B.3 STATEMENT OF WORK/SPECIFICATION

U.S. DEPARTMENT OF VETERANS AFFAIRS National Cemetery Administration (NCA)

DEVELOPMENT OF AN EDUCATIONAL PROGRAM FOR NCA VETERANS LEGACY PROGRAM (VLP)

STATEMENT OF OBJECTIVES (SOO)

1. PURPOSE

The purpose of this request for proposals (RFP) submitted in response to this Statement of Objectives (SOO) is to solicit fully developed bids from universities in partnership with public schools (K-12) located within 50 miles of a national cemetery (or committed to remote work) that will engage in a program of development of research-based educational outreach materials as part of the National Cemetery Administration's (NCA) Veterans Legacy Program (VLP).

University faculty may come from a variety of disciplines in the humanities, creative arts, digital humanities or Education, e.g. history, graphic design, film production, American studies, etc. The schools and teachers with whom university faculty partner can come from a single school or multiple schools, representing any grade(s) and subject(s). The scope and depth of this partnership can vary but NCA will require a formalized expression of this partnership between the institute of higher education (IHE) and the local educational authority (LEA).

2. BACKGROUND

NCA is a federal agency within the U.S. Department of Veterans Affairs authorized to conduct educational outreach programming in support of the agency's primary mission of providing burial benefits to eligible veterans and their dependents (Title 38, U.S. Code, Chapters 23 and

24). As a result of this statutory outreach mission, NCA conducts educational programming to raise public awareness of national cemeteries and NCA's mission through sharing the stories of service and sacrifice of veterans interred in NCA cemeteries.

Currently, NCA manages 135 national cemeteries, with 4 million gravesites.

The Veterans Legacy Program was launched by NCA on Memorial Day 2016 with the goal of extending memorialization of the veterans' legacy enshrined in the national cemeteries. NCA's initial suite of products included in-print lesson plans, digital maps, and other materials written to support the educational outreach needs of two national cemeteries in the pilot program, Riverside (CA) National Cemetery and Beaufort (SC) National Cemetery (<http://www.cem.va.gov/legacy/index.asp>). NCA's goal is to eventually develop educational outreach materials for all 135 of its national cemeteries, in media and formats that reflect the latest in research, instructional technology, and best practices.

Memorial Day 2017 is the target date for a public launch of the next generation of VLP materials for schools and public outreach.

With this SOO, NCA is seeking proposals from qualified universities that will form a partnership with public school (K-12) institutions in the greater San Francisco Bay area in order to engage in a program of development of research-based media products (short-form documentary films with accompanying digital presence) and educational outreach materials as part of the National Cemetery Administration's (NCA) Veterans Legacy Program (VLP). NCA has launched VLP to promote memorialization of the nation's veterans' legacy enshrined in national cemeteries. Responses to this SOO will contribute to VLP's "Local Legacy, National Heritage" program, which seeks to create an experience of learning that builds community and commemoration of veterans' legacy, using the local national cemetery as a resource.

3. OBJECTIVE OR SCOPE OF EFFORT

Offerors are requested to submit a proposal to support the memorialization of the nation's veterans' legacy enshrined in national cemeteries in the following areas:

1. Outreach Materials:
 - A framework of at least two web-based and video outreach products based on student research, focused on Golden Gate National Cemetery and San Francisco National Cemetery, and other sites of memorialization in San Francisco.
2. Educational Materials:
 - A framework of at least two digital instructional materials relevant to the grade-level of K-12 students involved (e.g. lesson plans).
3. Extended Memorialization:
 - A way to present the students' research in a way that is appropriate to the disciplines of film production, public history, and Education, and

accessible to the public (specific means of hosting extended memorialization can be negotiated with NCA, e.g. site hosting)

4. PERIOD AND PLACE OF PERFORMANCE

The contract is expected to have a period of performance of eight (8) months, to begin February 1, 2017 to September 30, 2017.

5. OPERATING CONSTRAINTS

TRAVEL: The government anticipates travel to perform the tasks associated with the effort, as well as to attend program-related meetings throughout the period of performance. Travel expenses for program participants from IHE and/or LEA to a national cemetery can be included as a line item detailing those costs. The travel expenses will be included in the proposal costs.

6. PERFORMANCE OBJECTIVES/REQUIRED RESULTS

The Government intends to evaluate proposals and award a contract without discussions (except clarifications as described in FAR 15.306(a)). Therefore, the Offeror's initial proposal should contain the Offeror's best terms from a price and technical standpoint. Offerors are cautioned to submit sufficient information and in the format specified in the proposal instructions. Communication conducted to resolve minor or clerical errors would not constitute discussions and the Contracting Officer reserves the right to award a contract without the opportunity for proposal revisions.

The Offeror shall provide a proposal which demonstrates their best approach for attaining the following required results:

- A. Team: the team of contributing scholars must consist of at least two members from accredited institutions of higher education (IHEs) in the greater San Francisco Bay area, each of whom is a faculty member who holds an advanced degree in their field and has evidence of demonstrated scholarly output. The team will designate a single Point of Contact (POC).
- B. Student research products: Faculty members shall define a framework of at least two web-based and video outreach and educational products based on student-generated research. The final products must be publicly accessible examples of applied cemetery research.
- C. Instructional materials: Faculty members shall include the development of lesson plans appropriate to the schools, grades, and subjects of teachers and K-12 students in the partnership. "Lesson plan" includes a plan of instruction that reflects the state K-12 curriculum standards, e.g. Common Core State Standards, and includes all other resources, materials, and aides required for the school-based implementation of the

lesson. The lesson plan product can be multiple lessons, structured around pre- and post-visit learning.

- D. Extended memorialization: Faculty members shall define how they plan to use the student research to extend memorialization of the veterans' legacy enshrined in Golden Gate National Cemetery and San Francisco National Cemetery.
- E. Collection of program assessment data: Faculty members shall design assessment instruments for their students and the K-12 students showing how this participation in this program affected students' performance in their subject of inquiry, e.g. history, film, Education, American studies social studies, English Language Arts, art. Data should be anonymously sampled, but demonstrated to be valid and reliable.

Deliverables will be developed according to a timetable negotiated by NCA and faculty member(s) representing IHE, with final deliverables received by NCA no later than Memorial Day 2017, unless otherwise negotiated.

(a) It is in the best interest of the Government to avoid situations which might create an organizational conflict of interest or where the offeror's performance of work under the contract may provide the contractor with an unfair competitive advantage. The term "organizational conflict of interest" means that because of other activities or relationships with other persons, a person is unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the contract work is or might be otherwise impaired, or the person has an unfair competitive advantage.

(b) The offeror shall provide a statement with its offer which describes, in a concise manner, all relevant facts concerning any past, present, or currently planned interest (financial, contractual, organizational, or otherwise) or actual or potential organizational conflicts of interest relating to the services to be provided under this solicitation. (c) Based on this information and any other information solicited or obtained by the contracting officer, the contracting officer may determine that an organizational conflict of interest exists which would warrant disqualifying the contractor for award of the contract unless the organizational conflict of interest can be mitigated to the contracting officer's satisfaction by negotiating terms and conditions of the contract to that effect. If the conflict of interest cannot be mitigated and if the contracting officer finds that it is in the best interest of the United States to award the contract, the contracting officer shall request a waiver in accordance with FAR 9.503 and 48 CFR 809.503.

(d) Nondisclosure or misrepresentation of actual or potential organizational conflicts of interest at the time of the offer, or arising as a result of a modification to the contract, may result in the termination of the contract at no expense to the Government.

(1) ☐ Are, ☐ are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) ☐ Have, ☐ have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,500 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).*
