CP-FSS-19 PRICING (DEC 1998)

Offerors are advised that separate pricing may be submitted for different countries if separate pricing is consistent with the offeror's commercial sales practice.

INSTRUCTIONS FOR PRE-AWARD REVIEW PROCESS

All offers may be subject to a pre-award review at the discretion of the Contracting Officer (CO). A pre-award review will be required for all offers with an estimated contract value (for a 5-year contract period) that exceeds \$5,000,000 per year for a total of \$25,000,000 for the base contract period.

The purpose of performing a pre-award review is to assist the CO in making a determination as to the reasonableness of the offer. This is accomplished by reviewing the contractor's proposal to: (i) determine if the proposal and the supporting data are accurate, complete, and current; (ii) verify that the contractor is offering the government most favored commercial customer (MFC) discounts; and, (iii) address other issues as deemed necessary by the CO or the review staff. To help facilitate the process, the following will be required. For offers that are identified for pre-award reviews, the CO will notify the vendor within 2 weeks of the offer receipt date that the

information listed below shall be forwarded to the Office of Inspector General (OIG). Vendors will be required to submit the listed information within one week of receiving notification. Delays in receiving this information will delay the pre-award review process and could ultimately delay the negotiations and award of an offer under this solicitation.

- 1) Full support for disclosures, including detailed reports used to develop the disclosed discounts and sales information by item number or national drug code (NDC), both direct and indirect along with sales transaction tapes as specified below in the "Request for Electronic Data".
- 2) Discounting policies and procedures.
- 3) In the event that the disclosed MFC pricing is not offered, copies of agreements resulting in better prices than those offered the Government should accompany the offer.

Request for Electronic Data

To respond to a pre-award review, you will be required to submit certain data, including sales transaction data. The sales transaction should include all products sold to all customers for the 6-month period ending no earlier than 60 days prior to the date of the offer. The transactions **will include all transactions for FSS customers and non-FSS customers. This data must reconcile to your financial accounting records.** The data should include all direct and indirect sales, if applicable. The direct and indirect sales can be provided in separate data tables. Although not required, it will expedite the process, if all data tables use the same record layout leaving fields that do not apply blank.

Please provide a record layout for the data describing field position, length, format (e.g. numeric, number of decimals, alpha, etc.) and a descriptive field name. We will need complete descriptions of all codes used in the data. Below is a sample record layout that describes the types of information needed in the electronic data. After reviewing this information, the OIG suggests that discussion take place regarding the specifics of your data prior to extracting the data for their use.

METRIC SYSTEM OF MEASUREMENT

Section 5164 of the Omnibus Trade and Competitiveness Act of 1988 (Public Law 100-418) designates the metric system of measurement as the preferred system of weights and measures for United States trade and commerce. It requires that each Federal agency use the metric system of measurement in its procurements, grants and other business-related activities. Offerors are advised that the use of the metric system of measurement is highly encouraged and that offers should be provided utilizing the metric system of measurement.

Offerors are also advised that, at the ordering activity level or as a result of a standardization effort, they may be required to submit all units of measure for products offered utilizing the metric system of measurement, or they may be required to identify the conversion on a separate document.

NOTICE OF ADDITIONAL REQUIREMENTS - ORDERING LEVEL

In addition to the terms and conditions set forth in this solicitation, the contractor may, in the performance of orders issued under this contract, be responsible for further requirements at the ordering level. For more information on these potential, additional requirements, please see the note in this document after FAR clause 52.216-18 Ordering.

IFF REMITTANCE AND REPORT OF SALES SUBMISSION

VA Sales Reporting System: All contract holders are now required to submit their Report of Sales and remit the Industrial Funding Fee (IFF) via the new VA Sales Reporting System. For more information on this process, please visit the [“Online Sales Reporting”](#) link on the FSS website and clause 552.238-74 Industrial Funding Fee and Sales Reporting in this document.

IFF Calculation: A 0.50% fee is to be collected from FSS users by the contractor and remitted to the VA along with the quarterly sales report submission. In order to assure that you are remitting the exact amount of IFF that was added to the awarded Schedule price, the following formulas are used:

- **The final Schedule award price is calculated as follows:**

Negotiated price divided by (1 minus the IFF %)

Example: Negotiated price is \$10,000 and the IFF fee is 0.5%

$$\$10,000 / (1 - 0.005) = \$10,050.25 \text{ (schedule price)}$$

OR
$$\$10,000 / 0.995 = \$10,050.25 \text{ (schedule price)}$$

- **The IFF remitted to the VA is calculated as follows:**

The awarded Schedule sales price times the IFF rate

Example: Total sales for the quarter is \$1,000,000 and the IFF is 0.5%

$$(\$1,000,000 * 0.005) = \$5,000 \text{ (IFF due)}$$

AS110 NATIONAL DRUG CODES (JUN 2005)

NOTE: May not be applicable to SINs 42-1, 42-3, 42-5 and 622.

Offeror is required to enter the National Drug Code following each item pursuant to the instructions of the Commercial Sales Practices (CSP) section of this solicitation. If an NDC has not been assigned, then the offeror should so state. The shipping container shall be marked with the NDC, if available.

AS508 BAR CODING (NOV 2006)

All pharmaceutical products provided under this contract shall include bar code labeling at the unit-of-use package level. The bar code labeling must be in a linear format that conforms to all EAN.UCC System or Health Industry Business Communication Council (HIBCC) standards. The bar code symbology must comply with all EAN.UCC System or HIBCC parameters including, but not limited to: symbology type or encoded pattern, bar and space dimensions and tolerances, and allowable ratio of wide to narrow elements.

The bar code may be any linear bar code symbology such as UCC/EAN-128, RSS, or Universal Product Code (if the UPC contains the NDC). The bar code must encode the National Drug Code (NDC), either alone or within the EAN.UCC System data structure; GTIN.

The bar code printing must be ANSI/ISO/IEC Quality Grade C or better. Manufacturers and packagers must ensure that production runs include an initial verification check, as well as routine audits to ensure the bar code is printed clearly and consistently to meet the quality standard of Grade C or better. Contractors shall be responsible for ensuring that bar code labels meet the quality requirements specified in this clause prior to shipping pharmaceutical products to any Government Prime Vendor or authorized ordering activity under this contract.

The bar code must be on the outside container or wrapper of the medication as well as on the immediate container, unless the bar code is readily visible **and** machine-readable through the outside container or wrapper. When the bar code is not easily machine-readable through the over wrap, the over wrap should contain the bar code.

The bar code must go on each cell of a blister pack. Furthermore, the bar code must remain intact under normal conditions of use; thus it should not be printed across the perforations of a blister pack.

When applicable to the symbology used, bar codes shall be surrounded by sufficient quiet zone so that the bar code can be scanned correctly. Bar code placement shall minimize curvature of the bar code. For example, bar codes should be placed in "ladder orientation" on vials or bottles to minimize curvature of the bar code. Bar code labeling shall not be placed solely on outer packaging.

It is recommended that bar code labeling also include the lot number and expiration date. If two separate distinctive bar codes are used, one for NDC and the other for lot number/expiration date, the lot number and expiration date bar code must not be in close proximity to the NDC barcode or a format that may be confused with the NDC bar code.

AS1335 THERAPEUTIC EQUIVALENCE (FEB 2007)

NOTE: This requirement applies only to SINs 42-2a and 42-2b.

Only products that have received under the Federal Food, Drug and Cosmetic Act a therapeutic equivalence code of “A” by the Food and Drug Administration will be considered, unless all drugs in the family group are “B” rated. In that case, no award will be made other than to the innovator unless the non-innovator vendor submits acceptable data demonstrating bioequivalence.

AS1345 RECALLS (MAR 2009)

If a drug recall is initiated for any drug provided under this contract, regardless of whether it is a voluntary recall by the manufacturer or a recall required by the U.S. Food and Drug Administration (FDA); or, if FDA withdraws their approval to manufacture any drug that is included on this contract, the following action shall immediately be taken by the contractor:

(This applies to dealers wishing to participate in VA's Pharmaceutical Prime Vendor (PPV) program. May not be applicable to SINS 42-1, 42-3, 42-5 and 622.)

Dealers must provide their own labeler code, to be used in the National Drug Code (NDC) number for the offered items. If a dealer does not have a labeler code, it must apply and be approved with the U.S. Food & Drug Administration (FDA) for its own labeler code prior to making an offer under this solicitation.

AS1913 NEW DRUG APPLICATION (NOV 2005)

By signing this solicitation, the offeror certifies that it has on file (if any of the following are required by FDA for the offered drugs) an FDA approved New Drug Application (NDA), an approved abbreviated NDA (ANDA), or a Biologic License approval, as appropriate for the items offered in response to the solicitation.

AS3023 DIVERSION OF PHARMACEUTICAL PRODUCTS (SEP 2010)

- (1) Pharmaceutical products ordered under Federal Supply Schedule (FSS) contracts are intended solely for the use of authorized ordering activities in carrying out their governmental missions; they are not intended for resale or barter. Any transfer of FSS contract items that does not serve the ordering activity's defined mission, as well as any transfer for the purpose of generating a profit on the difference between FSS prices and commercial prices (such as "AWP"), is an improper diversion of government supplies.
- (2) The Contractor may require an ordering activity that is not listed in the appendices to GSA Adm. Order 4800.2E (and its later revisions) or a pharmaceutical prime vendor ordering on an activity's behalf to demonstrate its eligibility to place FSS orders. The Contractor may also require an authorized ordering activity to disclose the intended use of ordered pharmaceuticals before commencing delivery. The Contractor is not required to fill an FSS order (or that portion of an order) that investigational facts suggest will be diverted into the commercial market or will otherwise be diverted from usage by authorized FSS ordering activities. (An example of such facts might be the tripling of usual ordered quantities by an activity, coupled with its failure to demonstrate a corresponding increase in its institutional size or patient base.) However, the Contractor may not unreasonably delay filling an FSS order, pending its investigation of the intended use of the items ordered. Based on investigational facts that suggest that a pattern of diversion has occurred, a Contractor may elect not to fill indirect orders of an activity through an authorized Government PPV and, instead, to accept only direct orders.
- (3) If the Contractor refuses to fill an FSS order because of an expectation that some or all of the order will be diverted or refuses to continue accepting indirect orders because of a perceived pattern of diversion, Contractor must notify the Schedule contracting officer (CO) of its decision within 48 hours and state the basis for the refusal. The CO may instruct the Contractor to fill an executive-agency-level order and/or resume acceptance of executive agency indirect orders if the CO finds that there is no factual basis for the Contractor's decision. No authorized FSS ordering activity may be suspended from eligibility under the Schedule by any Contractor, except on the written instruction of the Schedule CO issued after: a) full consideration of all evidence of diversion or other improper practices, and b)

affording the ordering activity an opportunity to present its position on the claimed abuse of the Schedule. An ordering activity suspended by the Schedule CO may appeal that decision in writing to the VA Deputy Assistant Secretary for Acquisition and Materiel Management, within 30 days of the CO's decision.

PART II – CONTRACT TERMS AND CONDITIONS

52.212-4 CONTRACT TERMS AND CONDITIONS—COMMERCIAL ITEMS (JUN 2010) (VARIATION)

- (a) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The ordering activity reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The ordering activity may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the ordering activity may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The ordering activity must exercise its postacceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

 - (C) EFT banking information is not required if the ordering activity waived the requirement to pay by EFT.
- (2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

- (5) Overpayments. If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the ordering activity has otherwise overpaid on a contract financing or invoice payment, the Contractor shall--

- (ii) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.
 - (2) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.
- (f) Cost allowability. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

Price adjustments include price increases and price decreases. Adjustments will be considered as follows:

- (a) Contractors shall submit price decreases anytime during the contract period in which they occur. Price decreases will be handled in accordance with the provisions of the Price Reduction Clause.
- (b) Contractors may request price increases providing all of the following conditions are met:

The dollar value of a purchase card action must not exceed the ordering agency's established limit. If the Contractor will not accept payment by the purchase card for an order exceeding the micro-purchase threshold, the Contractor must so advise the ordering agency within 24 hours of receipt of the order.

- (d) The Contractor shall not process a transaction for payment through the credit card clearinghouse until the purchased supplies have been shipped or services performed. Unless the cardholder requests correction or replacement of a defective or faulty item under other contract requirements, the Contractor must immediately credit a cardholder's account for items returned as defective or faulty.

552.232-81 PAYMENTS BY NON-FEDERAL ORDERING ACTIVITIES (MAY 2003)

If eligible non-federal ordering activities are subject to a State prompt payment law, the terms and conditions of the applicable State law apply to the orders placed under this contract by such activities. If eligible non-federal ordering activities are not subject to a State prompt payment law, the terms and conditions of the Federal Prompt Payment Act as reflected in Federal Acquisition Regulation clause 52.232-25, Prompt Payment, or 52.212-4, Contract Terms and Conditions—Commercial Items, apply to such activities in the same manner as to Federal ordering activities.

552.232-83 CONTRACTOR'S BILLING RESPONSIBILITIES (MAY 2003)

NOTE: This clause applies only to direct orders placed outside of a Government PPV program.

The Contractor is required to perform all billings made pursuant to this contract. However, if the Contractor has dealers that participate on the contract and the billing/payment process by the Contractor for sales made by the dealer is a significant administrative burden, the following alternative procedures may be used. Where dealers are allowed by the Contractor to bill ordering activities and accept payment in the Contractor's name, the Contractor agrees to obtain from all dealers participating in the performance of the contract a written agreement, which will require dealers to—

- (1) Comply with the same terms and conditions regarding prices as the Contractor for sales made under the contract;
- (2) Maintain a system of reporting sales under the contract to the manufacturer, which includes—
 - (i) The date of sale;
 - (ii) The ordering activity to which the sale was made;
 - (iii) The service or product/model sold;
 - (iv) The quantity of each service or product/model sold;
 - (v) The price at which it was sold, including discounts; and
 - (vi) All other significant sales data.
- (3) Be subject to audit by the Government, with respect to sales made under the contract; and
- (4) Place orders and accept payments in the name of the Contractor in care of the dealer.

An agreement between a Contractor and its dealers pursuant to this procedure will not establish privity of contract between dealers and the Government.

552.238-73 CANCELLATION (SEP 1999)

Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 calendar days after the other party receives the notice of cancellation. If the Contractor elects to cancel this contract, the Government will not reimburse the minimum guarantee.

**552.238-74 INDUSTRIAL FUNDING FEE AND SALES REPORTING (JUL 2003)
(VARIATION)**

- (a) Reporting of Federal Supply Schedule Sales. The Contractor shall report all contract sales under this contract as follows:
- (1) The Contractor shall accurately report the dollar value, in U.S. dollars and rounded to the nearest whole dollar, of all sales under this contract by calendar quarter (January 1-March 31, April 1-June 30, July 1-September 30, and October 1-December 31). The dollar value of a sale is the price paid by the Schedule user for products and services on a Schedule task or delivery order. The reported contract sales value shall include the Industrial Funding Fee (IFF). The Contractor shall maintain a consistent accounting method of sales reporting, based on the Contractor's established commercial accounting practice. The acceptable points at which sales may be reported include--
 - (i) Receipt of order;
 - (ii) Shipment or delivery, as applicable;
 - (iii) Issuance of an invoice; or
 - (iv) Payment.
 - (2) Contract sales shall be reported to FSS within 60 calendar days following the completion of each reporting quarter. The Contractor shall continue to furnish quarterly reports, including "zero" sales, through physical completion of the last outstanding task order or delivery order of the contract.
 - (3) Reportable sales under the contract are those resulting from sales of contract items to authorized users unless the purchase was conducted pursuant to a separate contracting authority such as a Governmentwide Acquisition Contract (GWAC); a separately awarded FAR Part 12, FAR Part 13, FAR Part 14, or FAR Part 15 procurement; or a non-FAR contract. Sales made to state and local governments under Cooperative Purchasing authority shall be counted as reportable sales for IFF purposes.
 - (4) The Contractor shall electronically report the quarterly dollar value of sales, including "zero" sales, by utilizing the automated reporting system at an Internet website designated by Veterans Affairs (VA) Federal Supply Service (FSS). Prior to using this automated system, the Contractor shall complete contract registration with the VA Sales Reporting System. The website address, as well as registration instructions and reporting procedures, will be provided at the time of award. The Contractor shall report sales separately for each National Stock Number (NSN), Special Item Number (SIN), or sub-item.
 - (5) The Contractor shall convert the total value of sales made in foreign currency to U.S. dollars using the "Treasury Reporting Rates of Exchange" issued by the U.S.

Department of Treasury, Financial Management Service. The Contractor shall use the issue of the Treasury report in effect on the last day of the calendar quarter. The report is available from Financial Management Service, International Funds Branch, Telephone: (202) 874-7994, Internet: <http://www.fms.treas.gov/intn.html>.

- (b) The Contractor shall remit the IFF at the rate set by VA's FSS.
- (1) The Contractor shall remit the IFF to FSS in U.S. dollars within 60 calendar days after the end of the reporting quarter; final payment shall be remitted within 30 days after physical completion of the last outstanding task order or delivery order of the contract.
 - (2) The IFF represents a percentage of the total quarterly sales reported. This percentage is set at the discretion of VA's FSS. VA's FSS has the unilateral right to change the percentage at any time, but not more than once per year. FSS will provide reasonable notice prior to the effective date of the change. The IFF reimburses FSS for the costs of operating the Federal Supply Schedules Program and recoups its operating costs from ordering activities. Offerors must include the IFF in their prices. The fee is included in the award price(s) and reflected in the total amount charged to ordering activities. FSS will post notice of the current IFF at <http://72a.fss.gsa.gov/> or successor website as appropriate.
- (c) Within 60 days of award an FSS representative will provide the Contractor with specific written procedural instructions on remitting the IFF. FSS reserves the unilateral right to change such instructions from time to time, following notification to the Contractor.
- (d) Failure to remit the full amount of the IFF within 60 calendar days after the end of the applicable reporting period constitutes a contract debt to the United States Government under the terms of FAR Subpart 32.6. The Government may exercise all rights under the Debt Collection Improvement Act of 1996, including withholding or setting off payments and interest on the debt (see FAR clause 52.212-4(i)(6)). Should the Contractor fail to submit the required sales reports, falsify them, or fail to timely pay the IFF, this is sufficient cause for the Government to terminate the contract for cause.

NOTE: The IFF fee for this schedule equals **0.5% (one half of one percent)** of the total quarterly sales reported. Remittance should be calculated using the following method:

The awarded Schedule sales price times the IFF percentage.

Example: Total sales for the quarter is \$1,000,000 and the IFF is 0.5%

$$(\$1,000,000 * 0.005) = \$5,000 \text{ (IFF due)}$$

In partnership with the General Services Administration (GSA), VA's FSS has begun collecting quarterly sales report figures and IFF quarterly payments through a new GSA/VA Sales Online Portal: <https://vasalesportal.gsa.gov>. Contractors will be required to input their sales using this new online sales reporting system. IFF payments can be remitted through this portal as well via Pay.gov. Contractors may also remit IFF payments via ACH Electronic Transfer of Funds using the following information:

552.238-75 PRICE REDUCTIONS (MAY 2004) (ALTERNATE I - MAY 2003)

- (a) Before award of a contract, the Contracting Officer and the Offeror will agree upon (1) the customer (or category of customers) which will be the basis of award, and (2) the Government's price or discount relationship to the identified customer (or category of customers). This relationship shall be maintained throughout the contract period. Any change in the Contractor's commercial pricing or discount arrangement applicable to the identified customer (or category of customers) which disturbs this relationship shall constitute a price reduction.
- (b) During the contract period, the Contractor shall report to the Contracting Officer all price reductions to the customer (or category of customers) that was the basis of award. The Contractor's report shall include an explanation of the conditions under which the reductions were made.
- (c) (1) A price reduction shall apply to purchases under this contract if, after the date negotiations conclude, the Contractor --
 - (i) Revises the commercial catalog, pricelist, schedule or other document upon which contract award was predicated to reduce prices;
 - (ii) Grants more favorable discounts or terms and conditions than those contained in the commercial catalog, pricelist, schedule or other documents upon which contract award was predicated; or
 - (iii) Grants special discounts to the customer (or category of customers) that formed the basis of award, and the change disturbs the price/discount relationship of the Government to the customer (or category of customers) that was the basis of award.
- (2) The Contractor shall offer the price reduction to the eligible ordering activities with the same effective date, and for the same time period, as extended to the commercial customer (or category of customers).
- (d) There shall be no price reduction for sales --

- (1) To commercial customers under firm, fixed-price definite quantity contracts with specified delivery in excess of the maximum order threshold specified in this contract;
 - (2) To eligible ordering activities under this contract;
 - (3) Made to State and local government entities when the order is placed under this contract (and the State and local government entity is the agreed upon customer or category of customer that is the basis of award); or
 - (4) Caused by an error in quotation or billing, provided adequate documentation is furnished by the Contractor to the Contracting Officer.
- (e) The Contractor may offer the Contracting Officer a voluntary Governmentwide price reduction at any time during the contract period.
- (f) The Contractor shall notify the Contracting Officer of any price reduction subject to this clause as soon as possible, but not later than 15 calendar days after its effective date.
- (g) The contract will be modified to reflect any price reduction which becomes applicable in accordance with this clause.

Note: In accordance with GSAR clause 552.238-78 Scope of Contract (Eligible Ordering Activities)(Alternate I)(a)(2) and GSAR clause 552.238-75 Price Reductions(Alternate I)(d)(2), there shall be no price reduction for sales made under the authority of the Federal Acquisition Regulation (FAR) Part 51 class deviation. With written authorization by a Federal Government contracting officer, a GSA contractor may place an order as an eligible ordering activity with a Schedule contractor. In this case, the Schedule contract sale shall not trigger a price reduction.

552.238-76 DEFINITION (FEDERAL SUPPLY SCHEDULES) - RECOVERY PURCHASING (FEB 2007)

Ordering activity (also called ``ordering agency' and ``ordering office') means an eligible ordering activity (see 552.238-78, Alternate I) authorized to place orders under Federal Supply Schedule contracts.

552.238-80 USE OF FEDERAL SUPPLY SCHEDULE CONTRACTS BY CERTAIN ENTITIES - RECOVERY PURCHASING (FEB 2007) (VARIATION)

- (a) If an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)-- Alternate I, elects to place an order under this contract, the entity agrees that the order shall be subject to the following conditions:
- (1) When the Contractor accepts an order from such an entity, a separate contract is formed which incorporates by reference all the terms and conditions of the Schedule contract except the Disputes clause, the patent indemnity clause, and the portion of the Commercial Item Contract Terms and Conditions that specifies ``Compliance with laws unique to Government contracts' (which applies only to contracts with entities of the Executive branch of the U.S. Government). The parties to this new contract which incorporates the terms and conditions of the Schedule contract are the individual ordering activity and the Contractor. The U.S. Government shall not be liable for the performance or nonperformance of the new contract. Disputes which cannot be resolved by the parties to the new contract may be litigated in any State or Federal court with jurisdiction over the parties, applying Federal procurement law, including

statutes, regulations and case law, and, if pertinent, the Uniform Commercial Code. To the extent authorized by law, parties to this new contract are encouraged to resolve disputes through Alternative Dispute Resolution. Likewise, a Blanket Purchase Agreement (BPA), although not a contract, is an agreement that may be entered into by the Contractor with such an entity and the Federal Government is not a party.

- (2) Where contract clauses refer to action by a Contracting Officer or a Contracting Officer of GSA that shall mean the individual responsible for placing the order for the ordering activity.
 - (3) As a condition of using this contract, eligible ordering activities agree to abide by all terms and conditions of the Schedule contract, except for those deleted clauses or portions of clauses mentioned in paragraph (a)(1) of this clause. Ordering activities may include terms and conditions required by statute, ordinance, regulation, order, or as otherwise allowed by State and local government entities as a part of a statement of work (SOW) or statement of objective (SOO) to the extent that these terms and conditions do not conflict with the terms and conditions of the Schedule contract. The ordering activity and the Contractor expressly acknowledge that, in entering into an agreement for the ordering activity to purchase goods or services from the Contractor, neither the ordering activity nor the Contractor will look to, primarily or in any secondary capacity, or file any claim against the United States or any of its agencies with respect to any failure of performance by the other party.
 - (4) The ordering activity is responsible for all payments due the Contractor under the contract formed by acceptance of the ordering activity's order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.
 - (5) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.
 - (6) The supplies or services purchased will be used for governmental purposes only and will not be resold for personal use. Disposal of property acquired will be in accordance with the established procedures of the ordering activity for the disposal of personal property.
 - (7) The state or local government ordering activity will be responsible for purchasing products or services to be used to facilitate recovery from a major disaster declared by the President under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) or to facilitate recovery from terrorism or nuclear, biological, chemical, or radiological attack.
- (b) If the Schedule Contractor accepts an order from an entity identified in paragraph (d) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I, the Contractor agrees to the following conditions--
- (1) The ordering activity is responsible for all payments due the Contractor for the contract formed by acceptance of the order, without recourse to the agency of the U.S. Government, which awarded the Schedule contract.
 - (2) The Contractor is encouraged, but not obligated, to accept orders from such entities. The Contractor may, within 5 days of receipt of the order, decline to accept any order, for any reason. The Contractor shall decline the order using the same means as those used to place the order. The Contractor shall fulfill orders placed by such entities, which are not declined within the 5-day period.

- (c) In accordance with clause 552.238-74, Industrial Funding Fee and Sales Reporting, the Contractor must report the quarterly dollar value of all sales under this contract. When submitting sales reports, the Contractor must report two dollar values for each Special Item Number--
 - (1) The dollar value for sales to entities identified in paragraph (a) of the clause at 552.238-78, Scope of Contract (Eligible Ordering Activities)--Alternate I; and
 - (2) The dollar value for sales to entities identified in paragraph (d) of clause 552.238-78, Alternate I.
- (d) A listing of the Federal Supply Schedule contracts for the products and services available for disaster recovery purchasing is accessible in GSA's Schedules e-Library at Web site <http://www.gsaelibrary.gsa.gov>. Click on the link, ``Disaster Recovery Purchasing, State and Local.' The participating Contractors and the products and services available for disaster recovery purchasing will be labeled with the Disaster Recovery Purchasing icon.

- (2) Deletions. The Contractors shall provide an explanation for the deletion. The Government reserves the right to reject any subsequent offer of the same item or a substantially equal item at a higher price during the same contract period, if the contracting officer finds the higher price to be unreasonable when compared with the deleted item. **NOTE: Drugs subject to Public Law 102-585 may only be deleted from the contract when all product has been exhausted from the contractor's inventory and the Government supply chain (i.e. the Prime Vendor).**
- (3) Price Reduction. The Contractor shall indicate whether the price reduction falls under the item (i), (ii), or (iii) of paragraph (c)(1) of the Price Reductions clause at 552.238-75. - (d) Electronic File Updates. The Contractor shall update electronic file submissions to reflect all modifications. For additional items or SINs, the Contractor shall obtain the Contracting Officer's approval before transmitting changes. However, the Contractor shall notify the Contracting Officer as set forth in the Price Reductions clause at 552.238-75.
- (e) Amendments to Paper Federal Supply Schedule Price Lists.

- (i) Distribute a supplemental paper Federal Supply Schedule Price List within 15 workdays after the effective date of each modification.
 - (ii) Distribute quarterly cumulative supplements. The period covered by a cumulative supplement is at the discretion of the Contractor, but may not exceed three calendar months from the effective date of the earliest modification. For example, if the first modification occurs in February, the quarterly supplement must cover February—April, and every 3 month period after. The Contractor must distribute each quarterly cumulative supplement within 15 workdays from the last day of the calendar quarter.
- (2) At a minimum, the Contractor shall distribute each supplement to those ordering activities that previously received the basic document. In addition, the Contractor shall submit two copies of each supplement to the Contracting Officer and one copy to the FSS Schedule Information Center.

NOTE: The effective dates for approved modifications will be determined on the following basis:

AS212 GENERIC ITEM MODIFICATIONS (SEP 2010)

NOTE: Applicable to SIN 42-2B only.

If, after award of SIN 42-2B, the contractor wishes to modify the contract, e.g. to add or delete products, offer price reductions, offer price increases or otherwise make revisions, the contractor shall submit one copy of the proposed changes and the reasons therefore to the Contracting Officer for consideration, using the Request for Modification Form. If the required information, as detailed in Sections A through D below, is not submitted, the modification request may be returned. The contractor shall allow the Government 15 days to review its request for all changes.

The Government reserves the right to limit the number of modification requests under the contract for SIN 42-2B to twice a month, if the requests for price increases, additional items, and/or deletions become too frequent and the administrative effort to process such changes outweighs the benefit of maintaining the contract.

- a) **Additional Item:** Items may be requested for addition by following the procedures set forth in the clause entitled Modifications (Multiple Award Schedule), 552.243-72.
- b) **Deletions:** Items may be requested for deletion by following the procedures set forth in the clause entitled Modifications (Multiple Award Schedule), 552.243-72.
- c) **Price Increases:** The contractor may request a price increase for the awarded products based on changes in its established catalog or market price for these products applicable to comparable customer (tracking customer) specified at time of award. The proposed price increase must maintain the Governments price or discount relationship with the identified tracking customer. As used in this provision, the term established catalog price is a current catalog or list price maintained by the contractor (or manufacturer, if the contractor does not manufacture the item) for a commercial item. As used in this provision, the term established market price is current prices that (i) are established in the course of ordinary and usual trade between buyers and sellers free to bargain, and (ii) can be substantiated by data from sources independent of the manufacturer or vendor.

The following material shall be submitted with requests for price increases (with justification):

- (1) A copy of the current selling price list applicable to comparable customer (tracking customer) showing the price increase and the effective date for commercial customers.
- (2) Any other documentation as may be required by the Contracting Officer to substantiate the price adjustment.

The Government reserves the right to remove the product(s) from the contract pursuant to the Cancellation provision of the contract when the requested price increase is not supported.

- d) **Price Decreases:** Contractors may offer permanent or temporary price reductions on any awarded products. If the price reduction is temporary, it must be effective for a minimum of thirty (30) days. The contractor is to submit data regarding the effective date, duration, terms, and conditions of the price reduction. The Government reserves the right to require copies of any new commercial price list issued by the contractor.
- e) **Supplemental Price Lists/Modifications:** Requirements for publication and distribution of approved pricelists and supplements are outlined in the Contract Price Lists, Clause I-FSS-600. Contractors for items under SIN 42-2B may print their Government price list or supplement and distribute on a quarterly basis to encompass all changes within that quarter to help decrease the expense of printing a price list or supplement with every change.
- f) **Effective Date:** The effective dates of approved changes will follow the schedule outline in Modifications (Multiple Award Schedule), Clause 552.243-72.

NOTE: All other terms and conditions in this contract including, but not limited to, the submission of the Request for Modification Form, required certifications, etc. remain unchanged for awarded SIN 42-2B items.

AS1508 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2005)

The Government may require continued performance of this contract within the limits and at the prices specified herein. The option clause may be exercised more than once to add 1 or more option year periods, but the total extension of performance hereunder shall not exceed 5 years.

- (a) The Contracting Officer may exercise the option by providing a written notice to the contractor no later than 60 days before expiration of the contract or option.
- (b) When the Government exercises its option to extend the term of this contract, prices in effect at the time the option is exercised will remain in effect during the option period, unless an adjustment is made in accordance with another contract clause (e.g. Economic Price Adjustment Clause or Price Reduction Clause or pursuant to Public Law 102-585).

852.203-70 COMMERCIAL ADVERTISING (JAN 2008)

The bidder or offeror agrees that if a contract is awarded to him/her, as a result of this solicitation, he/she will not advertise the award of the contract in his/her commercial advertising in such a manner as to state or imply that the Department of Veterans Affairs endorses a product, project or commercial line of endeavor.

852.273-76 ELECTRONIC INVOICE SUBMISSION (Interim - OCT 2008)

NOTE: This clause only applies to order placed directly with a contractor by a VA ordering activity.

- (a) To improve the timeliness of payments and lower overall administrative costs, VA strongly encourages contractors to submit invoices using its electronic invoicing system. At present, electronic submission is voluntary and any nominal registration fees will be the responsibility of the contractor. VA intends to mandate electronic invoice submission, subject to completion of the federal rulemaking process. At present, VA is using a 3rd party agent to contact contractors regarding this service. During the voluntary period, contractors interested in registering for the electronic system should contact the VA's Financial Services Center at <http://www.fsc.va.gov/einvoice.asp>.

CI-FSS-056 FEDERAL ACQUISITION REGULATION (FAR) PART 51 DEVIATION AUTHORITY (FEDERAL SUPPLY SCHEDULES) (JAN 2010)

- (a) General Background.
On October 8, 2009, a class deviation to FAR Part 51 was granted by GSA's Senior Procurement Executive in accordance with FAR Subpart 1.404, Class deviations. The deviation permits federal contracting officers to authorize GSA contractors, who are

performing an order on a time-and-material or labor-hour basis, to purchase supplies and services from schedule contractors or to process requisitions through the Global Supply Program.

(b) Orders.

Orders placed using the FAR Part 51 deviation shall be:

- (1) Placed on a time-and-materials (T&M)/labor-hour (LH) basis—an order placed by the Federal Government to the buying contractor can be partially fixed price, but the portion of the order for the items to be procured using the FAR Part 51 deviation shall be T&M/LH;
 - (2) For ancillary supplies/services that are in support of the overall order such that the items are not the primary purpose of the work ordered, but are an integral part of the total solution offered;
 - (3) Issued in accordance with the procedures in FAR 8.405-1, Ordering Procedures for supplies, and services not requiring a statement of work;
 - (4) Placed by the Federal Government. The authorization is **NOT** available to state and local governments.
- (c) For comprehensive guidance on the proper use the FAR Part 51 authority granted by the deviation, please refer to the Ordering Guide at www.gsa.gov/far51deviation.

 - (2) U.S. Department of Transportation (DOT) Hazardous Material Regulation (HMR) 49 CFR Parts 171 through 180. (Note: Classifications permitted by the HMR, but not permitted by the IMDG code, such as “Combustible” and “ORM,” shall not be used);
 - (3) Occupational Safety and Health Administration (OSHA) Regulation 29 CFR Part 1910.1200; and
 - (4) Any preservation, packaging, packing, and marking and labeling requirements contained elsewhere in this solicitation.
- (b) The test reports showing compliance with packaging requirements shall be made available to GSA contract administration/management representatives upon request.

D-FSS-456 PACKAGING AND PACKING (APR 1984)

- (a) Packaging. Shall be in accordance with accepted commercial practice.
- (b) Packing. Shall be packed to ensure carrier acceptance and safe delivery to the destination in containers complying with rules and regulations applicable to the mode of transportation.

G-FSS-906 VENDOR MANAGED INVENTORY (VMI) PROGRAM (MAS) (JAN 1999)

- (a) The term “Vendor Managed Inventory” describes a system in which the Contractor monitors and maintains specified inventory levels for selected items at designated stocking points. VMI enables the Contractor to plan production and shipping more efficiently. Stocking points benefit from reduced inventory but steady stock levels.
- (b) Contractors that commercially provide a VMI-type system may enter into similar partnerships with customers under a Blanket Purchase Agreement.

G-FSS-910 DELIVERIES BEYOND THE CONTRACTUAL PERIOD—PLACING OF ORDERS (OCT 1988)

In accordance with the Scope of Contract clause, this contract covers all requirements that may be ordered, as distinguished from delivered during the contract term. This is for the purpose of providing continuity of supply by permitting ordering activities to place orders as requirements arise in the normal course of supply operations. Accordingly, any order mailed (or received, if forwarded by other means than through the mail) to the Contractor on or before the expiration date of the contract, and providing for delivery within the number of days specified in the contract, shall constitute a valid order.

I-FSS-50 PERFORMANCE REPORTING REQUIREMENTS (FEB 1995)

- (a) This clause applies to all contracts estimated to exceed \$100,000.
- (b) Unless notified otherwise in writing by the Contracting Officer, the Contractor may assume contract performance is satisfactory.
- (c) If negative performance information is submitted by customer agencies, the Contracting Officer will notify the Contractor in writing and provide copies of any complaints received. The Contractor will have 30 calendar days from receipt of this notification to submit a rebuttal and/or a report of corrective actions taken.

I-FSS-106 GUARANTEED MINIMUM (JUL 2003)

The minimum that the Government agrees to order during the period of this contract is \$2,500. If the Contractor receives total orders for less than \$2,500 during the term of the contract, the Government will pay the difference between the amount ordered and \$2,500.

- (a) Payment of any amount due under this clause shall be contingent upon the Contractor’s timely submission of GSA Form 72A reports (see GSAR 552.238-74 “Industrial Funding Fee and Sales Reporting”) during the period of the contract and receipt of the close-out sales report pursuant to GSAR 552.238-74.
- (b) The guaranteed minimum applies only if the contract expires or contract cancellation is initiated by the Government. The guaranteed minimum does not apply if the contract is terminated for cause or if the contract is canceled at the [request of the Contractor](#).

I-FSS-140-B URGENT REQUIREMENTS (JAN 1994)

NOTE: This clause applies only to orders placed directly with contractors, not to orders placed through a Government PPV.

When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

I-FSS-597 GSA ADVANTAGE!™ (SEP 2000) (VARIATION)

NOTE: This clause does not apply to SINs 42-2a and 42-2b. FSS ordering activities do not have access to any SINs under this schedule through GSA e-BUY (GSA's online Request for Quotation tool).

- (a) The Contractor must participate in the GSA *Advantage!*™ online shopping service. Information and instructions regarding contractor participation are contained in clause I-FSS-599, Electronic Commerce.
- (b) The Contractor also should refer to contract clauses 552.238-71, Submission and Distribution of Authorized FSS Schedule Pricelists (which provides for submission of pricelists on a common-use electronic medium), I-FSS-600, Contract Pricelists (which provides information on electronic contract data), and 552.243-72, Modifications (which addresses electronic file updates).

I-FSS-599 ELECTRONIC COMMERCE—FACNET (SEP 2006)

- (a) General Background.

The Federal Acquisition Streamlining Act (FASA) of 1994 establishes the Federal Acquisition Computer Network (FACNET) requiring the Government to evolve its acquisition process from one driven by paperwork into an expedited process based on electronic commerce/electronic data interchange (EC/EDI). EC/EDI means more than merely automating manual processes and eliminating paper transactions. It can and will help to move business processes (e.g., procurement, finance, logistics, etc.) into a fully electronic environment and fundamentally change the way organizations operate.

- (b) Trading Partners and Value-Added Networks (VAN's).

Within the FACNET architecture, electronic documents (e.g., orders, invoices, etc.) are carried between the Federal Government's procuring office and contractors (now known as "trading partners"). These transactions are carried by commercial telecommunications companies called Value-Added Networks (VAN's).

EDI can be done using commercially available hardware, software, and telecommunications. The selection of a VAN is a business decision contractors must make. There are many different VAN's which provide a variety of electronic services and different pricing strategies. If your VAN only provides communications services, you may also need a software translation package.

(c) Registration Instructions.

DOD will require Contractors to register as trading partners to do business with the Government. This policy can be reviewed via the INTERNET at http://www.defenselink.mil/releases/1999/b03011999_bt079-99.html.

To do EDI with the Government, Contractors must register as a trading partner. Contractors will provide regular business information, banking information, and EDI capabilities to all agencies in this single registration. A central repository of all trading partners, called the Central Contractor Registration (CCR) <http://www.ccr.gov/>, has been developed. All Government procuring offices and other interested parties will have access to this central repository. The database is structured to identify the types of data elements which are public information and those which are confidential and not releasable.

To register, contractors must provide their Dun and Bradstreet (DUNS) number. The DUNS number is available by calling 1(800)333-0505. It is provided and maintained free of charge and only takes a few minutes to obtain. Contractors will need to provide their Tax Identification Number (TIN). The TIN is assigned by the Internal Revenue Service by calling 1(800)829-1040. Contractors will also be required to provide information about company bank or financial institution for electronic funds transfer (EFT).

Contractors may register through on-line at <http://www.ccr.gov/> or through their Value Added Network (VAN) using an American National Standards Institute (ANSI) ASC X12 838 transaction set, called a "Trading Partner Profile." A transaction set is a standard format for moving electronic data. VAN's will be able to assist contractors with registration.

(d) Implementation Conventions.

All EDI transactions must comply with the Federal Implementation Conventions (IC's). Many VAN's and software providers have already built the IC requirements into their products. If you need to see the IC's, they are available on a registry maintained by the National Institute of Standards and Technology (NIST). It is accessible via the INTERNET at <http://www.itl.nist.gov/lab/csl-pubs.htm>. IC's are available for common business documents such as Purchase Order, Price Sales Catalog, Invoice, Request for Quotes, etc.

(e) Additional Information.

GSA has additional information available for vendors who are interested in starting to use EC/EDI. Contact the Contracting Officer for a copy of the latest handbook. Several resources are available to vendors to assist in implementing EC/EDI; specific addresses are available in the handbook or from the Contracting Officer:

- (1) Electronic Commerce Resource Centers (ECRC's) are a network of U.S. Government-sponsored centers that provide EC/EDI training and support to the contractor community. They are found in over a dozen locations around the country.
- (2) Procurement Technical Assistance Centers (PTAC's) and Small Business Development Centers (SBDC's) provide management assistance to small business owners. Each state has several locations.
- (3) Most major US cities have an EDI user group of companies who meet periodically to share information on EDI-related subjects.

(f) GSA Advantage!™.

- (1) GSA Advantage!™ will use this FACNET system to receive catalogs, invoices and text messages; and to send purchase orders, application advice, and functional acknowledgments. GSA Advantage!™ enables customers to:
 - (i) Perform database searches across all contracts by manufacturer; manufacturer's model/part number; vendor; and generic product categories.

- (ii) Generate their own EDI delivery orders to contractors, generate EDI delivery orders from the Federal Supply Service to contractors, or download files to create their own delivery orders.

The Contractor's electronic files must be complete; correct; readable; virus-free; and contain only those supplies and services, prices, and terms and conditions that were accepted by the Government. They will be added to GSA's electronic ordering system known as GSA Advantage!, a menu-driven database system that provides on-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic order. All resultant "web price lists" shown on the contractor's web site must be in accordance with section (b)(3)(ii) of this clause and nothing other than what was accepted /awarded by the Government may be included. (b) Federal Supply Schedule Price Lists.

stamp across the face of the item stating "NOT UNDER CONTRACT" or "EXCLUDED"; or

- (ii) Composing a price list in which only those items, terms, and conditions accepted by the Government are included, and which contain only net prices, based upon the commercial price list less discounts accepted by the Government. In this instance, the Contractor must show on the cover page the notation "Prices Shown Herein are Net (discount deducted)".
- (3) The cover page of the Federal Supply Schedule Price List must include the following information prepared in the format set forth in this subparagraph (b)(3):

NOTE: For contract items under SIN 42-2A, where the contractor has elected dual pricing, the contractor must print a separate pricelist for VA, DoD, PHS (including IHS), and Coast Guard ordering facilities to implement Public Law 102-585. PART III – VENDOR INSTRUCTIONS

52.212-1 INSTRUCTIONS TO OFFERORS -- COMMERCIAL ITEMS (JUN 2008)

- (a) North American Industry Classification System (NAICS) code and small business size standard. The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.
- (b) Submission of offers. Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show --
- (1) The solicitation number;
 - (2) The time specified in the solicitation for receipt of offers;
 - (3) The name, address, and telephone number of the offeror;
 - (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
 - (5) Terms of any express warranty;
 - (6) Price and any discount terms;
 - (7) "Remit to" address, if different than mailing address;
 - (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
 - (9) Acknowledgment of Solicitation Amendments;
 - (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
 - (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) Period for acceptance of offers. The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation. **(NOTE: See A-FSS-12-C at end of this section.)**
- (d) Product samples. When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.
- (e) Multiple offers. Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

- (f) Late submissions, modifications, revisions, and withdrawals of offers.
- (1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.
 - (2)
 - (i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is “late” and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and --
 - (A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
 - (B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or
 - (C) If this solicitation is a request for proposals, it was the only proposal received.
 - (ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.
 - (3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.
 - (4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.
 - (5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.
- (g) *Contract award* (not applicable to Invitation for Bids). The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if

such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

- (h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

The DUNS +4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional CCR records for identifying

alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same concern. Concessions include, but are not limited to freight allowance, extended warranty, extended price guarantees, free installation and bonus goods.

Discount, as used in this solicitation, means a reduction to catalog prices (published or unpublished). Discounts include, but are not limited to, rebates, quantity discounts, purchase option credits, and any other terms or conditions (other than concessions) which reduce the amount of money a customer ultimately pays for goods or services ordered or received. Any net price lower than the list price is considered a "discount" by the percentage difference from the list price to the net price.

- (b) For each Special Item Number (SIN) included in an offer, the Offeror shall provide the information outlined in paragraph (c). Offerors may provide a single response covering more than one SIN, if the information disclosed is the same for all products under each SIN. - (c) Provide information described below for each SIN:
- (1) One copy of the offeror's current published (dated or otherwise identified) commercial descriptive catalogs and/or price list(s) from which discounts are offered. If special catalogs or price lists are printed for the purpose of this offer, such descriptive catalogs or price lists shall include a statement indicating the special catalog or price list represent a verbatim extract from the Offeror's commercial catalog and/or price list and identify the descriptive catalog and/or price list from which the information has been extracted.
 - (2) Next to each offered item in the commercial catalog and/or price list, the Offeror shall write the special item number (SIN) under which the item is being offered. Unless a special catalog or price list is submitted, all other items shall be marked "excluded," lined out, and initialed by the offeror.
 - (3) The discount(s) offered under this solicitation. The description of discounts offered shall include all discounts, such as prompt payment discounts, quantity/dollar volume discounts (indicate whether models/products can be combined within the SIN or whether SINs can be combined to earn discounts), blanket purchase agreement discounts, or purchase option credits. If the terms of sale appearing in the commercial

catalogs or price list on which an offer is based are in conflict with the terms of this solicitation, the latter shall govern.

- (4) A description of concessions offered under this solicitation which are not granted to other customers. Such concessions may include, but are not limited to, an extended warranty, a return/exchange goods policy, or enhanced or additional services.
- (5) If the Offeror is a dealer/reseller or the Offeror will use dealers to perform any aspect of contract awarded under this solicitation, describe the functions, if any, that the dealer/reseller will perform.

When deciding whether to exercise the option, the Contracting Officer will consider the quality of the Contractor's past performance under this contract in accordance with 48 CFR 517.207.

552.219-71 NOTICE TO OFFERORS OF SUBCONTRACTING PLAN REQUIREMENTS (JUN 2005) (VARIATION)

Veterans Affairs (VA) is committed to assuring that maximum practicable opportunity is provided to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns to participate in the performance of this contract consistent with its efficient performance. VA expects any subcontracting plan submitted pursuant to FAR 52.219—9, Small Business Subcontracting Plan, to reflect this commitment. Consequently, an offeror, other than a small business concern, before being awarded a contract exceeding \$650,000 (\$1,500,000 for construction), must demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors in the performance of this contract.

552.219-72 PREPARATION, SUBMISSION, AND NEGOTIATION OF SUBCONTRACTING PLANS (JUN 2005) (VARIATION)

- (a) An offeror, other than a small business concern, submitting an offer that exceeds \$650,000 (\$1,500,000 for construction) shall submit a subcontracting plan with its initial offer. The subcontracting plan will be negotiated concurrently with price and any required technical and management proposals, unless the offeror submits a previously-approved commercial plan.
- (b) Maximum practicable utilization of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors is a matter of national interest with both social and economic benefits. Veterans Affairs (VA) expects that an offeror's subcontracting plan will reflect a commitment

to assuring that small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns are provided the maximum practicable opportunity, consistent with efficient contract performance, to participate as subcontractors in the performance of the resulting contract. An offeror submitting a commercial plan can reflect this commitment through subcontracting opportunities it provides that relate to the offeror's production generally; i.e., for both its commercial and Government business.

- (c) VA believes that this potential contract provides significant opportunities for the use of small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns as subcontractors. Consequently, in addressing the eleven elements described at FAR 52.219-9(d) of the clause in this contract entitled Small Business Subcontracting Plan, the offeror shall:
 - (1) Demonstrate that its subcontracting plan represents a creative and innovative program for involving small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns in performing the contract.
 - (2) Include a description of the offeror's subcontracting strategies used in any previous contracts, significant achievements, and how this plan will build upon those earlier achievements.
 - (3) Demonstrate through its plan that it understands the small business subcontracting program's objectives and VA's expectations, and it is committed to taking those actions necessary to meet these goals or objectives.
- (d) In determining the acceptability of any subcontracting plan, the Contracting Officer will take each of the following actions:
 - (1) Review the plan to verify that the offeror demonstrates an understanding of the small business subcontracting program's objectives and GSA's expectations with respect to the program and has included all the information, goals, and assurances required by FAR 52.219-9.
 - (2) Consider previous goals and achievements of contractors in the same industry.
 - (3) Consider information and potential sources obtained from agencies administering national and local preference programs and other advocacy groups in evaluating whether the goals stated in the plan adequately reflect the anticipated potential for subcontracting to small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns.
 - (4) Review the offeror's description of its strategies, historical performance and significant achievements in placing subcontracts for the same or similar products or services with small, HUBZone small, small disadvantaged, women-owned, veteran-owned, and service-disabled veteran owned small business concerns. The offeror's description can apply to commercial as well as previous Government contracts.
- (e) Failure to submit an acceptable subcontracting plan and/or correct deficiencies in a plan within the time specified by the Contracting Officer shall make the offeror ineligible for award.

852.219-71 VA MENTOR-PROTÉGÉ PROGRAM (DEC 2009)

(a) Large businesses are encouraged to participate in the VA Mentor-Protégé Program for the purpose of providing developmental assistance to eligible service-disabled veteran-owned small businesses and veteran-owned small businesses to enhance the small businesses' capabilities and increase their participation as VA prime contractors and as subcontractors.

(b) The program consists of:

- (1) Mentor firms, which are contractors capable of providing developmental assistance;
- (2) Protégé firms, which are service-disabled veteran-owned small business concerns or veteran-owned small business concerns; and
- (3) Mentor-Protégé Agreements approved by the VA Office of Small and Disadvantaged Business Utilization.

(c) Mentor participation in the program means providing business developmental assistance to aid protégés in developing the requisite expertise to effectively compete for and successfully perform VA prime contracts and subcontracts.

(d) Large business prime contractors serving as mentors in the VA Mentor-Protégé Program are eligible for an incentive for subcontracting plan credit. VA will recognize the costs incurred by a mentor firm in providing assistance to a protégé firm and apply those costs for purposes of determining whether the mentor firm attains its subcontracting plan participation goals under a VA contract. The amount of credit given to a mentor firm for these protégé developmental assistance costs shall be calculated on a dollar-for-dollar basis and reported by the large business prime contractor via the Electronic Subcontracting Reporting System (eSRS).

(e) Contractors interested in participating in the program are encouraged to contact the VA Office of Small and Disadvantaged Business Utilization for more information.

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR [Part 25](#). For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American Act. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

- (h) *Certification Regarding Responsibility Matters (Executive Order 12689).* (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) o Are, o are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) o Have, o have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal,

state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

- (3) o Are, o are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and
- (4) o Have, o have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

- (A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
- (B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

- (A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
- (C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
- (D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).
