

JUSTIFICATION FOR SINGLE SOURCE AWARDS IAW FAR 13.106-1
(OVER MICRO-PURCHASE THRESHOLD(\$3K) BUT NOT EXCEEDING THE SAT (\$150K))

IAW [FAR13.104](#), COs must promote competition to the maximum extent practicable to obtain supplies and services from the source whose offer is the most advantageous to the Government, considering the administrative cost of the purchase. When competition is not practicable, IAW [FAR13.106-1\(b\)](#), COs solicit from a single source for purchases not exceeding the simplified acquisition threshold. COs may solicit from one source if the CO determines that the circumstances of the contract action deem only one source reasonably available (e.g., urgency, exclusive licensing agreements, brand-name or industrial mobilization). IAW [FAR13.106-3\(b\)\(3\)](#), COs are required to include additional statements **explaining the absence of competition** (see [13.106-1](#) for brand name purchases) if only one source is solicited and the acquisition does not exceed the simplified acquisition threshold (does not apply to an acquisition of utility services available from only one source) or supporting the award decision if other than price-related factors were considered in selecting the supplier. This template when completed can be used to document single source awards IAW [FAR13.106-3\(b\)\(3\)](#). Note: Statements such as "only known source" or "only source which can meet the required delivery date" are inadequate to support a sole source purchase.

2. BRIEF DESCRIPTION OF SUPPLIES OR SERVICES REQUIRED AND THE INTENDED USE:

The ONE TOUCH ULTRA (GLUCOSE) TEST STRIP (Brand Name) 50ct. They are used in the One Touch Ultra Meter.

- Blood Glucose Monitoring System , to be used for the quantitative measurement of glucose (sugar) in The fresh capillary whole blood as an aid to monitor the effectiveness of diabetes control.
- NDC is 53885-0244-50 (No substitutions)
- Quantity requested: 1440 Boxes

3. UNIQUE CHARACTERISTICS THAT LIMIT AVAILABILITY TO ONLY ONE SOURCE, WITH THE REASON NO OTHER SUPPLIES OR SERVICES CAN BE USED:

The items are not available, and no FSS contract found. Within the VHA brand name drugs may be prescribed by physicians when in their clinical judgement the brand name drug will provide a better therapeutic outcome for patients. Brand name drugs are requested when there is a clinical requirement for the drug. In this case the brand specific drug requested is listed above. Monitor specific product. Do not have access to view patient profile for physician notes as to why specific contract test strip not chosen for prescription. Physician writes based on clinical need and to provide critical patient care.

4. REASON THAT SUGGESTED SOURCE IS THE ONLY SOURCE, WHICH CAN PROVIDE THE SUPPLIES OR SERVICES:

A patient must use this specific type of test strip. Product is specific to the type of monitor the patient has. Other glues test strips available on contract would not work in a monitor designed for the One Touch Ultra Test strips. No FSS contract was found. At this time, the physician has stated the above mentioned name brand drug is the only brand that will meet the specific needs of the patients, however, we are still competing this amongst distributors.

5. DESCRIPTION OF MARKET RESEARCH CONDUCTED AND RESULTS OR STATEMENT WHY IT WAS NOT CONDUCTED:

The One Touch Ultra Glucose Test Strip is specifically required because patients have a blood glucose monitor where these strips are specifically designed for each meter. They are not interchangeable. A search of the Center for Veteran Enterprise Vendor Information Pages for "Test Strips" indicates there are 77 SDVOSB or VOSB vendors which are engaged in the manufacturer of pharmaceuticals, and 786 for "test strips". Only Caprice Electronics carry the item on contract, and the product is not available. However, these vendors are not engaged in manufacturer, but are distributors for large business wholesalers. Because the Government is not allowed to do business using Wholesale Trade or Retail Trade NAICS codes, searches must be conducted using manufacture NAICS code of 325413 Invitro Diagnostic Substance Manufacturing for this one line item for One Touch Glucose Test Strips.

6. Contracting Officer's Certification: *Purchase is approved in accordance with FAR13.106-1(b). I certify that the foregoing justification is accurate and complete to the best of my knowledge and belief.*
