s control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror’s initial offer should contain the offeror’s best terms

from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “DUNS” or “DUNS+4” followed by the DUNS or DUNS+4 number that identifies the offeror’s name and address. The DUNS+4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same concern. Award will be made to the Lowest Price Technically Acceptable (LPTA) Offeror. Award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptability standards for non-price factors. For evaluation purposes the lowest price will be determined by calculating the total price of Contract Line Item Numbers (CLINs) in order to determine a total amount. (End of Provision)

Addendum to FAR 52.212-2**Cascading Set-Aside Procedure :**

The Government will award at the highest possible Tier. The Tiers will be as follows:

1st Tier- Service Disabled Veteran Owned Small Business (SDVOSB)

2nd Tier- Veteran Owned Small Business (VOSB)

3rd Tier- All small businesses

METHOD OF AWARD – CASCADE PROCEDURES

1.1 This a competitive Request for Proposals (RFP) using a Three (3)-Tier cascading set-aside procedure. The set-aside requirement will be as follows: First (1st) Tier: Service Disabled Veteran Owned Small Businesses (SDVOSBs), Second (2nd) Tier: Veteran Owned Small Businesses (VOSBs), Third (3rd) Tier: All Small Businesses. Cascading process will be used in conjunction with FAR Part 15, Lowest Price Technically Acceptable (LPTA) source selection process.

Award will be made to a responsible offeror on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptability standards for non-price factors; **only were adequate/sufficient competition is received at a given Tier.**

1.2 Adequate competition exists if; (1) proposals are received from at least two qualified / technically acceptable responsible offerors; (2) each of whom can satisfy the contract's requirements independently; (3) both contend for a contract which will be won by the offeror who submits the lowest evaluated price meeting or exceeding technical requirement and; (4) price is reasonable as determined in accordance with FAR 19.202-6.

If the above is satisfied in Tier 1, Tiers 2 and Tiers 3 proposals will not be considered. If not Tier 2 will be added to the evaluation process. If no proposals, or no adequate competition received in Tier 2, Tier 3 will be added to the evaluation process.

Evaluation Process:

1.1 SOURCE SELECTION PROCESS - LOWEST PRICE TECHNICALLY ACCEPTABLE USING A CASCADING SET-ASIDE PROCEDURE

1.1.1 This is a competitive Request for Proposal (RFP). The Government expects to obtain Best Value in this negotiated acquisition by using the Lowest Price Technically Acceptable (LPTA) Source Selection Approach under FAR Part 15.101-2. Award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptability standards for non-cost factors.

1.1.2 All of the evaluation factors, except price, will be evaluated on a "Acceptable or Unacceptable" basis. "Acceptable / Unacceptable" Factors will define a standard of comparison for contract Requirements. Offeror's proposals shall satisfy all of the Government Technical requirements, in order to be determined "Technically acceptable", otherwise; they will fail to meet and will be considered "Unacceptable".

1.1.3 All offerors who submit proposals in accordance with the proposal submission instructions will be evaluated for acceptability. Afterwards, all technically acceptable proposals, those given an "Acceptable" rating, will then be evaluated for price reasonableness on the total proposed price. The lowest reasonably priced proposal will be the determining factor for award selection. Past performance will be considered as well.

The following will be evaluated:

Technical Qualifications: Technical capability will be evaluated to determine the extent to which it demonstrates a clear understanding of all features involved in performance of the requirements identified in the SOW. The proposal should not simply restate the Government's requirements, but it should describe, in detail, how the Offeror intends to meet the requirements. In particular, offerors must provide information for the following sub-factors:

- Experience of company and / or subcontractors in performing this type of work? Have you done/performed services for a cemetery or in other federal facility in the past? Have you provided sod delivery and installation services in the past? Years of experience? Please explain. See statement of work for more information of what is needed.
- Managerial Qualifications of Key personnel
- Sufficient Personnel / equipment to include proposed man hours, methodology, licenses (if needed), permits (if needed), etc.
- Performance Plan: submit a detailed performance plan to indicate how the contractor plans to meet the goals of the cemetery. (i.e. required tasks, performance schedule, frequency, etc) The contractor's proposal will be evaluated on how well it meets the performance goals of this contract. If using a subcontractor, list the type and percent of work you will perform and that they will perform along with your subcontractor's social economic status (i.e. Disable/Veteran owned, Woman owned, Small, Large Business, etc.).

Past Performance: Past performance will be evaluated for quality, schedule (ie recent), price control, business relations, management of key personnel and relevance (ie experience in providing services similar in size, scope, and complexity as described in the SOW). If no past performance information is readily available (FAR 15.305(a) (2) (iv)), the Offeror's past performance will be evaluated neither favorably nor unfavorably.

NOTE: The offeror is responsible for providing three (3) references of their choosing using a copy of Attachment B in Section D (Past Performance Questionnaire) for their completion and their submission back to the Contracting Officer for review. The completed questionnaires shall be emailed to: Iris.Chen1@va.gov no later than **2 days** after the solicitation's closing date and time. The references chosen by the offeror should be selected based on past projects of the same or similar work. The source selection authority shall determine the relevance of similar past performance information.

Technical and past performance, when combined – Not Applicable when using LPTA.

Price:

- The Government will evaluate offers by adding the total of all line item prices. Price analysis will be conducted to determine a fair and reasonable price. Additionally, a price realism analysis will be conducted for the purpose of assessing whether an offer reflects understanding of contract requirements, risk inherent, or if the proposal is unbalanced. Price may be compared against the Independent Government Estimate (IGE) or against the average mean of the offers received to determine too low or too high offers. The Government reserves the right to use any standard or acceptable method to determine price realism.

The Government will research information and data bases to aid in establishing contractor's responsibility and ability to perform. The databases include, but are not limited to Experian, PPIRS, EPLS, VetBiz and SBA.

Bonding: The Government retains the right to ask for bonding (bid, performance, payment) if it is determined to be necessary to address Government concerns. In such cases, the Government will reimburse 100% of the bonding price. Failure to receive or qualify for bonding will result in removal from further consideration for award. The Experian comprehensive Report will be one of the tools used to determine if bonding should be required due to the business

financial stress score/summary. The number of contracts outstanding will be another consideration in determining if bonding will be needed. Failure to obtain bonding within a reasonable time will result in withdrawal of award and discussion with the next best offer. If bonding is not required, the prime is required to notify all sub-contractors that there is no bonding on the contract. Reference FAR 52.228-16 Performance and Payment Bonds – Other than construction.

Offerors shall also provide a copy of their insurance with bid proposal, or before an award.

The Government retains the right to award without discussions. Therefore, offerors are encouraged to provide their best proposals with the materials requested for evaluation. The Government, based on the material presented, will award to the proposal that best demonstrates to be most advantageous for the Government.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals Contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).
