

Statement of Work
534-16-3-6578-0092
Date: 5/31/16

1. GENERAL

1.1 PURPOSE: The purpose of this contract is to have the contractor furnish Audioscan Verifit2 to the New Savannah CBOC audiology department room (soundbooth 1 and soundbooth 2)

2. PERIOD OF PERFORMANCE:

The period of performance will cover from purchase to completion of installation.

3. STATEMENT OF NEED:

The Audioscan is made up of quality fitting systems that introduce speech measurements, directional testing, and many other innovations. This system integrates seamlessly into workflow and workspace and is full of complimentary data management.

Currently there are no Verifits installed in the new Savannah CBOC.

These are networkable devices. We should be able to download audiogram information from NOAH into the Verifit device – and be able to download fitting information from verifit equipment back into the NOHA database that is residing on a centralized remote server.

4. SPECIFIC TASKS:

Vendor is required to deliver and install items requested in purchasing package. Delivery is audiology clinic room (sound booth 1 sound booth 2) at the Savannah CBOC.

Contractor is responsible to ensure delivery of goods and services as noted in procurement package and contact site representative when equipment has arrived for installation. Site coordinators/requestor of equipment will give instructions that are pertinent to the location of their clinic.

Vendor (with site coordinator/requestor) is to ensure proper delivery/installation of items for that location are properly installed and accounted for with the coordinator to ensure receipt of all items for proper invoicing.

SITE COORDINATORS: TBD

5. DESIGNATION OF CONTRACTING OFFICER'S TECHNICAL REPRESENTATIVE (COR):

A VA Medical Center representative of the Contracting Officer shall be designated to represent the Contracting Officer in furnishing technical guidance and advice regarding the work being performed under this request. The foregoing is not to be construed as authorization to interpret or furnish advice or information to the contractor relative to the financial or legal aspects of the task order. Enforcement of these segments is vested and is the sole responsibility of the Contracting Officer.
