- B. Offerors should thoroughly review the specifications of the solicitation and be familiar with the requirements of the solicitation prior to submitting offers in order to be fully aware of the scope of supplies and services required. Failure to do so will not relieve the successful Offeror from performing in accordance with the strict intent and meaning of the specifications without additional cost to the Government. The Government shall not reimburse any cost not incorporated into the Offeror's price.
- C. Federal Acquisition Regulations (FAR) requires all Offerors conducting business with the Government to be registered in an online database:

- E. Offeror's shall not make any changes to this solicitation document, its terms, or its conditions excluding fill in boxes. Any changes made to this solicitation without the express written authorization of the CO may result in the immediate termination of an awarded BPA, Task Order or Delivery Order without compensation of costs to the offeror. In addition, any changes made without the express written permission of the Contracting Officer may result in a non-responsive offer from the offeror resulting in exclusion from this solicitation proceeding at the sole discretion of the CO.

## E.2 ADDENDUM TO 52.212-2- EVALUATION-COMMERICAL ITEMS

The Government reserves the right to award multiple BPA(s) resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers and are in descending order of importance:

1. Brand name or equal equipment and technical response. See section B.3, SOW, and attachments
2. Price

Options: The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

1. Factor 1 – Brand Name or Equal Equipment and technical response:

The prospective contractor shall submit technical brochures for all supplies submitted as “equal” as well as a completed schedule of line items. Line item schedules shall include brand name and part numbers of the proposed solution. All submissions for “exact match” supplies shall state “exact match” and include a completed schedule of pricing.

This factor will be used to determine if the proposed equipment meets or exceeds the technical specifications of the current equipment in use at the medical center. Supplies submitted as equal to the brand and model listed within the schedule shall be accompanied with technical brochures outlining their specifications and how they meet the salient characteristics outlined in section B and the attachments.

**Additionally, logistical considerations such as installation ability and time frames will be considered. On your response, please annotate your manufacturing and delivery requirements as these will be considered as part of the technical review during the tradeoff process.**

2. Factor 2 – Price:

Offerors shall submit their price using the attached schedule. The price quote shall be specific, complete in every detail, and separate from the technical brochures and description of maintenance program. Each line item for each Option-Year listed in the Schedule must be completed.

### Method of Award:

Award will be made to Offeror(s) on the basis of the best value trade-off and shall be based on the Offeror’s ability to provide the supplies and services listed in the Description/Specification/Work Statement, and the evaluation factors listed above. The Government may award to other than the lowest price Offeror if it is in the Government’s best interest to do so. Only Factors will be evaluated. No sub-factors will be evaluated. Award may be made without discussion under FAR part 8.

For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless

the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
