

QUESTIONS AND ANSWERS REVERSE OSMOSIS SOLICITATION VA248-16-Q-1407

- 1) The SOW talks about labor and materials. Does materials mean all parts to repair the equipment? YES
- 2) Is salt included in the SOW? YES
- 3) Is filling the units with salt included in the SOW? YES
- 4) Will DI exchanges be included in the SOW? YES

- 5) It is our understanding for the site visit that some rooms in lake Nona have numerous pieces of equipment from both Culligan and Ameriwater. Can you please provide us with the model numbers of the specific systems you would like us to perform preventative maintenance on for the duration of this contract? For example. In Lake Baldwin, we did receive in the SOW the model number for the Ameriwater RO system on the M-Deck(HC20157). Attachment A is posted with the requested information.
