

1.6 EVALUATION FACTOR B – EXPERIENCE

- a. The sample projects provided must meet the test of being relevant and recent and must demonstrate the Offeror's experience in completing projects of the scope and magnitude described in Attachment B Specifications and Attachments C.1 through C.6 Construction Drawings Volumes 1 through 6.
 - i. Relevant. The VA considers the most relevant experience to be work of a similar nature in scope (type of work performed) and contract value (magnitude) followed by work performed in fully operational hospitals, followed by work performed in other medical facilities followed by work performed in other facilities where infection control is a concern.
 - ii. Recent. The more recent the experience the more relevant it is. Projects must have been completed within the past five (5) years as described, above.
