Enhanced-Use Leases are long-term leases (up to 75 years) of facilities under VA's jurisdiction of control to the public or private sector. This program is administrated by VA's Office of Asset Enterprise Management (OAEM).

OAEM follows instructions and guidance issued by the Office of Management and Budget (OMB), and other agency instruction and guidance containing specific capital asset performance metrics. This PWS focuses on building #8 on the Memphis VA Medical Center Campus located at 1101 Poplar Avenue, Memphis, TN. A NEPA was completed and a FONSI obtained in 2012. VA submitted a letter consulting with SHPO in August 2015 and again in February 2016. SHPO found adverse effect. In June 2016, the developer submitted a comprehensive package to SHPO and again adverse effect was found. This PWS focuses on Identifying, minimizing and mitigating adverse effects on historic property. Establishing the undertaking, identifying and evaluating the historic property, assessing effects to historic properties, and resolving any adverse effects. Consult with the SHPO; THPO; appropriate state, local, and tribal officials; Indian tribes; NHOs; applicants; and any other consulting parties in identifying historic properties, assessing effects, and resolving adverse effects, and provide for public involvement. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. (i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

Such a concern is "not dominant in its field of operation" when it does not exercise a controlling or major influence on a national basis in a kind of business activity in which a number of business concerns are primarily

The small business size standard corresponding to this NAICS code can be found at <http://www.sba.gov/content/table-small-business-size-standards>.

(d) The small business size standard for a Contractor providing a product which it does not manufacture itself, for a contract other than a construction or service contract, is 500 employees.

The Contractor shall notify the contracting office in writing within the timeframes specified in paragraph (b) of this clause that the data have been validated or updated, and provide the date of the validation or update.

(f) If the Contractor represented that it was other than a small business concern prior to award of this contract, the Contractor may, but is not required to, take the actions required by paragraphs (e) or (g) of this clause.

(g) If the Contractor does not have representations and certifications in SAM, or does not have a representation in SAM for the NAICS code applicable to this contract, the Contractor is required to complete the following rerepresentation and submit it to the contracting office, along with the contract number and the date on which the rerepresentation was completed:

### D.1 52.212-1 INSTRUCTIONS TO OFFERORS—COMMERCIAL ITEMS (APR 2014)

(a) *North American Industry Classification System (NAICS) code and small business size standard.* The NAICS code and small business size standard for this acquisition appear in Block 10 of the solicitation cover sheet (SF 1449). However, the small business size standard for a concern which submits an offer in its own name, but which proposes to furnish an item which it did not itself manufacture, is 500 employees.

(b) *Submission of offers.* Submit signed and dated offers to the office specified in this solicitation at or before the exact time specified in this solicitation. Offers may be submitted on the SF 1449, letterhead stationery, or as otherwise specified in the solicitation. As a minimum, offers must show—

- (1) The solicitation number;
  - (2) The time specified in the solicitation for receipt of offers;
  - (3) The name, address, and telephone number of the offeror;
  - (4) A technical description of the items being offered in sufficient detail to evaluate compliance with the requirements in the solicitation. This may include product literature, or other documents, if necessary;
  - (5) Terms of any express warranty;
  - (6) Price and any discount terms;
  - (7) "Remit to" address, if different than mailing address;
  - (8) A completed copy of the representations and certifications at FAR 52.212-3 (see FAR 52.212-3(b) for those representations and certifications that the offeror shall complete electronically);
  - (9) Acknowledgment of Solicitation Amendments;
  - (10) Past performance information, when included as an evaluation factor, to include recent and relevant contracts for the same or similar items and other references (including contract numbers, points of contact with telephone numbers and other relevant information); and
  - (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.
- (c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.
- (d) *Product samples.* When required by the solicitation, product samples shall be submitted at or prior to the time specified for receipt of offers. Unless otherwise specified in this solicitation, these samples shall be submitted at no expense to the Government, and returned at the sender's request and expense, unless they are destroyed during preaward testing.

(e) *Multiple offers.* Offerors are encouraged to submit multiple offers presenting alternative terms and conditions or commercial items for satisfying the requirements of this solicitation. Each offer submitted will be evaluated separately.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct

discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

Volume I b	Past Performance [no more than 10 pages]
Volume II	Solicitation/RFQ with completed Schedules of Prices and associated tables; completed fill-ins in Contract Administration Data; Representations, Certifications, and Other Statements of Offerors [no page limit]

#### B. Personnel - Qualifications and Experience

- (1) The quotation must identify and provide résumés on all proposed key personnel (that is, all personnel other than clerical personnel) and must identify the status of those personnel at the time of the quotation. To identify status the quotation must clearly state whether each proposed person is currently a full time or part time employee of the firm or someone who has agreed to join the firm if the quotation is selected for award. Résumés of all personnel who are not currently employees must be accompanied by a signed and notarized statement that the person has agreed to the use of his or her resume in the quotation package. Additionally, the quotation must identify the working location (address) to which each proposed person would be assigned. If the intent is for any personnel to work from home (full time or part time) this must be identified and discussed. (If the firm has multiple divisions and locations, limit the description and documentation to only the division(s) and location(s) proposed to do the work).
- (2) Documentation submitted with the quotation must clearly demonstrate:

#### Note: Overall Factor Rating for Technical Approach

During evaluation, VA intends to give credit for exceeding the minimum requirements, as explained in the table below:

Rating	Equivalence	Definition
Blue	Outstanding	The factor clearly meets and consistently exceeds the Government's stated requirements in all areas in a manner beneficial to the Government. The information provided suggests a very low risk of less than satisfactory performance on the part of the offeror.
Green	Excellent	The factor meets the Government's stated requirements in all areas, and in some areas the offeror exceeds the Government's stated requirements in a manner beneficial to the Government. The information provided suggests a low risk of less than satisfactory performance on the part of the offeror.
Yellow	Good	The factor meets the Government's stated requirements in all areas. The information provided suggests a moderate risk of less than satisfactory performance on the part of the offeror.
Red	Poor	The factor fails to meet at least one of the Government's stated requirements. The information provided suggests a very substantial risk of less than satisfactory on part of the offeror.

## 2. PAST PERFORMANCE

The Offeror will be evaluated on their past performance. Offeror shall submit three references for recent (from the past three years) and relevant experience (i.e., experience in providing the services as described by the Performance Work Statement contained in the solicitation and services that are similar in scope). For Past Performance, the information used shall consist of reference data provided by the Offeror in their

proposal submission, information in both Government and commercial database and other information available as VA determines is reasonable.

### **3. BLANK**

### **4. PRICE**

Information must be detailed enough to clearly document that the proposed mix of labor categories, the labor category rates, and the discounted rates offered are accurate, realistic, complete, and consistent with the proposed technical volume and with the requirements of the PWS. Documentation shall also explain any description of any assumption of terms and conditions, as well as a specific description of any pricing and technical assumptions that the response is predicated on.

Quotations which are unrealistic in terms of technical commitment or unrealistically low in price will be deemed to show an inherent lack of technical competence or failure to comprehend the complexity and risk of the contract requirements. This may be grounds for the rejection of the quotation. The Government may reject any quotation that is unreasonable or materially unbalanced as to prices. An unbalanced quotation is one that incorporates prices significantly less than cost for some items and/or prices that are significantly overstated for other items.

### **CONTRACT AWARD**

This will be a single best value award. This Contract award shall be made to the responsible Quoter whose offer, in conforming to this RFQ, is most advantageous to the Government, price and other factors considered. The Government reserves the right to award without discussions.
