- (11) If the offer is not submitted on the SF 1449, include a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation. Offers that fail to furnish required representations or information, or reject the terms and conditions of the solicitation may be excluded from consideration.

(c) *Period for acceptance of offers.* The offeror agrees to hold the prices in its offer firm for 30 calendar days from the date specified for receipt of offers, unless another time period is specified in an addendum to the solicitation.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards*. The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. B. Selection Process

The VA anticipates the award of a firm fixed price contract.

The Government intends to establish a contract without exchanges with contractors. Consequently, Contractors are highly encouraged to offer their best technical and pricing quote in their initial submissions. However, the Government reserves the right to discuss submissions with any or all contractors submitting a technical and price quote, if it is determined advantageous to the Government to do so. This statement is not to be construed to mean that the Government is obligated to conduct exchanges. A Contractor may be eliminated from consideration for award without further exchanges if its technical and/or pricing quote/information are not among those Contractors considered most advantageous to the Government based on a best value (lowest price technically acceptable) determination.

1. Pricing Factor and Administrative issues shall contain the following:

a. Standard Form (SF) 1449 shall be submitted fully completed. The contractor shall acknowledge all amendments to the solicitation that may be issued.

b. Price/Delivery Schedule shall be submitted fully completed and error free. It shall contain prices for the established Contract Line Item Numbers (CLINs) set forth in that section to include prices for the

c. FAR 52.212-3 Offerors Representations and Certifications (Reps & Certs), FAR 52.209-5 Certification Regarding Responsibility Matters, and FAR 52.209-7 Information Regarding Responsibility Matters.

E.4 52.212-2 EVALUATION—COMMERCIAL ITEMS (OCT 2014)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

See Addendum to FAR 52.212-2.

Technical and past performance, when combined, are See Addendum to FAR 52.212-2.

(b) *Options*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

Addendum to FAR 52.212-2 Evaluation of Commercial Items (Jan 1999)

Paragraph (a) is to be read along with this Addendum:

- a. The Government will award a contract resulting from this solicitation to the responsible contractor whose quote, conforming to the solicitation, is the lowest price technically acceptable. If a prospective contractor takes an exception to the terms and conditions of the solicitation, its quote may be excluded from consideration for award.

The following factors shall be used to evaluate the quotes and required supporting information:

FACTOR 1 Technical Capability
FACTOR 2 Past Performance
FACTOR 3 Price

FACTOR 1 – Technical Capability

Rating	Description
Acceptable	Quote clearly meets the minimum requirements of the solicitation.
Unacceptable	Quote does not clearly meet the minimum requirements of the solicitation.

A prospective contractor will be evaluated to the extent to which it provides the technical capability in the following sub-factors:

a) **Sub-Factor 1 – Certification:**

1. Contractors shall be certified by the Inter-National Electrical Testing Association (NETA) as a NETA Certified Technician (or equivalent) level 3 and/or 4 within their organization as a minimum acceptance.
2. Contractor shall have completed the Occupational Safety & Health Administration (OSHA) approved 30-hour and 10-hour construction safety training for managers and workers respectively.
3. Contractors shall have technical training, and track records of working experience in Maintenance, Inspection, Testing, of primary and secondary electrical distribution systems and its components in healthcare, industrial, educational and commercial facilities for a minimum of five (5) continuous years within its own company.
4. Contractors shall have and provide proof of safety training - either on-the-job or class-room type - in electrical safety outlined in the OSHA Standard 29 Code of Federal Regulations (CFR) 1910 Subpart S - Electrical, and the NFPA 70E - Standard for Electrical Safety in the Workplace. Training certifications shall be submitted to the VA Contracting Officer prior to work.

Contractors shall provide documentation for verification that the above requirements (factors) have been met or will be met prior to contract award.

FACTOR 2 – Past Performance

Rating	Description
Acceptable	Based on the prospective contractor's performance record, the Government has a reasonable expectation that the contractor will successfully perform the required effort, or the contractor's performance record is unknown.
Unacceptable	Based on the prospective contractor's performance record, the Government has no reasonable expectation that the contractor will be able to successfully perform the required effort.

The past performance evaluation assesses the level of expectation the Government has in a prospective contractor's ability to meet the requirements of the solicitation, based on a demonstrated record of performance. Past performance will be rated as "acceptable" or "unacceptable" in accordance with the following definitions:

In the case of a contractor without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, the contractor may not be evaluated favorably or unfavorably on past performance. Therefore, the contractor shall be determined to have unknown past performance. In the context of acceptability/unacceptability, "unknown" shall be considered "acceptable."

In conducting the past performance evaluation, the Government reserves the right to use both the information provided by the prospective contractor, and information obtained from other sources, such as the Past Performance Information Retrieval System (PPIRS) or similar systems and commercial sources.

Contractor shall provide a minimum of three and not more than five recent (within the past five years) and relevant references regarding the company's past performance. Relevant means similar in scope, magnitude of effort and complexity to the subject requirement. The Contracting Officer will evaluate past performance as either acceptable/unacceptable and may contact the references provided as necessary.

If a small business contractor receives an "Unacceptable" rating for past performance, the Contracting Officer must seek a Certificate of Competency from Small Business Administration (FAR 19.601) before making an award to that contractor.

FACTOR 3 – Price

Award will be made to the offeror that proposes the lowest price and is determined technically acceptable. As a lowest price technically acceptable acquisition, price is the discriminating factor for award among those offers that are found technically acceptable. Offers that are deemed technically unacceptable cannot be selected for award, regardless of price.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
