Chapter VI: Other Than Full and Open Competition (OFOC) SOP
Attachment 2: Request for Limited Sources Justification Format >\$150K

This was an Emergency request for Philips telemetry system. Originally Logistics was trying to purchase the telemetry system thru Prime Vendor Medical Supply System but this avenue was unsuccessful because GSA and Philips were unable to come to an agreement. As a result this became an urgent need because the Anesthesia operating room (O.R.) suites renovation project were complete and in need of telemetry equipment to begin performing lifesaving procedures such as coronary bypass/heart valve. Therefore, delay in award could potentially result in serious injury to Veterans who need these critical procedures. This contract action was made in accordance with FAR 5.202(a)(2), using simplified acquisition procedures, under unusual and compelling urgency which precludes competition to the maximum extent practicable because delay in providing this vital treatment to Veterans would cause serious injury to the Government.

(5) DESCRIBE WHY YOU BELIEVE THE ORDER REPRESENTS THE BEST VALUE CONSISTENT WITH FAR 8.4 TO AID THE CONTRACTING OFFICER IN MAKING THIS BEST VALUE DETERMINATION:

The required telemetry system with all components is covered under mandatory NAC Federal Supply Schedule contract V797P-4232B which expires 30 November 2016. Therefore, IAW FAR 8.404(d) the estimated cost of \$281,131.25 under contract is deemed fair and reasonable and represents the best value.

(6) DESCRIBE THE MARKET RESEARCH CONDUCTED AMONG SCHEDULE HOLDERS AND THE RESULTS OR A STATEMENT OF THE REASON MARKET RESEARCH WAS NOT CONDUCTED:

Market research results: The Janz Corporation is a Service Disabled Veteran Owned Business under SIN A-50A Vital Sign Monitors and is an authorized small business distributor for Philips Healthcare. The telemetry system is covered under mandatory NAC schedule V797P-4232B. Due to the unusual and compelling need to have this equipment no additional market research was performed.

(7) ANY OTHER FACTS SUPPORTING THE JUSTIFICATION: None

(8) A STATEMENT OF THE ACTIONS, IF ANY, THE AGENCY MAY TAKE TO REMOVE OR OVERCOME ANY BARRIERS THAT LED TO THE RESTRICTED CONSIDERATION BEFORE ANY SUBSEQUENT ACQUISITION FOR THE SUPPLIES OR SERVICES IS MADE:

Due to the emergent nature of this order there is very little than can be done to overcome barriers to competition at this time. Future non-exigent requirements will employ competitive procedures.
