

## REQUEST FOR INFORMATION

RFI NO. 002

DATE: 10/17/16

PROJECT TITLE Phase 1A of the Los Angeles National Cemetery

CONTRACT NO. VA101-16-R-0144 PROJECT NO. 898CM2032

CONTRACTOR BVB Construction, Inc. CONTRACTING OFFICER \_\_\_\_\_

DRAWING E9 SPEC. SECTION \_\_\_\_\_

### DESCRIPTION OF REQUEST FOR INFORMATION

Single line diagram on drawing E9 detail F5 indicates that new transformer is to tie-in into (E) Air Switch 3PH, 5KV and the secondary side to tie into (N) distribution board "DP" through an (E) conduit (shown on drawing E2), however no details were provided on conduit size, conduit installation nor wire size. Please advise on the installation of the primary and secondary side conduits and wires to the (N) "T-50" 112.5kva 208Y/120V transformer.

FORMS ATTACHED: YES ☐ NO ☐

ORIGINATOR'S SIGNATURE \_\_\_\_\_ DATE \_\_\_\_\_

CONTRACTOR'S SIGNATURE \_\_\_\_\_ DATE \_\_\_\_\_

### RESPONSE

The conduits and wires from New Transformers T-50 to Air switch and panel DP are new. See attached drawing for more information.
