AMENDMENT NO	DATE

PERFORMANCE WORK STATEMENT FOR DEPARTMENT OF VETERANS AFFAIRS (VA),
OFFICE OF ASSET ENTERPRISE MANAGEMENT (OAEM) STRATEGIC ADVISORY, EXPERT
COMPLIANCE REVIEW COMPLETION, AND ASSISTANCE SERVICES AND SUPPORT FOR THE
CAPITAL PROGRAM REQUIREMENTS MANAGEMENT PROCESS

A. GENERAL INFORMATION

1. Title of Project: Lease Program Compliance and Technical Support

2. Scope of Work: The contractor shall provide all resources necessary to accomplish the deliverables described in this Performance Work Statement (PWS). VA has a portfolio of over 1,900 operational leases, approximately 1,500 of which are direct (i.e., via GSA Delegation) leases. Each year, VA replaces, renews, or enters into hundreds of leases, in addition to the exercising of options, entering into standstill agreements, and other similar lease actions. Changes to GSA Delegation policy provides that VA must secure delegation on a project by project basis and make use of GSA's GREX delegation system to do so. This process involves the preparation of lease packages for internal VA approval, upload of various documents to GSA's GREX system (including scoring), and ultimately execution of the lease contract once delegation is received. This process must be completed in compliance with internal VA policy requirements, GSA delegation requirements, and OMB A-11 Appendix B requirements.

The contractor shall be responsible for the following: maintaining and updating (SharePoint based tracker already exists) a tracking and reporting system on leases currently in process of receiving internal approval, delegation from GSA, or execution of lease contract; review of submitted lease packages to ensure compliance with internal approval, GSA, and OMB A-11 requirements including documentation and communication of any identified deficiencies; detailed review of each lease scoring to ensure proper scoring is done and a lease qualifies as an operating lease under OMB A-11; specific documentation and training material related to the lease delegation process, best practices, and scoring of leases and application of OMB A-11 Appendix B; enhancements to the existing SharePoint based tracking tool to include improved data validation, reporting, quality control, and security; update of VA's lease scoring model (Excel™ template already exists) and associated training material; general program support including meeting minutes.

OAEM, VA's Real Property Service (RPS), VHA, and other organizations will be responsible for package creation and interaction directly with GSA's GREX system. Information on project status will come from the same sources; however, the contractor is responsible for the tracking and update of information provided by these various offices and ensuring the quality of the data in the lease tracking system. The tasks are to support VA in implementing the new requirements as a result of the GSA Delegation policy change. Tasks will not replace inherently governmental reviews of individual lease projects.

3. Background: The Department of Veterans Affairs, Office of Asset Enterprise Management (OAEM), is held accountable for meeting a number of requirements pertaining to its capital asset management. Capital Asset initiatives and the Strategic Capital Investment Planning (SCIP) process are coordinated to ensure capital investments are based on sound business practices and principles and, most importantly, meet Veterans' health care, benefits and burial needs. Laws, Presidential directives and regulations containing these requirements include:

OAEM follows instructions and guidance issued by the Office of Management and Budget and other agency instructions, directives and guidance containing specific capital asset performance metrics.

VA has as its unique mission the delivery of comprehensive assistance and benefits to the nation’s Veterans and their families. Through its Veterans Health Administration, the VA is one of the largest direct providers of health care in the world. The Department is also a major land holding agency, with an extensive and diverse portfolio of properties including over 32,000 acres of land and over 5,400 buildings at approximately 300 locations nationwide. To manage its property, VA uses all of the traditional authorities available to federal agencies. In many instances these authorities do not adequately address the needs of specific mission or developmental issues. Because of these limitations, exacerbated by on-going budgetary constraints, privatization and income-generation programs have become increasingly important to the Department.

The SCIP process includes development of Long-Range Action plans and later budget year business cases to meet existing performance gaps (space, facility condition, access, etc.) and enhance healthcare and delivery of services and benefits to the Nation’s Veterans. As part of VA’s continual improvement of its capital asset initiatives and planning management, the Office of Management (OM) and the Office of Acquisition, Logistics, and Construction (OALC) developed the Capital Program Requirements Management Process

(CPRMP) to address changes to Major Construction and Authorization Level Lease projects that have been approved through the Strategic Capital Investment Planning process. The process was approved on August 30, 2013.

4. Performance Period: The period of performance is for 12 months from date of award. Work at the government site shall not take place on Federal holidays or weekends unless directed by the Contracting Officer (CO).

5. Type of Contract: Firm Fixed Price.

6. Place of Performance: The primary place of performance will be at the contractor's facilities; however, some task orders may require work to be performed at a Government facility.

B. CONTRACT AWARD MEETING

The contractor shall not commence performance on the tasks in this PWS until the CO has conducted a kick-off meeting or has advised the contractor that a kick-off meeting is waived.

C. GENERAL REQUIREMENTS

The following general requirements apply to this contract:

1. The contractor shall identify its proposed technical approach in writing. The contractor's task order quote shall include its proposed labor categories, rates and number of hours by task, together with associated delivery dates and sub-milestone dates (if any), and proposed key personnel résumés. Résumés are not required for clerical personnel.
2. All written deliverables shall be phrased in layperson language. Statistical and other technical terminology shall not be used without providing a glossary of terms.
3. Unless otherwise specified in an individual task order, the following schedule requirements apply: Where a written milestone deliverable is required in draft form, the VA will complete its review of the draft deliverable within 12 calendar days from date of receipt, subsequent drafts will be provided as necessary until no additional edits are requested by VA. The contractor shall then have 12 calendar days to deliver the final deliverable from date of receipt of the Government's comments.
4. The contractor shall provide, via email, minutes of all Government-contractor meetings to the COR and CO. The contractor shall provide these minutes within one calendar day after completion of the meeting unless otherwise specified in an individual task order.
5. Except for proprietary information in company quotes identified and marked in accordance with FAR 52.215-1(e), the contractor shall not deliver to VA any proprietary products or information of any type in completing the requirements of each task order PWS. The contractor's internal development tools (that is, those development tools not developed for VA work and not required by VA to install, use, or revise the deliverables) are exempted from this requirement. If the contractor believes an exception to this requirement is necessary for the effective or efficient execution of a task order, the contractor shall request a specific exception, in writing, to the CO, and shall not use the proprietary tools or information in VHA work until approval is received from the CO.
6. The contractor shall ensure contract employees maintain an open and professional communication with the staff at the VA facilities. For transparency purposes, email to the CO shall not be blind carbon copied (BCC) to other Government personnel.
7. Complaints or violation validated by the COR or VA staff will be reported in writing to the CO, Office of the Inspector General (OIG), or Head of the Contracting Activity (HCA) for action. If the contractor fails to correct validated complaints raised by the COR and or CO, it will be considered a failure in performance.

8. The CO may require the contractor to meet with the CO, contract administrator, and other Government personnel at least quarterly, and as often as deemed necessary. The contractor may request a meeting with the CO when deemed necessary.

D. SPECIFIC MANDATORY TASKS AND ASSOCIATED DELIVERABLES

Description of Tasks and Associated Deliverables: The contractor shall provide the specific deliverables described below within the performance period stated in Section A.4 of this PWS.

a. Task One: PMP and Briefing.

The contractor shall provide a Project Management Plan (PMP) and briefing for the project team, which presents the contractor's plan for completing the task order. The contractor's plan shall be responsive to this PWS and describe, in further detail, the approach to be used for each aspect of the task order as defined in the technical proposal. The contractor shall keep the PMP up to date throughout the period of performance.

Deliverable One: PMP and Briefing

b. Task Two: Maintaining and updating of the tracking and reporting system for lease status.

The contractor shall maintain and update the lease tracking system by which status of all leases in the procurement pipeline can be actively tracked and reported on. The contractor is responsible for on-going tracking and reporting of all leases currently in the procurement pipeline, beginning with initial approval/request through acceptance of the space. This reporting will be done on a bi-weekly basis and updates to status may be provided as they occur; however ad-hoc requests for updates and reports may be made. In addition, the contractor will be required to perform bulk updates to the tracking system on a regular basis, including such items as loading newly approved leases from VA's budget submission or operating plan, updating delegation status/dates based on reports from GSA, and updating procurement milestone dates based on reports from eCMS. The updates are "mass-quantity" updates that will be required in addition to the individual project status updates the contractor will be performing.

Deliverable Two: Maintain and update tracking system with recurring updates and reports. This includes standard monthly reports, on-going status updates, and ad-hoc requests.

c. Task Three: Review of lease package submissions for GREX uploading, including detailed analysis of scoring for each lease.

The contractor shall review all lease packages submitted for the following:

- 1) Completeness of package – is the package complete and includes all necessary documents required by both OMB and GSA.
- 2) Internal approvals – does the package have all necessary internal approvals required.
- 3) Scoring – is the scoring completed correctly, in compliance with OMB A-11, and score as an operating lease.
- 4) Quality – are the documents included in the package consistent, represent a clear understanding of the requirement, and are supported by necessary data.

For each submission, contractor shall document in scorecard type format the items noted above, including specific comments related to any issues or concerns noted during the review. It is estimated that there would be between 300-400 lease actions that would submit packages on an annual basis, with some leases requiring resubmission reviews. A maximum of **650** reviews are anticipated, including both original and re-submissions. Each review should be completed within 2 business days of receipt. In rare instances, some review requests may be expedited to the same day.

Deliverable Three: Completed review templates for each lease package submitted.

d. Task Four: Lease process training and documentation support

The contractor shall provide training content on the lease review and delegation process. This includes training on internal VA approval processes as well as GSA delegation process. Training will be end user focused and include best practices, templates, guidance, examples, and other supporting documents related to the delegation process. Contractor will support training to be provided by OAEM. The contractor will participate in the training and provide assistance on detailed aspects of the process, when requested.

Deliverable Four: Lease process training and documentation

e. Task Five: Lease Tracking System Enhancements

Contractor shall make enhancements to the existing SharePoint based tracking systems. Enhancements include fully leveraging SharePoint to provide improved data management, reporting, security, data validation, workflow, alerts, and other features available in SharePoint 2010. Contractor shall develop, test, and implement changes upon approval by VA. Existing tracker functionally and data cannot be lost and must be maintained with any enhancements.

Deliverable Five: Enhanced Lease Tracking System

e. Task Six: General program support and status reporting

Contractor shall convene status meetings bi-monthly, including meeting minutes. Status reports should be created outlining the status of each deliverable in this task order, including number of packages reviewed, number and type of issues found, and general summary of the leases in process. Note: Detailed reporting and tracking of each individual lease is covered under Task 2.

Deliverable Six: Bi-monthly status meetings, reports, and meeting minutes.

f. Task Seven: Updates to VA's Lease Scoring Template

Contractor shall update VA's Excel based lease scoring template to incorporate revised data sets and updates to methodology as needed. There are three primary data sets that will need to be included in the model as they are released: 1) GSA Location Factors, 2) OMB Discount Rates, and 3) RS Means data. Each of these data sets should be incorporated once available and new versions of the template produced (3 updates in total). With each update, any necessary documentation or training material should also be updated to reflect the latest information. This task does NOT include completing scoring for specific leases, only updates to the model/template itself.

Deliverable Seven: Updated lease scoring model and documentation

Performance Standards and Methods as specified in each task. Past performance will be documented in accordance to IL 001AL-10-03, dated February 22, 2010.

C.3 52.212-4 CONTRACT TERMS AND CONDITIONS—COMMERCIAL ITEMS (MAY 2015)

(a) *Inspection/Acceptance.* The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post-acceptance rights—

- (1) Within a reasonable time after the defect was discovered or should have been discovered; and
- (2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Assignment.* The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). However, when a third party makes payment (e.g., use of the Governmentwide commercial purchase card), the Contractor may not assign its rights to receive payment under this contract.

(c) *Changes.* Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

(d) *Disputes.* This contract is subject to 41 U.S.C. chapter 71, Contract Disputes. Failure of the parties to this contract to reach agreement on any request for equitable adjustment, claim, appeal or action arising under or relating to this contract shall be a dispute to be resolved in accordance with the clause at FAR 52.233-1, Disputes, which is incorporated herein by reference. The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

(e) *Definitions.* The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

(f) *Excusable delays.* The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(g) Invoice.

(x) Electronic funds transfer (EFT) banking information.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(2) Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) prompt payment regulations at 5 CFR part 1315.

(h) *Patent indemnity.* The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to

infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(i) *Payment.*—

(B) Affected contract number and delivery order number, if applicable;

(C) Affected contract line item or subline item, if applicable; and

(D) Contractor point of contact.

(ii) Provide a copy of the remittance and supporting documentation to the Contracting Officer.

(i) All amounts that become payable by the Contractor to the Government under this contract shall bear simple interest from the date due until paid unless paid within 30 days of becoming due. The interest rate shall be the interest rate established by the Secretary of the Treasury as provided in 41 U.S.C. 7109, which is applicable to the period in which the amount becomes due, as provided in (i)(6)(v) of this clause, and then at the rate applicable for each six-month period as fixed by the Secretary until the amount is paid.

(C) The Contractor requests a deferment of collection on a debt previously demanded by the Contracting Officer (see 32.607-2).

(iv) If a demand for payment was previously issued for the debt, the demand for payment included in the final decision shall identify the same due date as the original demand for payment.

(v) Amounts shall be due at the earliest of the following dates:

(A) The date fixed under this contract.

(B) The date of the first written demand for payment, including any demand for payment resulting from a default termination.

Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for cause.* The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.* Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.* The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of liability.* Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(t) *System for Award Management (SAM).*

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the SAM

database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the SAM database; (B) comply with the requirements of subpart 42.12; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide with the notification sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(4) Offerors and Contractors may obtain information on registration and annual confirmation requirements via SAM accessed through <https://www.acquisition.gov>.

(u) *Unauthorized Obligations.*

(1) Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any End User License Agreement (EULA), Terms of Service (TOS), or similar legal instrument or agreement, that includes any clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:

(i) Any such clause is unenforceable against the Government.

(ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the EULA, TOS, or similar legal instrument or agreement. If the EULA, TOS, or similar legal instrument or agreement is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.

(iii) Any such clause is deemed to be stricken from the EULA, TOS, or similar legal instrument or agreement.

(2) Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

(v) *Incorporation by reference.* The Contractor's representations and certifications, including those completed electronically via the System for Award Management (SAM), are incorporated by reference into the contract.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [] Have, [] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [] Are, [] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [] Have, [] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple awards.* The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. To identify status the quotation must clearly state whether each proposed person is currently a full time or part time employee of the firm or someone who has agreed to join the firm if the quotation is selected for award. Résumés of all personnel who are not currently employees must be accompanied by a signed and notarized statement that the person has agreed to the use of his or her resume in the quotation package.

Documentation shall also explain any description of any

assumption of terms and conditions as well as a specific description of any pricing and technical assumptions that the response is predicated on.

Proposals which are unrealistic in terms of technical commitment or unrealistically low in price/rates will be deemed to show an inherent lack of technical competence or failure to comprehend the complexity and risk of the contract requirements. This may be grounds for the rejection of the proposal. The Government may reject any proposal that is unreasonable or materially unbalanced as to prices for basic and option year quantities. (h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [] Have, [] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [] Are, [] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [] Have, [] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
