1	8011199	1	<p><b>DRX1</b></p> <p><b>CARESTREAM DRX-1 System</b>            Capture digital radiography images using your conventional x-ray equipment and procedures. Converting to DR workflow and productivity is fast, easy, and cost-effective with the CARESTREAM DRX-1 System. This innovative system features the first wireless cassette-sized DR detector worldwide, which simply slides into your table or wall-stand Bucky, or can be used for tabletop projections, just like a conventional cassette.</p> <p>After exposure, this 35 x 43 cm detector can wirelessly transmit digital images to the DRX-1 capture console for immediate viewing and manipulation. From the console, images can be quickly forwarded to a printer, PACS, archive, and other network destinations. The light weight of the detector (8.5 lbs/3.9 kg) and wireless operation provide convenient handling and unprecedented DR positioning flexibility.</p> <p>Suitable for many general projection radiography imaging applications, the CARESTREAM DRX-1 System is designed to be compatible with x-ray systems that use ISO 4090-compliant 35 x 43 cm x-ray cassettes. There is</p>
