

Ceiling mounted 360 degree motion detector

Control pad

B108, IRM Server Room

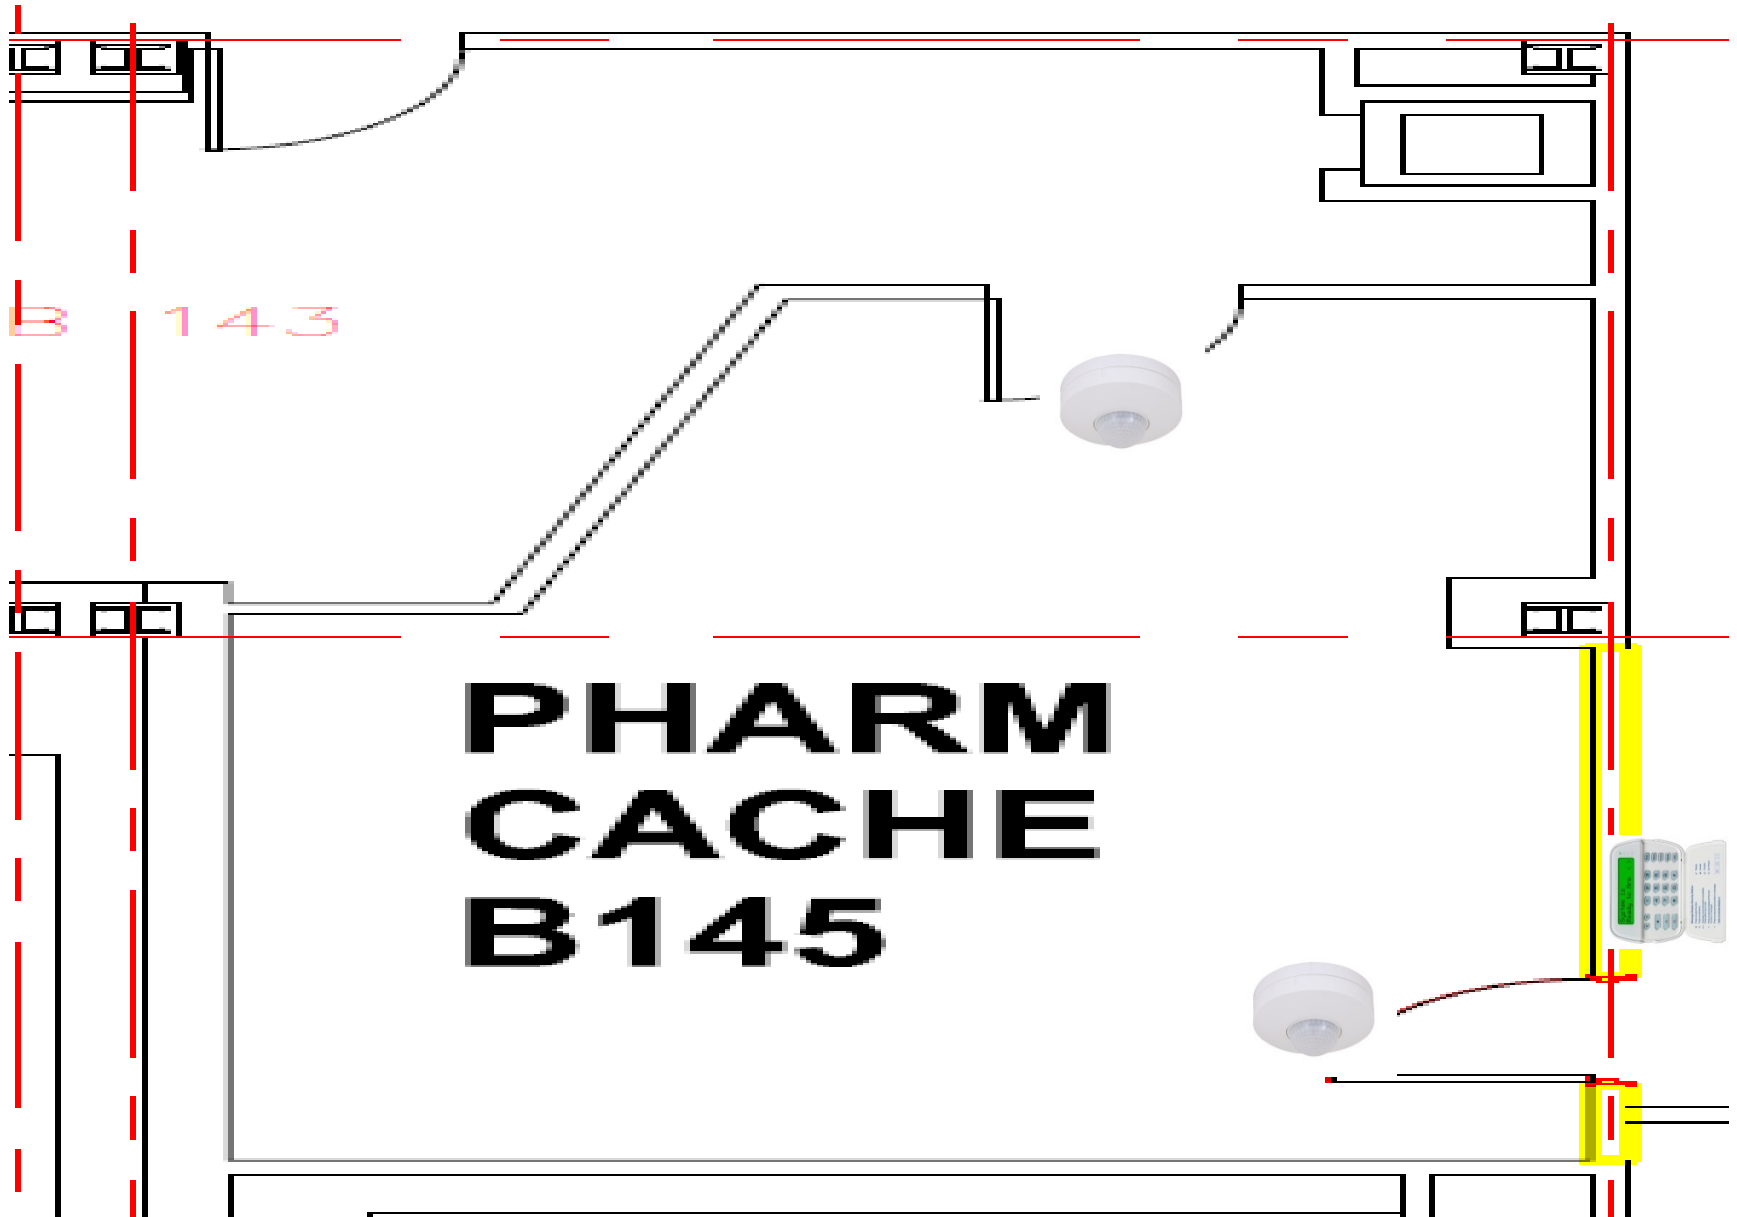

A detailed floor plan of a room, likely a control room or a specialized office. The plan includes several labeled areas and equipment:

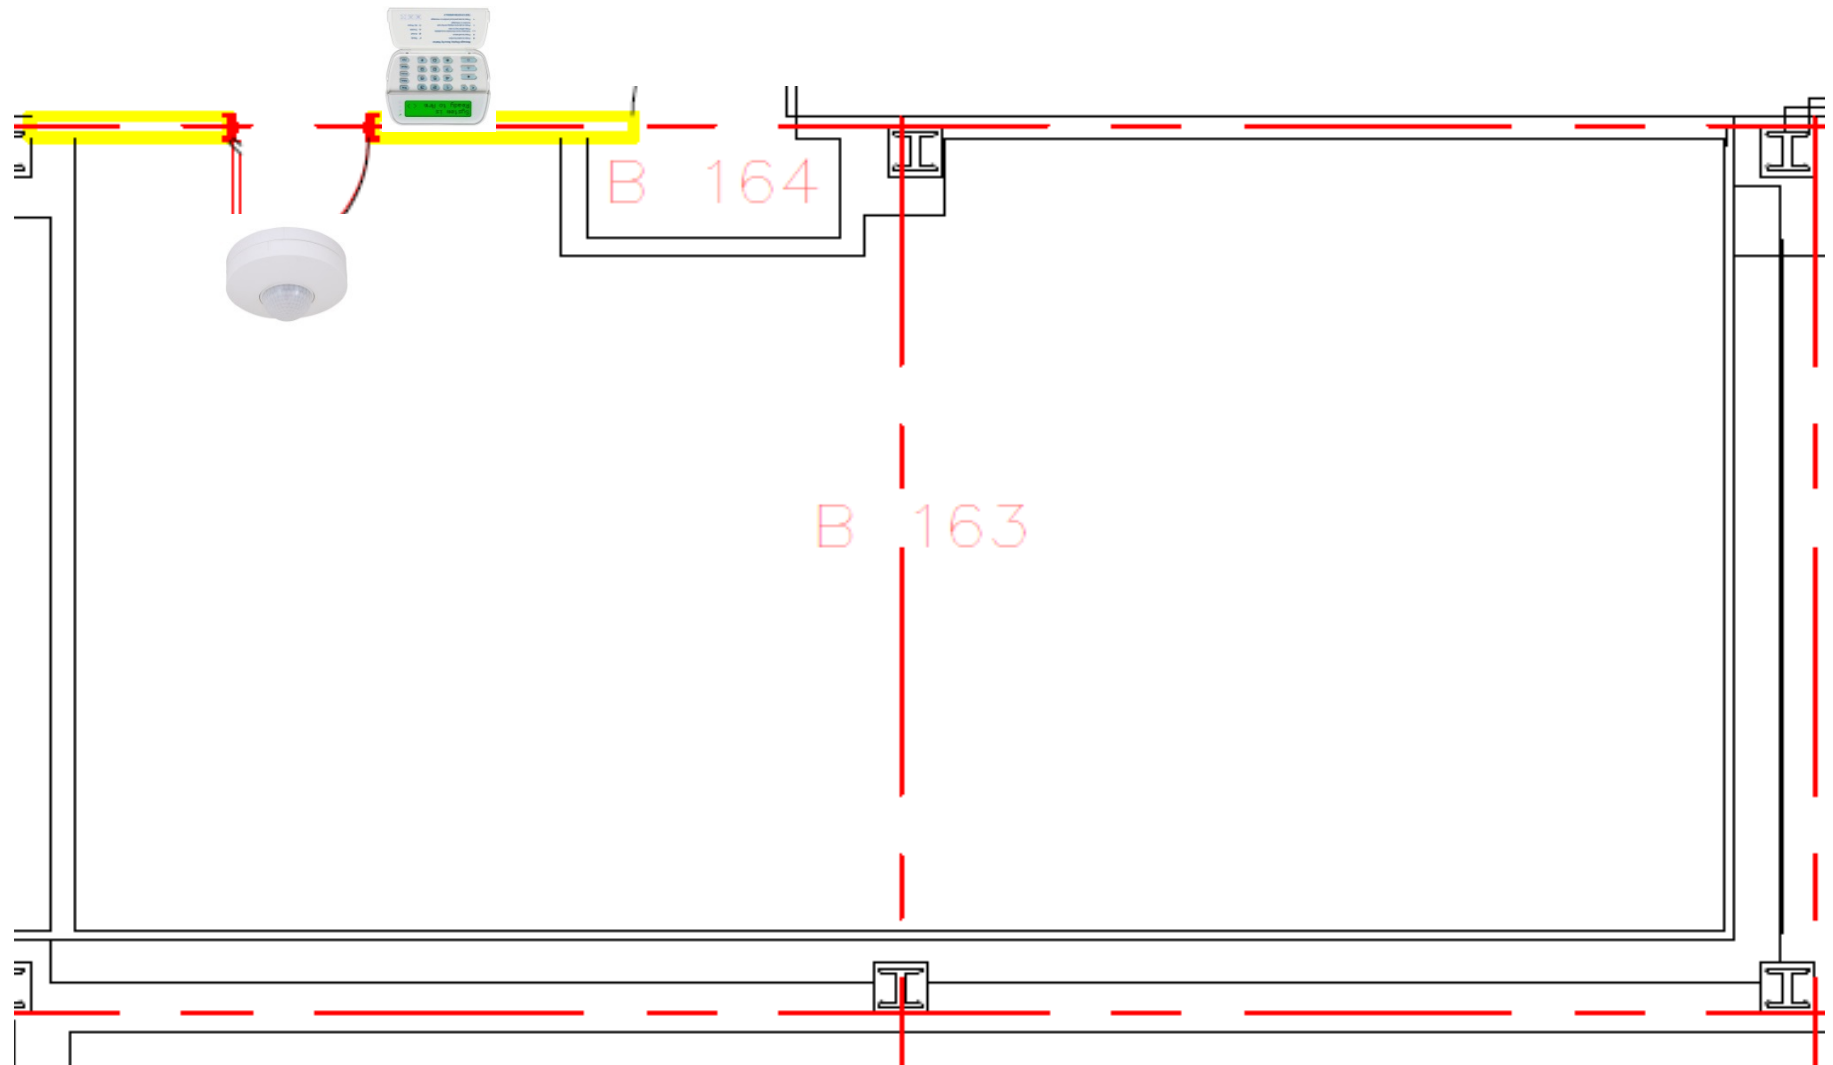

- 4D**: Located in the top-left corner, near a window.
- 4E**: Located in the bottom-left corner, near a staircase.
- B 123**: Located in the center-left area, near a yellow vertical line.
- 4B**: Located in the center-right area, near a yellow vertical line.
- 4C**: Located in the top-right corner, near a window.
- DRAIN WELL**: Located in the bottom-right corner, near a window.

The room features a yellow vertical line running through the center, a yellow horizontal line at the top, and a yellow rectangular area in the center. There are two circular objects (possibly cameras or sensors) on the walls. The plan also shows a staircase in the bottom-left corner and various doorways and windows.
