2. Please confirm that the pricing table provided in Section D of the Solicitation, at Pages 24-25, is inclusive of ALL SERVICES (labor, material, equipment, and other direct costs) anticipated for each of the Base Year and for each of the Option Years. **See the item list in section D. That relates to the anticipated quantities per year.**

7. In the event that the quantity of services actually performed is anticipated to exceed that bid for annual services, will the Government issue a Supplemental Agreement to the contract to cover that additional work? For example, Line 1 on the Section D pricing table includes pricing for 120 New CAT6 cable drops, 2 data + 1 voice port (installed). Halfway through the performance period, the Government issues a requirement for an additional 120 drops. Will an SA for Additional Scope be issued?

**The potential contract is Firm Fixed Price. Should a modification be requested it would be subject to a within scope determination; it must be within scope of a possible contract.**
