

# NAC-HTME

## VISN 23 Digital Radiography Systems

### Solicitation Summary

- This procurement includes a total of 26 Digital Radiography Systems units for 12 different locations all located within VISN 23.
- This equipment will be used to for general diagnostic imaging. Offerors under this proposal shall provide all equipment and accessories, installation services, training, and project management support.
- We will be having a conference call to address any questions vendors may have about this solicitation:
  - Conference call will be on *August 31, 2016* from 11am-noon (central)
  - VANTS: 800-767-1750 access code 56351#
- Please review each of the specification documents carefully – **the base unit will be the same** but some units will require additional features, functions, training, etc.
- This table represents the high-level review of unique requirements for each system:

Facility Name	Bar code reader	Wireless Detectors (14x17)	Wireless Detectors (smaller)	Stitching	Biomed training	Trade In

**Evaluation Presentations:**

Any vendors submitting proposals will be asked to present about their proposal to the VISN 23 evaluation team, consisting of clinical and technical representatives. The presentations will take place at the VISN 23 office. Time slots for each vendor will be determined once all proposals are submitted. Presentations will be 40-60 minutes (*depending on number of vendor bids*) on either Wednesday, October 19<sup>th</sup> or Thursday October 20<sup>th</sup>. The specific date/time for each vendor will be finalized with vendors upon submission of proposals. A vendor script will be provided to follow during the presentation.

**Solicitation timeline/milestones:**

<b>VISN 23 DR Room Special Solicitation Milestone</b>	<b>Date</b>
Requirements/Requests due to the NAC	8/5/2016
Pre-Solicitation Notice	8/17/2016
Post Requirements (RFQ) to FBO	8/24/2016
