

VA256-16-R-0353 Repair Site Sanitary Sewer

RFI 001: Dealing with afterhours work. Will contractor be allowed to work until 10 pm during the week?

Answer: Replace Statement of Work (SOW), Repair Site Sanitary Sewer Piping, Project 564-16-105, Article 1.g. with the following:

- g. All work by the Contractor shall be performed Monday through Friday between 1700-0600 hours, weekends, or holidays. All work impacting Building 21 normal operations Monday through Friday between 0600-1700 hours shall be coordinated (prior to or ahead of designated time) with affected VA departments and accomplished during designated maintenance times, as noted otherwise herein, as requested in writing by the Contractor and/or approved in writing by the COR for special circumstances. Contractor's work shall be conducted in a manner and at times which would present the least amount of disruption to the VA healthcare facility.
