B.2 Contractor Performance Assessments (CPARS)

REGISTRATION WITH CONTRACTOR PERFORMANCE ASSESSMENT REPORTING SYSTEM (CPARS)

a. As prescribed in Federal Acquisition Regulation (FAR) Part 42.1502 and 42.1503, the Department of Veterans Affairs (VA) evaluates contractor past performance on all contracts that exceed \$100,000. The FAR requires that the Contractor be provided an opportunity to comment on past performance evaluations prior to each report closing.

To fulfill this requirement VA uses an online database, Contractor Performance Assessment Reporting System (CPARS), which is maintained by the Naval Sea Logistics Center in Portsmouth, Virginia. CPARS has connectivity with the Past Performance Information Retrieval System (PPIRS) database, which is available to all Federal agencies. PPIRS is the system used to collect and retrieve performance assessment reports used in source selection determinations and completed CPARS report cards transferred to PPIRS. CPARS also includes access to the Federal Awardee Performance and Integrity Information System (FAPIS). FAPIS is a web-enabled application accessed via CPARS for contractor responsibility determination information.

b. The Contractor will have an opportunity to review their ratings/comments, under the step “Contractor Comments” in CPARS. You will be notified via email by the CPARS system to review the report and provide comments. Each contractor whose contract award is estimated to exceed \$100,000 may register with CPARS database at the following web address: www.cpars.gov in order to review the past performance evaluations. Help in registering can be obtained by contacting Customer Support Desk @ DSN: 684-1690 or COMM: 207- 438-1690. Registration should occur no later than thirty days after contract award, and must be kept current should there be any change to the Contractor's registered representative.

B.3 LIMITATIONS ON SUBCONTRACTING-- MONITORING AND COMPLIANCE (JUN 2011)

This solicitation includes VAAR 852.219-10 VA Notice of Total Service- Disabled Veteran-Owned Small Business Set-Aside. Accordingly, any contract resulting from this solicitation will include this clause. The contractor is advised in performing contract administration functions, the CO may use the services of a support contractor(s) retained by VA to assist in assessing the contractor's compliance with the limitations on subcontracting or percentage of work performance requirements specified in the clause. To that end, the support contractor(s) may require access to contractor's offices where the contractor's business records or other proprietary data are retained and to review such business records regarding the contractor's compliance with this requirement. All support contractors conducting this review on behalf of VA will be required to sign an “Information Protection and Non-Disclosure and Disclosure of Conflicts of Interest Agreement” to ensure the contractor's business records or other proprietary data reviewed or obtained in the course of assisting the CO in assessing the contractor for compliance are protected to ensure information or data is not improperly disclosed or other impropriety occurs. Furthermore, if VA determines any services the support contractor(s) will perform in assessing compliance are advisory and assistance services as defined in FAR 2.101, Definitions, the support contractor(s) must also enter into an agreement with the contractor to protect proprietary information as required by FAR 9.505-4, obtaining access to proprietary information, paragraph (b). The contractor is required to cooperate fully and make available any records as may be required to enable the CO to assess the contractor's compliance with the limitations on subcontracting or percentage of work performance requirement.

B.6 Performance Work Statement (PWS)

Outgoing Presort Mail Services, including IMb and IMpb Marking

Department of Veterans Affairs (VA)
Veterans Health Administration (VHA)
Oklahoma City VA Health Care System (OKC VAHCS)

PURPOSE

Oklahoma City VA Health Care System requires contracted daily mail services whereby the successful contractor collects outgoing mail from the VA Location for presorting and marking at the contractor's off-site facility and posting from the contractor's facility. Service requirements include mail presort services, Intelligent Mail Barcode (IMb) and Intelligent Mail Package Barcode (IMpb) markings on mail that complies with USPS presort and barcode marking requirements, and allows the VA to obtain the most cost effective postage rates on mail, while supporting the VA Mission.

This Contract will be a non-personal services contract. The Contractor shall furnish all contract oversight, management, personnel, uniforms, equipment, tools, materials, supplies, storage, licenses, insurances, off-site facilities and transportations necessary to provide services in accordance with the Performance Work Statement (PWS). The Contractor, its employees, agents and subcontractors shall not be considered VA employees for any purpose of fulfilling the PWS and shall be considered employees of the Contractor.

All contract services will be performed at the following location and during the periods of performance:

Location: refer to Delivery Schedule

Period of Performance (PoP): refer to Price/Cost Schedule

BACKGROUND

Outgoing presort mail services and USPS IMpb marking, in general, at Oklahoma City VA Health Care System, has been performed by contractors. Details of the former contract, VA25614P2440, can be viewed on www.fpd.gov (Federal Procurement Data System) and USAspending.gov. The OKC VAHCS currently receives services locally, which means that any mail collected daily, during Standard Business Hours and Days, can be inserted into the USPS mail stream within one day of being collected from OKC VAHCS. This is very important to the VA Mission because this timely process contributes to this facility maintaining optimum patient care standards.

The VA currently obtains various sizes of USPS trays and tubs from the USPS. All outgoing VA letters and flats accumulate in those trays and tubs while sitting overnight in the VA mail room, pending the next collection from the Outgoing Presort Mail contractor. Rolling carts for parcels is easier to account for due to the volume of parcels. Ideally, the successful contractor will also provide contractor-owned empty rolling carts to the VA prior to commencement of the contract services for use in a rotating basis for accumulating parcels between Outgoing Presort Mail collections. However, this is simply a preferred method and the VA is open to alternative methods provided by the successful contractor as long as they satisfy the purpose of the PWS, the Desired Outcomes, with no risk of loss, damage or suffering to the VA.

Intelligent Mail Package Barcode (IMpb) is a standard required by USPS and includes routing information in the barcode which allows the USPS to use automated equipment to sort and track packages as they travel through our network to the post offices that will make final delivery at the respective destinations. IMpb is required to obtain Commercial Base and Commercial Plus pricing rates.

USPS Compliance: The Mailing Standards of the United States Postal Service are outlined in the Domestic Mail Manual (DMM). It is incumbent upon the contractor to remain proficient with regards to the most current USPS requirements and standards as they pertain to the services in this PWS.

“Mail”, for the purpose of this contract, consists of letters (“letter”), First Class flats (“flats”), and parcels (also referred to as “packages”).

Historical Daily* Quantities have been as follows, with collections occurring 5 days per week*:

- Letters: maximum 3,900 (including flats)
- Parcels: maximum 200
- Historical daily* collections have averaged approximately:
 - two flat letter cartons,
 - six large letter cartons, and
 - two rolling tubs

(*annually, excluding Federal Holidays per OPM)

Historical Special Mailings: These occur at various times in the year which could increase the quantities resulting in the need for additional service coverage for collections which may impact transportation, labor and storage, to name a few. For example, special mailings have historically occurred in October and September each year with increased quantities ranging between 5,000 to 10,000 letters in September and 50,000 to 55,000 in October (in addition to the normal daily quantity).

TASKS AND REQUIREMENTS

OKC VAHCS actively serves over 65,000 Veterans in central Oklahoma and north Texas. Patient and business communications include an average of 9,000 letters (“letter”), 1,600 First Class flats (“flats”), and 500 parcels (“parcels”) per week. Letters and flats are of dimensions as identified in the USPS regulations. Small parcels include packages of varying sizes and weight, but typically less than 5 pounds per mail item. Approximately 95% of the mail items to be processed under this contract are for Oklahoma-based locations. The remaining 5% is mixed mail. OKC VAHCS will sort mail into bins or tubs containing letters, flats, and parcels. Each Piece of mail will be in sealed envelopes or mailing containers.

The Contractor will never become involved with the content of the mail and must never access internal contents of mail processed as part of the services in this PWS. (Refer to 18 U.S. Code § 1708).

Contractor must ensure each Requirement and each Desired Outcome listed in this PWS is satisfied and that Constraints are honored and respected. If the contractor has any conflicts or challenges with these they should consult the COR or CO.

All presort mail shall be processed and sprayed with a barcode representing the “Zip+4” zip code and presorted before being released to the US Post Office per Requirement no.4., of the Tasks and Requirement of this PWS. The bar-coded “Zip+4” zip code is to be correct for the street, city and state address. The contractor must ensure the final bar-coded and presorted mail product complies with the latest USPS requirements and standards.

<https://ribbs.usps.gov/index.cfm?page=moveupdate>

Information Protection

OKC VAHCS mail contains Personally Identifiable Information (PII) that must be protected from unauthorized disclosure. Contractor site must be secure to prevent unauthorized individuals from access to the OKC VAHCS mail. All Contractor vehicles must be closed and secured during transport and when unattended mail is on board. Any lost or stolen mail must be reported in writing to the COR and CO as soon as the mail is discovered missing. The report must identify the following:

- a) Date and Time loss identified:
- b) Location of loss (address, place of business, etc.):
- c) Number of items missing:
- d) Actions taken by the Contractor to locate or recover items:

All undeliverable or mutilated mail pieces must be returned to the OKC VAHCS by the contractor upon collection of mail on the following Standard Business Day.

Medical Center Policies

Each VA Health Care System has policies that are updated from time to time. The COR can provide more detailed information to the contractor of these upon commencement of the contract and throughout the term of the contract, as needed, especially policies and constraints regarding parking, possession of weapons, cell phone use and photography as well as smoking on VA property. Violations of such policies may result in individual fines or citation answerable in the United States (Federal) District Court.

Weather Delays

The contractor shall notify the COR within two (2) hours, via phone and confirmed via facsimile or email of Contractor’s knowledge of any weather conditions with may adversely affect the Contractor’s ability to perform under the terms and conditions as stated in the specifications of this requirement. If the COR cannot be reached the contractor must make attempts to notify the CO in the same manner required herein.

Location of Contractor Service Facilities

The OKC VAHCS is situated in a geographical area that is historically prone to tornados and extreme weather that can severely disrupt VA services and other contracted services. Snow, ice, sleet, hail, storms and now earthquakes are the “norm” for this area during certain seasons. This impacts transportation in and out of Oklahoma City which can place services at risk of not being satisfied in a timely manner. It is understood USPS may also be impacted. However, inserting VA outgoing mail into the USPS mail stream in the timeframes identified in the Tasks and Requirements is one of the VA’s Desired Outcomes and every effort shall be made by the contractor to satisfy this. Anything outside of this standard may place the VA at risk of

suffering, loss or damage, because VA patients, as a minimum, rely on mail being received timely and without unnecessary delay. Ideally, the location of the contractor's service facilities will be geographically situated so that they are established to succeed in this contract. The contractor's logistical process shall make every effort to avoid the potential risk of deficient or failed services during periods of extreme weather while maintaining safety. Communication between COR, contractor's representative and the CO is crucial during these times.

CONTACT POINTS

Contractor Point of Contact (POC)

The Contractor shall specify an individual who shall serve as a single point of contact (POC) for all Contract related business. Contractor must provide the COR and Contracting Office with the POC contact details, to include phone and email, as a minimum:

Contractor shall only respond to requests for service from the COR or the CO. If service is requested from any source, other than the COR or the CO, the Contractor is to advise the individual of this requirement and refuse to respond. Any billing resulting from unauthorized service will not be paid by the government.

Authority of the COR

The Contracting Officer is the only person authorized to approve changes in any of the requirements of this contract. In the event the Contractor affects any changes at the direction of any person other than the Contracting Officer, the changes will be considered to have been made without authority and no adjustment will be made in the contract price or schedule to cover any increase in costs incurred as a result thereof. The Contracting Officer shall be the only individual authorized to accept nonconforming work, waive any requirement of the contract, and/or modify any term or condition of the contract. The Contracting Officer is the only individual who can legally obligate Government funds. No costs chargeable to the proposed contract can be incurred before receipt of a fully executed contract or specific authorization from the Contracting Officer. Oral orders may be placed by the COR directly with the Contractor's Representative, followed by written* confirmation from both parties prior to the service commencing, and only for services, quantities and periods within the scope of this PWS and Price/Cost Schedule. (*Written confirmation does not include cell phone text messages for the purpose of ordering.)

Government Alternate Points of Contact (POC) – Emergencies Only

The COR will identify Alternate Points of Contact (POC) to be used only for instances of emergencies when the COR is not easily contactable. These will be individuals in supervisory or managerial roles within the same department as the COR. The contractor will be provided this information within 5 days after contract award and within 48 hours of a change to this information. An Alternate POC does not replace the COR nor do they replace the Contracting Officer during the performance and administration of this contract, nor does it relinquish or diminish the Contractor's requirements in relation to the performance of this Contract.

The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights—

- (1) Within a reasonable time after the defect was discovered or should have been discovered; and

However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.* The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) *Excusable delays.* The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) *Unauthorized Obligations*.

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an “I agree” click box or other comparable mechanism (e.g., “click-wrap” or “browse-wrap” agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(f) Late submissions, modifications, revisions, and withdrawals of offers.

(1) Offerors are responsible for submitting offers, and any modifications, revisions, or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and—

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract award (not applicable to Invitation for Bids).* The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less

(iii) The Government will evaluate offers in accordance with the policies and procedures of FAR Part 25. For line items covered by the WTO GPA, the Government will evaluate offers of U.S.-made or designated country end products without regard to the restrictions of the Buy American statute. The Government will consider for award only offers of U.S.-made or designated country end products unless the Contracting Officer determines that there are no offers for such products or that the offers for such products are insufficient to fulfill the requirements of the solicitation.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
